TBI Employee Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the TBI Employee Profit Sharing 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit sharing plan established for the employees of TransCon Builders, Inc. (the Plan Sponsor) and their related entities (collectively, the Employers). At December 31, 2018, the related entities include Wilton Meadows Limited Partnership, Wilton Retirement Housing Limited Liability Company, Greenwich Retirement Housing Limited Liability Company, Danbury Commons L.P. and Owner's Management Company. Employees completing six months of service, as defined, and attaining the age of 21 are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Benefits: The Plan provides normal retirement, disability retirement and death benefits that are paid in a single payment.

Contributions: The Plan provides for contributions by the Employers and participants. Participant contributions are salary deferral contributions permitted under Internal Revenue Code (IRC) Section 401(k). Participants may contribute 100% of their gross compensation on a pre-tax basis subject to certain IRC limits. Employees who do not complete a salary reduction agreement form are automatically enrolled in the Plan with a 3% pre-tax deferral as of the first Plan entrance date upon meeting eligibility requirements. Participants who have attained age 50 before the end of the Plan year are eligible to contribute additional catch up contributions, as defined by the IRC. In addition, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The amount of contribution by the Employers is a discretionary amount for employees having worked at least 1,000 hours and employed on the last day of the year who are participating in the Plan. The contribution by the Employers for the 2018 and 2017 Plan years was calculated at .5% of each eligible employee's gross compensation for each Plan year. The annual contribution made by the Employers is reduced by any forfeited account balances of terminated participants.

Participants have the ability to direct both the participant and Employers' contributions into various investment options. An employee subject to a collective bargaining agreement is not eligible to share in employer contributions.

Vesting and distribution: Each participant is immediately and fully vested in all participant contributions and earnings thereon. Vesting in the remainder of the account balance is based on years of continuous service as follows:

<u>Years of service</u>	<u>Vesting</u>
Less than two	0%
Two but less than three	25%
Three but less than four	50%
Four but less than five	75%
Five or more	100%

TBI Employee Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Participants are allowed to borrow a minimum of \$1,000 and a maximum of 50% of their vested Plan account balance or \$50,000, whichever is less. All participants in the Plan that have a vested account balance of at least \$2,000 are eligible for loans. Loan terms are up to five years or up to ten years if the loan is to acquire a principal residence. The loans bear interest at rates commensurate with local prevailing rates at the time of the loan. Principal and interest is paid ratably through payroll deduction or by payments to the Plan Sponsor.

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation of the Employers' contribution and net investment earnings and losses and charged with an allocation of the Plan's administrative expenses. Employers' contributions are allocated to participant accounts as defined by the Plan. Allocations of investment earnings are based on the performance of the specific investment options selected by the participants.

Forfeited accounts: Forfeited non-vested accounts are used to reduce Employers' contributions during the year in which the forfeiture occurs. If a terminated employee, who is not fully vested, is rehired by the Employers within a five-year period after termination, any amounts previously forfeited will be credited to his or her account with vesting in such amounts resuming under the normal vesting schedule. For the years ended December 31, 2018 and 2017, forfeitures totaling \$25,200 and 11,000, respectively, were used to offset Employers' contributions. At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$6,521 and \$15,202, respectively.

Plan termination: Although it has not expressed any intent to do so, the Plan Sponsor has a right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Contributions receivable: Participant and Employers' contributions due to the Plan at year end are recorded as contributions receivable and are credited to the individual participant accounts.

Payment of benefits: Benefits to participants are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: All expenses of maintaining the Plan are paid by the Plan or the Plan Sponsor as determined by the Plan Sponsor.

Risks and uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2018 and 2017, approximately 55% and 53%, respectively, of the Plan's assets are held in three registered investment companies. As such, these are considered concentrations of credit risk.

Recently issued accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 is effective for the Plan for fiscal years beginning after December 31, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 11, 2019, the date the financial statements were available to be issued.

Note 3. Tax Status

The Plan has adopted a volume submitter plan sponsored by Fidelity Management Trust Company. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4. Information Certified and Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets.

Note 4. Information Certified and Provided by Fidelity Management Trust Company (Continued)

The following table presents the fair value of the Plan's assets as certified by Fidelity Management Trust Company:

	2018	2017
Registered investment companies	\$ 7,903,220	\$ 8,194,260
Common/collective trust fund	\$ 74,591	\$ 101,443
Notes receivable from participants	\$ 394,181	\$ 336,546

The trustee also certified to the completeness and accuracy of the following for the years ended December 31:

	2018	2017
Net (depreciation) appreciation in fair value of investments	\$ (740,413)	\$ 943,110
Interest and dividends	\$ 297,285	\$ 226,592
Interest income in notes receivable from participants	\$ 18,038	\$ 13,907

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018, and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

2018				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 7,903,220	\$ -	\$ -	\$ 7,903,220
Total assets in the fair value hierarchy	\$ 7,903,220	\$ -	\$ -	7,903,220
Investments measured at net asset value ^(a)				74,591
Investments at fair value				\$ 7,977,811
2017				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 8,194,260	\$ -	\$ -	\$ 8,194,260
Total assets in the fair value hierarchy	\$ 8,194,260	\$ -	\$ -	8,194,260
Investments measured at net asset value ^(a)				101,443
Investments at fair value				\$ 8,295,703

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. To assess the appropriate classification of assets within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of assets from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the asset and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2018 and 2017, there were no transfers in or out of Levels 1, 2, or 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient: The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018, and 2017. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require up to 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 6. Party-In-Interest Transactions

The Plan invests in a common/collective trust fund managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, this transaction qualifies as a party-in-interest transactions. The administrative fees paid to Fidelity Management Trust Company and its affiliates amounted to \$62,547 and \$54,900 for the years ended December 31, 2018 and 2017, respectively.
