MG, LLC
401(K) SAVINGS PLAN
Notes to Financial Statements
December 31, 2018 and 2017

NOTE 1 - Description of Plan

The following description of the MG, LLC 401(K) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document, as amended, for a more complete description of the Plan's provisions.

- A. **General** - The Plan is a defined contribution plan with an I.R.C. Sec 401(k) provision covering all employees of the Company who meet the eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan including monitoring of investment performance and determining appropriate investment offerings.
- B. **Eligibility Requirements** - Each employee who is not a non-resident alien, covered by a collective bargaining agreement, or considered an intern or seasonal employee is eligible to participate in the Plan when they have completed sixty days of service and attained the age of twenty-one.
- C. **Employee Contributions** - Eligible employees may make a voluntary tax deferred contribution of 1% to 100% of their pre tax annual compensation to the Plan to a maximum of \$18,500 and \$18,000, which is the maximum dollar limit set by law for the years ended December 31, 2018 and 2017, respectively.

Participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up contributions." For the years ending December 31, 2018 and 2017, the maximum catch-up contributions were \$6,000.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

- D. **Employer Contributions** - The employer may make a discretionary matching contribution of the participants' elective deferral. For the years ending December 31, 2018 and 2017, the employer elected not to make matching contributions. Additional profit sharing amounts may be contributed at the option of the Company's Board of Trustees. For the years ending December 31, 2018 and 2017, the employer elected not to make profit sharing contributions.
- E. **Participant Accounts** - Each participant's account is credited with the participant's contribution and allocations of the employer's contribution, plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specified participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- F. **Payment of Benefits** - A participant will receive a lump sum amount equal to the value of the individual's account upon termination of service due to death, disability, or upon attaining a Normal Retirement age or an early Retirement benefit if certain age and service requirements are met. Participants with vested balances less than \$5,000

MG, LLC
401(K) SAVINGS PLAN
Notes to Financial Statements
December 31, 2018 and 2017

NOTE 1 - Description of Plan (Continued)

- F. Payment of Benefits (Continued) - will receive a lump sum payment as soon as administratively feasible following termination of employment. If total vested benefits exceed \$5,000, no distribution is made from the Plan without consent.
- G. Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Participants become fully (100%) vested in the employer contribution upon the occurrence of death and total or permanent disability.

Other than as stated above, employer contributions vest based upon the following:

<u>Years of Service</u>	<u>Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

A year of vesting service is a vesting service period in which an employee has at least 1,000 hours of service, and is based on the plan year.

- H. Income Tax Status - The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

- I. Forfeited Accounts - Any participant who terminates employment without being fully vested (100%) in their employer contribution account forfeits their unvested portion of the employer contribution. At December 31, 2018 and 2017 the balance in forfeited nonvested accounts was \$8,876 and \$21,014, respectively. These accounts are used to reduce future employer contributions or offset Plan expenses. During 2018 and 2017, Plan expenses were reduced by \$13,826 and \$2,169 from forfeited nonvested accounts, respectively.

NOTE 2 - Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are a representation of the Plan's management, who is responsible for their integrity and objectivity. The accounting policies described below conform to accounting principles generally accepted in the United States of America and have been applied consistently in the preparation of the financial statements.

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment Benefits - Benefits are recorded when paid.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 and 2017 excess contributions to the applicable participants prior to March 15, 2019 and 2018, respectively.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of participant's accounts, notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 - Summary of Significant Accounting Policies (Continued)

Reclassifications - Certain reclassifications have been made to prior year amounts to conform with current year classifications.

Subsequent Events - The Plan has evaluated subsequent events through September 20, 2019, which is the date the financial statements were available to be issued.

NOTE 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Separate Investment Accounts: Valued based on the net asset value ("NAV") of the underlying assets owned by the separate account, minus its liabilities, and then divided by the number of shares outstanding.

NOTE 3 - Fair Value Measurements (Continued)

Registered Investment Companies: Share values are calculated based on the observable net asset value ("NAV") of the underlying investment and are valued at the daily closing price as reported by the fund. Shares of mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

NOTE 3 - Fair Value Measurements (Continued)

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

NOTE 5 - Investment Contract with Insurance Company

During 2018 and 2017, the Plan maintained a fully benefit-responsive guaranteed investment contract with Mass Mutual Life Insurance Company. Mass Mutual Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administration expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mass Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2018 and 2017 was \$2,273,813 and \$1,825,763, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis.

Certain events limit the Plan's ability to transact at contract value with Mass Mutual Life Insurance Company. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974, or (e) premature termination of the contract. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

NOTE 7 - Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, whichever is less. Loan transactions are treated as transfers between the investment fund and the Participant Loan Fund. Loan terms range from one to five years, except for loans for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 5.25%, which are commensurate with local prevailing rates as determined by the Plan's administrator. Principal and interest is paid ratably through payroll deductions. Balances outstanding at December 31, 2018 and 2017 were \$300,201 and \$260,341, respectively.

NOTE 8 - Plan Merger

On April 2, 2018, the TruBridge, Inc. 401(k) & Profit Sharing Plan merged into the MG, LLC 401(k) Savings Plan. Prior to the merger, the plans covered eligible employees at MG, LLC and TruBridge, Inc. The transferred net assets have been recognized in the accounts of the MG, LLC 401(k) Savings Plan as of April 2, 2018, at their balances as previously carried in accounts of the TruBridge, Inc. 401(k) & Profit Sharing Plan. The changes in net assets of the combined plans are included in the accompanying statement of changes in net assets available for benefits from December 31, 2018. A summary of the transferred net assets follows:

Investments - at Fair Value	<u>\$ 880,406</u>
-----------------------------	-------------------

NOTE 9 - Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - Related Party Transactions

Certain plan investments are administered by Mass Mutual Life Insurance Company and Reliance Trust Company. Mass Mutual Life Insurance Company and Reliance Trust Company are the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management and administrative services amounted to \$133,352 and \$103,106 for the years ended December 31, 2018 and 2017, respectively.
