401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

General – The Gold Star Finance, Inc. 401 (k) Retirement Plan (the Plan) became effective as of January 1, 2008. The following description provides only general information and participants should refer to the Plan agreement for more complete information.

Effective January 1, 2015, the Plan adopted the DEFINED CONTRIBUTION PROTOTYPE PLAN AND TRUST BASIC PLAN DOCUMENT #03 and changed administrators to July Business Services. Effective December 15, 2016, the Plan changed custodians to Capital Bank and Trust Company/American Funds from Mid Atlantic Trust Company.

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Participants may direct the Custodian to invest their account balance in a large variety of mutual fund options.

Eligibility – The Plan covers employees of Gold Star Finance, Inc. (the Company).

An employee becomes eligible to participate in the Plan as of January 1 or July 1, subsequent to the employee completing one year of service and is 18 or older. An employee becomes eligible to receive employer contributions subsequent to the employee completing one year of service and is 18 or older.

Contributions – Each year participants may contribute up to the maximum allowed by the Internal Revenue Code of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a vast array of mutual funds and money market accounts as investment options for participants. The Company will make matching safe harbor contributions to the Plan as defined in the Plan Agreement. During 2018, the Plan allocated $104,721 to participants' accounts for the 2018 Safe Harbor match. When received by the Custodian, these contributions are allocated directly to the participants' accounts.

Investment Allocation – All gains, earnings, and losses are credited or debited to each individually-directed account.

Vesting – Participants can withdraw their voluntary contributions from the Plan upon termination of employment. A participant becomes 100% vested in employer contributions upon six years of continued service or upon the participant's death, disability or retirement. Participants become 20% vested upon two years and vest an additional 20% for each additional year employed.

Notes Receivable from Participants – Participants may obtain loans in amounts up to the lesser of 50% of their vested balance or $50,000 for a period not to exceed 5 years unless proceeds are used to acquire the participant's principal residence.

Forfeitures – Forfeitures arising from participants with less than fully vested interest in the Plan will be used to pay plan expenses and then used to reduce employer contributions in the plan year in which the forfeitures are determined to occur. Forfeitures totaled $0 in 2018.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Administrative Expenses – All administrative expenses, which include monthly administrative fees, distribution fees, loan application processing fees, brokerage fees, and management fees, are deducted directly from the participant's account. The Company absorbs certain other administrative expenses associated with the Plan.

Payments of Benefits – The Plan provides for three payment options associated with the distribution of benefits: 1) lump-sum, 2) transfer of benefits to another qualified retirement plan and 3) periodic installments as defined in the Plan Agreement.

In the case of death, disability, retirement, or termination of employment, benefits become payable as soon as administratively feasible. For those whose vested balances are under $5,000, a single lump-sum distribution of the entire vested account balance is mandatory. The participant may request a lump sum distribution of the entire vested balance or the participant shall receive a mandatory distribution through a direct rollover to an IRA designated by the Plan Administrator. For balances in excess of $5,000, the participant may choose a single lump sum payment, or may elect a direct rollover to another eligible plan or an IRA.

A distribution is permitted for hardships that arise due to an immediate and heavy financial need. Permitted hardships, as defined, include medical care, purchase of principal residence, payment of tuition for post-secondary education, prevention of eviction or foreclosure, funeral and burial expenses and repair or damage to the residence due to casualty losses in accordance with IRS code section 165.

Termination of the Plan – While the Company has not expressed any intent to discontinue the Plan, they may, by action of the Board of Directors, terminate the Plan. In the event the Plan is terminated, the participants become fully vested in their accounts.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America and in accordance with the Plan Agreement. A summary of significant accounting polices applied in the preparation of the accompanying financial statements follows.

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

GOLD STAR FINANCE, INC.
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments – The Plan's investments are stated at fair value as determined by quoted market prices. The Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on investments. Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits – Benefits are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Income Taxes – Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2015. The Plan's IRS Forms 5500 for 2015 to 2018are available to be subject to audit by the Internal Revenue Service.

NOTE 3 – INCOME TAX STATUS

Effective January 1, 2015, the Plan has adopted a prototype plan from July Business Services who has applied and received a determination letter dated March 31, 2014 indicating that the Prototype Non-standardized Profit-Sharing Plan with CODA is acceptable under section *401* of the Internal Revenue Code for use by the Plan.

NOTE 4 – FAIR VALUE MEASUREMENTS

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated from by observable market data by correlation or other means.

GOLD STAR FINANCE, INC.
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

If the assets or liabilities have a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018:

	Level 1	*Level 2*	*Level 3*	*Total*
Interest-bearing cash	$ 1,035	-	-	$ 1,035
Mutual funds	1,357,394	-	-	1,357,394
Investments at fair value	$ 1,358,429	-	-	$ 1,358,429

Assets at Fair Value as of December 31, 2017:

	Level 1	*Level 2*	*Level 3*	*Total*
Interest-bearing cash	$ 7,932	-	-	$ 7,932
Mutual funds	1,297,685	-	-	1,297,685
Investments at fair value	$ 1,305,617	-	-	$ 1,305,617

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were available to the Plan.

GOLD STAR FINANCE, INC.
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end. The fair values of cash and cash equivalents are stated as the amount on deposit in money market accounts or checking accounts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) included in changes in net assets available for plan benefits for the year ended December 31, 2018 are reported in net appreciation (depreciation) in fair value of investments.

All gains and losses on investments were derived from mutual funds bought, sold as well as held during the year.

NOTE 5 – INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's investments are held by Capital Bank and Truck Company, the Custodian of the Plan. Information certified as complete and accurate as of December 31, 2018 and 2017, and for the year ended December 31, 2018, by the Custodian of the Plan follows:

For the year ended December 31:		
Interest and dividend income	57,901	N/A
Net depreciation in fair value of investments	(130,695)	N/A

NOTE 6 – PARTIES-IN-INTEREST

Parties-in-interest are defined under the Department of Labor Regulations as any Fiduciary of the Plan, parties rendering services to the Plan, the employer and certain others. As such, transactions conducted by the Custodian, Administrator and auditors qualify as party-in-interest transactions.

NOTE 7 – RISK AND UNCERTAINTIES

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

NOTE 8 – NONEXEMPT TRANSACTION

The Company failed to remit participant contributions within the timeframe prescribed by the Department of Labor during the years ended December 31, 2018 and 2017. Failure to remit participant deferrals timely is a prohibited transaction under ERISA. The late remittances will be reported as a nonexempt transaction on Form 5500 until the Company has remitted an amount equal to lost earnings to the Plan.

NOTE 9 – SUBSEQUENT EVENTS

Management has reviewed and evaluated material subsequent events from the financial statement date of December 31, 2018 through the date the financial statements were available to be issued of October 8, 2019. All appropriate subsequent event disclosures, if any, have been made to the financial statements.
