Providence Healthcare Management, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2018

1. Description of the Plan

PHCM 401(k) Savings Plan (the "Plan") was established on January 1, 2017, was amended and restated most recently effective March 11, 2019, to among other provisions, include all eligible non-union employees that are employed at Providence Healthcare Management, Inc. (the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Each year, participants may elect to defer a portion of their compensation to the Plan subject to an annual maximum amount pursuant to the applicable code section of the Internal Revenue Code limited to the maximum amount allowed by the law, which is \$18,500 for 2018. During 2018, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to an additional \$6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offer by the Plan.

The Company will make a matching contribution equal to 10% of an employee's contributions up to the first 3%. The Company had a matching contribution of \$12,153 which was owed to the Plan as of December 31, 2018. The Company may also elect to make a discretionary profit sharing contribution without regard to accumulated net profits of the employer. There were no profit sharing contributions in 2018.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Funding Policy - The Company's funding policy is to make the contributions to the Plan as soon as administratively feasible.

Vesting - Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the employer matching and profit sharing contribution is based on a five-year graded vesting schedule. Participants become vested in Employers' matching contributions and profit sharing contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than a year	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable for Participants: Participants are not permitted to borrow from their fund accounts.

Hardship Withdrawals – A participant can take hardship withdrawals for Immediate and Heavy Financial Need, as defined in the Plan document. A participant's hardship withdrawal will preclude the participant from making additional employee before-tax contributions to the Plan for a six-month period after the hardship withdrawal. Participant before-tax contributions and matching contributions can be withdrawn after attainment of age 59 ½.

Payment of Benefits - Upon termination of employment, including disability, a participant (or the participant's beneficiary) will receive a lump-sum distribution (vested balance less than \$5,000) or have the option of installment payments (vested balance greater than \$5,000).

Administrative Expenses – Certain expenses to maintain the Plan are paid by the plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Forfeitures - At December 31, 2018 and 2017, forfeited non-vested accounts total \$224 and \$0 respectively. These accounts will be used to reduce future discretionary employer contributions and administrative expenses of the Plan. Forfeitures used to pay administrative fees in 2018 were \$0.

2. Summary of Accounting Policies

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America as applied to defined contribution plans and in accordance with the terms of the trust agreement.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contracts and their related activity on a contract value basis (see Note 5).

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and. Actual results may differ from those estimates.

Providence Healthcare Management, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2018

Investment Valuation and Income Recognition - Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

Payments of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

3. Information Prepared and Certified by Custodian

The Transamerica Life Insurance Company ("Transamerica"), custodian of the Plan, held the Plan's investment assets and executed transactions therein as of and for the years ended December 31, 2018 and 2017. The following is a summary of the Plan's financial information certified by Transamerica as complete and accurate in accordance with section 2520.103-8 of the Department of Labor's rules and regulations for reporting and disclosure under ERISA. Also, the information included in the supplementary schedule, Schedule of Assets (Held at End of Year) was certified by Transamerica.

Changes in net assets not audited include the following:

Net depreciation in fair value of investments	\$ (65,647)
Interest	130
	<u>\$ (65,517)</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Investments and Fair Value Measurements

The Plan applies FASB ASC 820, *Fair Value Measurement* ("ASC 820"). FASB ASC 820 provides a framework for measuring fair value and the disclosures about fair value measurements of assets and liabilities. That framework provides a fair value hierarchy that prioritizes the inputs to valuation

Providence Healthcare Management, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2018

techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows: ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 and 2017.

*Registered Investment
Companies:*

Valued at the daily closing price as reported by the fund. Registered investment companies (mutual funds) held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Investments at Fair Value	\$ 604,914	\$ -	\$ -	\$ 604,914

5. Fully Benefit-Responsive Investment Contracts

The Plan has a traditional fully-benefit-responsive guaranteed investment contract with Transamerica totaling \$28,206 in 2018 and \$6,973 in 2017. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The interest rate is based on a formula established by the contract issuer but may not be less than 0%. The interest rate is reset every quarter as determined by Transamerica. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value under ASU 2015-12. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature

Providence Healthcare Management, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2018

termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

6. Party-In-Interest Transactions

Certain plan investments are pooled separate accounts or guaranteed accounts of Transamerica, which is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services amounted to \$6,215 for the year ended December 31, 2018, included in administrative expenses. The Plan Sponsor pays directly any other fees related to the plan's operations.

7. Plan Termination

The Plan has no termination date and it is the Company's current intention to continue the Plan indefinitely. However, the Company may terminate, amend, modify or suspend the Plan at any time subject to the provisions of ERISA. In the event of a plan termination, participants would become fully vested in the balance of their accounts and the plan assets would be distributed in accordance with the terms of the Plan.

8. Tax Status of the Plan

The Internal Revenue Service (IRS) has issued an opinion letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed to comply with the applicable requirements of the IRC and ERISA, and is intended to be operated in compliance with such requirements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Reconciliation of Financial Statements to Form 5500

Net investment gain (loss) from stable value option according to Schedule H of Form 5500	<u>\$ -</u>	<u>\$ 31</u>

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan was not covered by the required ERISA bond for the year ended December 31, 2018 and 2017.

11. Subsequent Events

Subsequent events have been evaluated through October 2, 2019, the date which the financial statements were available to be issued.
