Big "I" MEP 401(k) Plan

Notes to Financial Statements December 31, 2018

Note 1 - Description of Plan

The following description of the Big "I" MEP 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, multiple-employer plan operated by Big "I" Retirement Services LLC (the "Plan Administrator") and covered participating employers which have adopted the Plan (collectively referred to as the "Participating Employers"). The Plan covers employees of each Participating Employer as defined in the individual adoption agreements. The Plan Administrator is responsible for oversight of the Plan. Big "I" Advisory Resources LLC ("BIAR"), an affiliate of the Plan Administrator, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator. Each Participating Employer may modify the provisions of the Plan for its own employees based on their individual adoption agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute between 1% and 100% of their pre-tax annual compensation or after-tax basis, or a combination of the two, as defined by the Plan, not to exceed the annual maximum deferral amount and annual additions amount as set forth by the Internal Revenue Code ("IRC"), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Participating Employers may make contributions to the Plan in the form of matching contributions or discretionary profit sharing contributions. The matching contributions are determined annually by the Participating Employers, and may vary for each of the Participating Employers within the Plan. The employer contributions made to the Plan were \$2,948,911 for the year ended December 31, 2018. As of December 31, 2018 and 2017, employer contributions receivable were \$854,012 and \$601,138, respectively.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and the Participating Employers' matching contributions, as well as allocations of the Participating Employers' profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Participating Employers have the option of paying these expenses directly. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their participant contributions plus actual earnings thereon. Vesting in the Participating Employers' contribution portion of their accounts is based on years of continuous service and the individual adoption agreements of each Participating Employer.

Big "I" MEP 401(k) Plan

Notes to Financial Statements December 31, 2018

Forfeitures

At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$69,951 and \$29,564, respectively. The accounts are allocated to Participating Employers and can be used to first pay Plan expenses, and then reduce the Participating Employers' contributions to the Plan at each of Participating Employer's discretion. During 2018, forfeitures in the amount of \$2,388 and \$347 were used to pay plan expenses and reduce Participating Employer contributions, respectively.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate interest, which are commensurate with local prevailing rates as determined by the Participating Employers. A participant may only have two loans outstanding at any time. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon termination of employment, retirement, disability, or death, a participant may elect distribution in the form of either a lump-sum amount equal to the value of his or her vested account, or defer receiving payments until age 70 $\frac{1}{2}$. Benefits are also available to participants for hardship situations as defined in the Plan and in-service distributions are available for participants greater than the age of 59 $\frac{1}{2}$.

If the participant's account is less than \$5,000, the account balance is paid out in the form of a lump sum distribution. In the event of a mandatory distribution greater than \$1,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Big "I" MEP 401(k) Plan

Notes to Financial Statements December 31, 2018

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan Administrator deemed the participant loan to be in default, the participant balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan. Other expenses are paid by the Participating Employers and therefore excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments. Third Party Administrator expenses can be paid from forfeitures or directly by the Participating Employers. BIAR charges fees to the Plan for advisory and non-advisory services which is allocated to participant accounts.

Subsequent events

The Plan has evaluated subsequent events through October 8, 2019, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

Big "I" MEP 401(k) Plan

Notes to Financial Statements December 31, 2018

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end registered investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Totals
Registered investment companies	\$ 82,351,062	\$ -	\$ -	\$ 82,351,062
Total investments at fair value	<u>\$ 82,351,062</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 82,351,062</u>
Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Totals
Registered investment companies	\$ 80,007,446	\$ -	\$ -	\$ 80,007,446
Total investments at fair value	<u>\$ 80,007,446</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 80,007,446</u>

Note 4 - Fully benefit-responsive investment contract

The Plan holds an investment in the Prudential Stable Value Fund, which is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Big "I" MEP 401(k) Plan

Notes to Financial Statements December 31, 2018

The traditional investment contract held by the Plan is a group annuity contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5%. The crediting rate is reviewed on a semi-annual basis for resetting. The contract can be terminated with 90 days notice.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the Participating Employers or other events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

Note 5 - Related party transaction and party-in-interest transactions

The Schwab Government Money Fund is managed by Charles Schwab Bank. Charles Schwab Bank is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

BIAR charges fees to the Plan for advisory and non-advisory services in connection with a service agreement with the Plan Administrator. For the year ended 2018, fees in the amount of \$316,874 were incurred by the Plan. As of December 31, 2018 and 2017, \$84,841 and \$69,491, respectively,

Big "I" MEP 401(k) Plan

Notes to Financial Statements December 31, 2018

remains payable to BIAR and is included in operating payables on the accompanying statements of net assets available for benefits.

Mesirow Financial Management LLC provided fiduciary services to Big "I" Retirement Services LLC during the period of January 1, 2018 through March 31, 2018, and is paid by BIAR.

Fiduciary Investment Advisors LLC provided fiduciary services to Big "I" Retirement Services LLC during the period of April 1, 2018 through December 31, 2018, and is paid by BIAR.

MVP Plan Administrators, Inc. provided administrative services to the Plan during 2018 and is paid by the Participating Employers.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax status

The prototype plan has obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not yet filed for an individual determination letter. Although the Plan has been amended since receiving the opinion letter on the prototype plan, the Plan Administrator and the Plan's third party administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Certified investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2018 and 2017, and investment loss for the year ended December 31, 2018, that is disclosed in the accompanying financial statements and supplemental schedule (Schedule of Assets (Held at End of Year)), was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian of the Plan.

Big "I" MEP 401(k) Plan

Notes to Financial Statements December 31, 2018

Note 10 - Transfers

As discussed in Note 1, the Plan is a multiple employer plan. During the year, various employers enter and exit the Plan. During 2018, there were net transfers into the Plan of \$10,677,925.

Note 11 - Nonexempt transactions

As reported on the supplementary Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the trust within the time frame specified by 29 CFR 2510.3-102 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, thus constituting nonexempt transactions between the Plan and certain Participating Employers for the year ended December 31, 2018. Plan management is currently working on correcting the late contributions and expects to complete the correction in 2019.

Note 12 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017 to Form 5500:
