1. Description of the Plan

The following description of the BBJ Linen 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of BBJ Rentals, Inc. (the "Company") who are not covered by a collective bargaining agreement, who have completed ninety days of service and are age 21 or older. The Plan was amended effective February 1, 2017 to no longer exclude leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the BBJ Linen 401(k) Plan Committee (the "Committee") that serves at the discretion of the Company's Board of Directors. The Committee is responsible for all matters, including, but not limited to, determining eligibility, rights to benefits, interpreting Plan documents, and directing the Plan's trustee.

Contributions

Each year, participants generally may contribute a minimum of 1% up to 15% of their pre-tax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan provides for discretionary Company matching contributions based on the amount of compensation that a participant contributes to the Plan. For the years ended December 31, 2018 and 2017, the Company matched 25% up to 4% of eligible compensation that a participant contributed to the Plan.

The Company may also make annual discretionary profit-sharing contributions. These contributions, if made, are allocated according to the ratio of each participant's eligible compensation to the total eligible compensation paid to all participants for the Plan year. Participants who were terminated during the Plan year must have worked a minimum of 500 hours during the Plan year in order to receive an allocation of any such discretionary Company profit-sharing contributions unless terminated due to death, disability, after normal retirement age or after early retirement age, as defined in the Plan document. No discretionary profit-sharing contributions were made for the Plan years ended December 31, 2018 and 2017.

Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participants may direct all their contributions among one or more funds offered in the Plan document. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Participants' Accounts

Each participant's account is credited with the participant's contributions, any discretionary Company matching contributions, as well as allocations of (a) any discretionary profit-sharing contributions and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the rate of prime plus 1%. Interest rates on outstanding loans ranged from 4.25% to 5.50% at December 31, 2018. Principal and interest are paid ratably through payroll deductions over a term not exceeding five years, or a longer repayment term if the loan is used for the purchase of a primary residence.

Payment of Benefits

Upon termination of service due to retirement, death, disability, termination of employment, or attainment of age 59 1/2, the participant will generally receive the value of their vested interest in his or her account in the form of a lump-sum amount. If the participant's vested interest in the Plan is less than $1,000, a mandatory lump-sum distribution is paid to the participant upon termination of service with the Company. The Plan also includes an automatic rollover provision for terminated participants with vested balances of less than $5,000. Such participants may elect to take a lump-sum distribution as soon as practicable following their termination of employment or the Plan sponsor will automatically roll over the distribution to an individual retirement account on the participant's behalf. Withdrawals from the Plan may also be made upon circumstances of financial hardship in accordance with provisions specified in the Plan document.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. Participants vest in Company contributions 50% after two years of service and 100% after three years of service.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts were immaterial to the Plan. Forfeitures of non-vested Company contributions may be used to reduce future Company contributions or to pay administrative expenses.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding increase in distributions. The Plan distributed the excess contributions to the applicable participants in the subsequent Plan year.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to requested distributions and the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

Subsequent events have been evaluated by management through October 12, 2019, the date these financial statements were available to be issued. No material subsequent events have occurred through that date that required recognition in the financial statements.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") Topic 820, *"Fair Value Measurements and Disclosures"*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Shares of Registered Investment Companies - Valued at the daily closing prices as reported by the fund. Registered investment companies held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Money market fund - Money market funds are valued using amortized cost which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of

different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies, measured at fair value	$ 2,668,929	$ -	$ -	$ 2,668,929
Money market fund	78,419	-	-	78,419
Total Investments	$ 2,747,348	$ -	$ -	$ 2,747,348

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies, measured at fair value	$ 2,682,885	$ -	$ -	$ 2,682,885

Total Investments	$ 2,682,885	$ 67,100	$ -	$ 2,749,985

4. Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2018 and 2017, and for the year ended December 31, 2018. Accordingly, the Plan's custodian, Charles Schwab Bank ("Schwab"), has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Investments and notes receivable from participants, as shown in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017.

b. Investment (loss) income and interest income on notes receivable from participants, as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

c. Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2018.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information provided by the custodian to the related information included in the financial statements and supplemental schedule.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

6. Related-Party and Party-In-Interest Transactions

Certain Plan investments are managed by Schwab, the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative and trustee services to the Plan. These employees are not compensated by the Plan for their services.

Charles Schwab Bank ("Schwab") receives revenue from certain investment funds for services Schwab provides to the shareholders of the funds. This revenue is used to offset certain amounts owed to Schwab for its services to the Plan. On a quarterly basis, the Plan receives an amount which is deposited into the Plan's trust account, and may be used to offset administrative expenses owed to Schwab. Income resulting from this arrangement is included with interest and dividend income on the Statements of Changes in Net Assets Available for Benefits.

7. Tax Status

The Plan adopted a volume submitter plan from Watkins Ross & Company which received an opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014 stating that the Plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
