WING EYECARE, INC. 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2018 and 2017

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Wing Eyecare, Inc. (the “Company”) 401(k) Plan and Trust (the “Plan”) provides only general information. For a more complete description of the Plan’s provisions, refer to the agreement governing the Plan (the “Plan Agreement”).

General

The Plan is a defined contribution plan adopted effective January 1, 1997 covering eligible employees of Wing Eyecare, Inc., Wing Lab, Inc. and Visionary Marketing & Management, Inc., with Wing Eyecare, Inc. acting as fiduciary. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Enrollment in the plan is allowed on the first day the employee becomes eligible to participate. The Plan adopted a traditional Automatic Contribution Arrangement under which eligible employees are automatically enrolled with a deferral amount of 3% of compensation.

Contributions

Participants may elect to contribute a specific percentage or dollar amount of compensation, as defined in the Plan Agreement, up to the total annual deferral limit set by law. Participants may also contribute amounts representing distributions from other qualified plans. Additional matching contributions may be made at the discretion of the Company’s management. For the years ended December 31, 2018 and 2017, the employers contributed forty percent of the first six percent of base compensation that a participant contributes to the Plan. Participants direct the investment of all contributions among various investment options offered by the Plan. Additional profit sharing amounts may be contributed at the discretion of the board of directors of the employers.

Participant Accounts

Participants’ accounts are valued on a daily basis based on quoted market prices. Each account is credited with the employer’s contributions and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service on an evenly graduated scale. A participant is 100% vested after six years of credited service.

Investment Options

Upon enrollment in the Plan, participants may direct contributions among investment choices offered by the Plan. Participants may change their investment options on any business day. There are no non-participant-directed investments in the Plan. All investments are allocated based upon the participants' elections.

Participant Loans

The Plan permits participants to borrow from their fund accounts up to the maximum established by IRS regulations, generally \$50,000 or 50% of their vested account balance, whichever is less. Loans are secured by the balance in the participant's account and bear interest at one percentage point over the prime interest rate. Principal and interest is paid ratably through payroll deductions over a period not exceeding five years, unless the loan is for purchase of a principal residence, in which case repayment may be extended to a period commensurate with commercial lenders.

Benefits

Distribution benefits are generally payable in the form of either a lump sum amount equal to the value of the participant's vested account balance, or as partial withdrawals according to current laws concerning required distributions. Distributions are allowable in the event of retirement, disability, death, qualified reservist leave, or other employment severance.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. Forfeited funds may be used by the plan sponsor to pay Plan administrative expenses or reduce future Company contributions. Unallocated forfeiture balances were \$0 as of December 31, 2018 and 2017, respectively. In 2018, \$6,698 in forfeiture balances were used to reduce employer match contributions. In 2017, \$15,770 in forfeiture balances were used to reduce employer match contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for a discussion of fair value measurements.

The net appreciation or depreciation in the fair value of investments is reflected in the Statements of Changes in Net Assets Available for Benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Acquisition costs are included in the cost of investments purchased, and sales are recorded net of selling expenses.

Fully Benefit Responsive Investment Contract

The MetLife Stable Value Option is a stable value fund that is a non-tradable obligation of MetLife. Thus, the fund cannot or will not assign or sell the contract or its proceeds to another party without the consent of MetLife. This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. All deposits are credited with the same interest rate on a daily basis and with no set maturity. For deposit liabilities with no defined maturities, the fair value to be disclosed is the amount payable on demand at the reporting date. Accordingly, the contract value is also the fair market value to be disclosed.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Market conditions may result in a high degree of volatility and increase the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

Plan Administration Costs

The Company absorbs significant costs of Plan administration related to legal, accounting, audit, recordkeeping, and general administration. Investment advisory fees and other expenses related to the administration of the Plan are paid either by the Plan, the Company, or the participants.

Payment of Benefits

Benefits are recorded when paid.

Accounting for Participant Loans

Participant loans are classified as notes receivable for GAAP purposes and measured at the unpaid principal plus accrued but unpaid interest, when such interest is material.

NOTE 3 – INVESTMENTS

The Plan's investments (including interest, dividends, and gains and losses on investments bought and sold, as well as held during the year) decreased in value by \$382,398 during 2018 and increased in value by \$881,379 during 2017.

NOTE 4 – RECORDKEEPING AND CUSTODIAN AGREEMENTS

Record keeping and trustee services were performed by ADP Retirement Services and Reliance Trust Company with State Street Bank & Trust Company as custodian.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company Fees and commissions paid by the Plan Sponsor to ADP Retirement services for investment management services totaled \$3,342 during 2018 and \$1,880 during 2017. Fees and commissions paid from Plan assets totaled \$23,494 during 2018 and \$10,247 during 2017. In addition, the Company provides certain accounting and administrative services to the Plan for which no fees are charged.

NOTE 6 – PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – TAX STATUS

Effective May 1, 2017, the Plan has adopted a standardized form of a prototype plan offered by ADP Retirement Services, who has represented that the prototype plan qualifies under Section 401(a) of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself. However, the Plan administrator believes the Plan was designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan's tax returns are subject to examination by Federal authorities for a period of three years after the filing deadlines of those returns. The tax returns for the years 2015 to 2018 remain open to examination.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The amounts reported as net assets available for benefits and benefits paid to participants per the financial statements at December 31, 2018 are equal to amounts reported on Schedule H of Form 5500. There are no amounts allocated to withdrawing participants recorded on the financial statements that were not included on Schedule H of Form 5500 for benefit claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date.

NOTE 9 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan has certified as to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2018 and 2017, Notes 3 and 10, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018 and 2017. Accordingly, as permitted under this election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information, except for comparing such information to the information included in the Plan's financial statements and supplemental schedule.

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by the trustee.

NOTE 10 – FAIR VALUE MEASUREMENTS

SFAS 157 establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level I measurements) and the lowest priority to unobservable inputs (level III measurements). The three levels of the fair value hierarchy under SFAS 157 are described as follows:

- Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level II Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market funds and equity securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

NOTE 10 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at estimated fair value as of December 31, 2018.

	<u>Level I</u>	<u>Level II</u>	<u>Level III</u>	<u>Total</u>

NOTE 11 – SUBSEQUENT EVENTS

Management reviews events and transactions occurring subsequent to the date of the financial statements for matters requiring potential recognition or disclosure in the financial statements. The Company has evaluated subsequent events through September 26, 2019, the date the financial statements were available to be issued, and nothing requiring additional disclosure was required with the exception of the event described below.

Subsequent to December 31, 2018, as a result of the sale of the Company's business, the decision was made by the plan administrators to terminate the Plan. Contributions ceased effective September 1, 2019 and the termination of the Plan is effective October 31, 2019. As a result, the assets of the plan will be disbursed and the plan will cease to exist going forward. Participants may elect to take a rollover into a qualified employer plan, a rollover to an IRA account, or a cash lump sum less applicable tax withholdings.
