EMPLOYEES' SAVINGS & INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 1 **Description of the Plan**

The following description of the G.W. Lisk Company, Inc. Employees' Savings & Investment Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Committee of G.W. Lisk Company, Inc. (the Company) is responsible for administration of the Plan. Empower Retirement (Empower) serves as the recordkeeper of the Plan. Great-West Trust Company, LLC (Great-West) is the trustee and custodian of the Plan.

Participation

The Plan is intended to qualify as a profit-sharing plan as that term is defined for purposes of Section 401(a)(27) of the Internal Revenue Code (IRC). Further, the Plan includes a cash or deferred arrangement intended to qualify under Section 401(k) of the IRC. Substantially all employees of the Company and Finger Lakes Ambulance EMS, Inc. (together the "employers") are eligible to participate after completion of 90 days of service and attainment of age 21.

Contributions

Participants may elect to contribute up to 100% of pre-tax compensation as defined in the Plan subject to certain IRC limitations. The Plan allows for Roth contributions. Participants may also contribute amounts representing distributions from other qualified Plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. The auto-enrollment deferral rate will increase by 1% on the first day of the plan year until 7% is reached. Upon eligibility, the employers contribute an additional amount, which is equal to 25% of the amount contributed by the participant, up to a maximum of $500.

Vesting

Vesting of benefits in the employers' matching contributions is determined by completed years of service, as defined. Partial vesting begins after completion of two years of service and graduates 20% annually until completion of six years of service, at which time participants become fully vested in the employers' matching contributions. Employee contributions are fully vested at all times.

Note 1 **Description of the Plan - Continued**

Participant Accounts
Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the employers' matching contribution, allocations of the Company discretionary contributions, and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000 reduced by the highest outstanding loan balance during the previous 12 months. The loans are secured by the balance in the participant's account and bear interest at 1% above Prime Rate. Loans have a term of no more than five years unless for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits
Payment of benefits generally begins upon termination of service, retirement, permanent disability or death. A participant may retire upon attainment of normal retirement age (62). A participant will receive their benefit in the form of a lump-sum payment equal to the value of his or her vested account balance. In-service withdrawals are also permitted if a participant has reached age 59½, or under other limited circumstances such as financial hardship.

If upon termination of service, a participant does not attain normal retirement age and the participant's vested account balance is greater than $5,000, the participant may elect to leave their vested account in the Plan, receive a lump-sum amount, a direct rollover to a qualified plan under Section 401 of the IRC, or a direct rollover to a qualified Individual Retirement Account (IRA) equal to the value of his or her vested account balance. If the vested account balance is more than $1,000 but less than $5,000, the balance is paid in a lump sum cash payment or transferred to an IRA. If the participant fails to make an election, the balance shall be transferred to an IRA of the Company's choice. If the vested account balance is $1,000 or less, the balance must be distributed to the participant as soon as administratively feasible.

Forfeitures
In accordance with the Plan document, forfeitures of non-vested employer contributions are used to reduce future employer contributions or to pay plan expenses. At December 31, 2018 and 2017, forfeited non-vested accounts totaled approximately $11,000 and $14,000, respectively. During the year ended December 31, 2018, employer contributions were reduced by approximately $23,000 from forfeited non-vested accounts.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 1 **Description of the Plan - Continued**

Revenue Credit Account
The Plan has a Revenue Credit Account which is a suspense account funded with excess revenue generated by the Plan. During the year ended December 31, 2018, the Plan received revenue credits of $83,695, which has been included in other income on the statement of changes in net assets available for benefits. These funds may be used to pay Plan expenses. During 2018, $83,695 of Plan expenses were paid from the Revenue Credit Account.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Subsequent Events
In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 9, 2019, the date that the financial statements were available to be issued.

Use of Estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses
The administrative expenses of the Plan are paid by the Plan or by the Company. Administrative expenses were paid by the Plan and the Company in 2018 and 2017. All operating expenses of the funds within the Plan are treated as a reduction of earnings of the funds.

Benefit Payments
Benefit payments to participants are recorded when paid.

Note 2 **Summary of Significant Accounting Policies - Continued**

Risks and Uncertainties
The Plan invests in investment instruments which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3 **Investment Valuation and Income Recognition**
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. That guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 **Investment Valuation and Income Recognition - Continued**

Following is a description of the valuation methodologies used for investments measured at fair value:

Mutual Funds: These investments are valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trusts: Valued at NAV based on the underlying assets of the trust. The NAV is used as a practical expedient to estimate fair value. The fair value of the underlying assets is obtained from information provided by the investment advisor using the audited financial statements of the common/collective trusts at year end. There are no redemption restrictions on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2018	
	Level 1	**Total**
Mutual Funds	**$ 34,853,474**	**$ 34,853,474**
Common/Collective Trusts Valued at NAV as a Practical Expedient [(a)]		**3,396,635**
Total Investments at Fair Value		**$ 38,250,109**

	Investments at Fair Value as of December 31, 2017	
	Level 1	**Total**
Mutual Funds	$ 37,795,924	$ 37,795,924
Common/Collective Trusts Valued at NAV as a Practical Expedient [(a)]		3,687,533
Total Investments at Fair Value		$ 41,483,457

[(a)] In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 3 **Investment Valuation and Income Recognition - Continued**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4 **Certified Information**

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of the following information:

- Investments and notes receivable from participants on the Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017.

- Net depreciation in fair value of investments, interest and dividend income, other income and interest income on notes receivable from participants on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

- Mutual funds, common/collective trusts and participant loans on the Schedule of Assets (Held at End of Year) as of December 31, 2018.

Note 5 **Party-in-Interest Transactions**

Certain Plan investments are shares of mutual funds and common/collective trusts managed by Putnam, a related entity of Empower. Empower is the recordkeeper of the Plan and, therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions, as defined by ERISA.

Note 6 **Federal Income Tax Status**

The Plan adopted a non-standardized form of a prototype plan sponsored by Great-West Trust Company, LLC. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Note 6 **Federal Income Tax Status - Continued**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 **Plan Termination**

Although they have not expressed any intent to do so, the employers have the right under the Plan to discontinue their contributions at any time and/or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants will become 100% vested in their accounts and the Plan Administrator shall determine the method of distribution of the participants' accounts in accordance with the provisions of the Plan.
