Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 3*, which was certified or provided by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's assets and executes transactions. NOTE 1 – DESCRIPTION OF PLAN

The following description of the Walsh Gallegos 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan, which covers eligible employees of Walsh Gallegos Trevino Russo & Kyle P.C. (Sponsor) who are at least 21 years old. Employees who have attained one year and 1,000 hours of service are eligible to receive matching and employer contributions. There are no minimum service requirements in order to make salary deferrals and receive safe harbor employer contributions. Eligible employees are permitted to enroll in the Plan on the following dates: January 1, April 1, and October 1. The Plan was established effective September 1, 1985 and is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions – Employees may elect to contribute up to 90% of annual compensation, as defined in the Plan, through payroll deductions. An employee's contribution cannot exceed the annual dollar limitation set forth by Internal Revenue Code (IRC) Section 402(g). Participants may also contribute amounts representing distributions from other qualified retirement plans or an IRA. Participants who are age 50 or older may also make additional "catch-up" salary deferral contributions that are in addition to any limits that are imposed by the Plan and federal law. Overall, catch-up contributions plus salary deferral contributions to the Plan may not exceed 100% of a participant's compensation for that year. Such contributions are recorded by the Plan in the period in which the Sponsor makes applicable payroll deductions.

The Sponsor may elect to make annual discretionary contributions to the Plan based upon the eligibility requirements. The contributions may be determined as a uniform percentage of compensation, or as a uniform dollar amount.

The Sponsor may also decide to make a special discretionary contribution called a qualified nonelective contribution (QNEC). QNECs would be made to eligible participants who are nonhighly compensated employees, as determined under the Plan. Any QNECs to the Plan will be allocated to eligible participants beginning with participants with the lowest compensation for the year.

The Plan is designed to qualify as a "Safe Harbor 401(k) Plan". As a safe harbor 401(k) Plan a contribution will be provided for those participants who satisfy the eligibility requirements applicable to safe harbor employer contributions equal to 3% of participant compensation.

Participant Accounts – Each participant's account is credited with the participant's contributions, the Sponsor's contributions, and net earnings of the participant's individual account. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in all employee contributions, safe harbor contributions, QNECs, and actual earnings thereon. Vesting in discretionary employer contributions is based on each employee's length of service. A participant is 100% vested after six years of credited service.

Forfeitures – When participants separate from service, any amounts that are not vested will be forfeited. For any Plan year, forfeitures occurring under the Plan may be used to reduce employer contributions to the Plan or to pay Plan expenses. Forfeited nonvested accounts totaled $997 and $3,605 at December 31, 2018 and 2017, respectively. Forfeitures of $16,035 were used to reduce employer contributions for 2018.

Notes Receivable From Participants – Participants are permitted to borrow from their fund accounts a minimum of $500 up to a maximum of $50,000, or 50% of their vested account balance, whichever is less. Loans are repaid through regular payroll deductions over a period not to exceed five years, or a maximum of 20 years for home loans. The loans are secured by the balance in the participant's account and loans issued bear interest at prime plus 2% per year.

Payment of Benefits – Participants who terminate employment at normal retirement age (age 65 or 5th anniversary joining the Plan, if later), disability, or death, are entitled to receive 100% of the amounts in their Plan accounts as of the day benefits are paid. If a participant terminates employment for any other reason before normal retirement age, the participant is entitled to 100% of their account's vested balance. Upon separation from service, death, or disability, Plan benefits will be paid in the form of a lump sum. If the amount of the payout is more than $1,000 and the participant has not reached normal retirement age, died, or consented to distribution, the payment will be deferred to the earliest date administratively feasible following attainment of normal retirement age, death, or consent to distribution.

Administrative Expenses – The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid by the Sponsor. Expenses relating to specific participant transactions (i.e. loan setup, distribution request, etc) are charged directly against the appropriate participant's account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See *Note 4* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivables From Participants – Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Subsequent Events – Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events were evaluated through October 11, 2019, which is the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2018, and for the year then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the plan administrator. The plan administrator has obtained a certification from the trustee that information provided to the plan administrator by the trustee related to the following assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information, which appears throughout the financial statements and supplemental schedule, related to the following assets:

	2018
Investments at fair value	$ 26,291,043
Cash reserve	$ 997
Notes receivable from participants	$ 377,683

The trustee of the Plan also certified to the completeness and accuracy of $1,956,312 of net depreciation in fair value of investments and $20,891 of interest related to the aforementioned assets for 2018.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

The Plan holds investments in participation units held in pooled separate accounts through sub-accounts of an insurance company at December 31, 2018 and 2017. The underlying securities in pooled separate accounts, except for the stable value fund, are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value (NAV) as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company denotes readily determinable fair value. These pooled separate accounts are classified in level 1 in the fair value hierarchy.

Included in pooled separate accounts, is a stable value fund which represents participation units of a collective investment trust. The stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2018 and 2017:

	2018			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	**$ 24,782,578**	**$ -**	**$ -**	**$ 24,782,578**
Total	**$ 24,782,578**	**$ -**	**$ -**	**24,782,578**
Collective investment trust measured at NAV as a practical expedient (a)				**1,508,465**
Total investments at fair value				**$ 26,291,043**

	2017			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 25,774,181	$ -	$ -	$ 25,774,181
Total	$ 25,774,181	$ -	$ -	25,774,181
Collective investment trust measured at NAV as a practical expedient (a)				1,438,998
Total investments at fair value				$ 27,213,179

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2018 and 2017, respectively:

	2018			
	Fair Value	Unfunded	Redemption	Redemption
Stable Value CCT	**$ 1,508,465**	**$ -**	**Daily**	**12 months**

	2017			
	Fair Value	Unfunded	Redemption	Redemption
Stable Value CCT	$ 1,438,998	$ -	Daily	12 months

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTERST TRANSACTIONS

Investments – Certain Plan investments are units of separate investment accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping and administrative services amounted to $59,302 for 2018.

Administration – Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Sponsor.

NOTE 6 – PLAN TERMINATION

Although the Sponsor has not expressed any intent to terminate the Plan, it may do so at any time subject to the provisions of ERISA. If the Plan were terminated, contributions would cease, participants would become 100% vested, and money in the accounts would be distributed to the participants.

NOTE 7 – INCOME TAX STATUS

Walsh Gallegos 401(k) Plan is a volume submitter profit sharing plan of NOVA 401(k) Associates. The volume submitter profit sharing plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was acceptable under section 401 of the IRC for use by the employer for the benefits of its employees. The Plan was amended and restated as of December 8, 2015. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2015.

NOTE 8 - RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017 to Form 5500:

	2018	2017
Net assets available for benefits per the financial statements	**$ 26,675,226**	$ 27,628,092
Less: employer's contributions receivable	**(5,503)**	(343)
Net assets available for benefits per Schedule H of Form 5500	**$ 26,669,723**	$ 27,627,749

The following is a reconciliation of changes in net assets available for benefits per the financial statements at December 31, 2018 to the Form 5500:

Changes in net assets available for benefits per the financial statements	$ (952,866)
Change in employer's contributions receivable	(5,503)
Changes in net assets available for benefits per the Form 5500	$ (958,369)

NOTE 9 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
