SIMPLICITY CONSULTING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE A.--DESCRIPTION OF PLAN

The following description of the Simplicity Consulting, Inc. (Company or Plan Sponsor) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) and profit sharing plan originally established by the Company effective January 1, 2009, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An eligible employee is any person employed by the Company. Effective January 1, 2018, the Plan was amended and restated to exclude non-resident aliens, employees covered by a collective bargaining agreement, and leased employees. An employee becomes eligible to participate in the plan after reaching age 21 and after completing six months of service. Participants receive credit for one month of service for each month in which they complete one hour of service. The entry date is the first day of each month following completion of eligibility requirements.

The Plan was amended and restated effective February 2015 to bring the Plan into compliance with the Pension Protection Act of 2006 and other legal requirements. Effective January 1, 2016, the Plan was amended and restated to elect a Qualified Automatic Contribution Arrangement (QACA). Effective September 1, 2016, the Plan was amended and restated to change the QACA to a per-payroll basis with an annual true-up. Effective January 1, 2017, the Plan was amended and restated to remove the annual true-up. Effective November 1, 2017, the Plan changed record keeper and third-party administrator from ADP to Hunnex and Shoemaker and changed custodian from Reliance Trust Company to Transamerica. The Plan also changed financial advisors in early 2017.

Contributions: The Plan is funded by eligible participant elective deferrals which may range from 1% to 90% of eligible compensation, and QACA safe harbor matching contributions. Effective January 1, 2018, participants may defer up to 100% of eligible compensation. The Plan automatically enrolls participants at a 3% deferral rate. The auto enroll percentage will increase 1% per year up to a maximum of 6%. The QACA safe harbor employer match is the sum of 100% of the participant's compensation which is deferred as an elective deferral that does not exceed 1% of the participant's compensation, plus 50% of the participant's compensation which is deferred as an elective deferral that exceeds 1% of the participant's compensation but does not exceed 6% of the participant's compensation. The QACA was to be paid on an annual basis until September 1, 2016, when it was paid on a per-payroll basis. Effective January 1, 2017, the true-up requirement was removed. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Also, all participants who are eligible to make elective deferral contributions may elect to designate all or any portion of their deferrals as Roth elective deferral contributions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE A.--DESCRIPTION OF PLAN (Continued)

Contributions (Continued): Participants may also contribute amounts representing distributions from other qualified retirement plans. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution, allocation of any Company contributions, an allocation of plan earnings (losses), and charged with an allocation of certain administrative expenses. Allocations are based on participant compensation, account balances or specific participant transactions, as applicable, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting: Participants are immediately vested in their rollover contributions and elective deferrals plus actual earnings thereon. Vesting for the QACA safe harbor matching contributions will be 100% after 2 years of vesting service or upon death or disability.

Retirement: The normal retirement date is the first day of the month on or after the date the participant turns 65. There is no early retirement.

Payment of Benefits: On termination of service due to disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawals, or annual installments over their lifetime or the joint or last survivor life expectancy of the participant and their designated beneficiary. Upon death of a participant, payments made to a beneficiary shall be payable in a lump sum or other form as selected by the beneficiary. Effective January 1, 2018, distribution of the participant's entire account balance must be completed by December 31 of the calendar year containing the fifth anniversary of the participant's death. If the beneficiary is a spouse, distribution shall be in the form of a qualified pre-retirement survivor annuity.

For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, partial withdrawal, or may continue to participate in the plan investments and benefits will be provided upon retirement or death. For terminated participants, if the balance of the vested accounts is \$5,000 or less, excluding rollover contributions, payment may be made in a lump-sum without the participant's consent. Certain hardship distributions may be made in accordance with Plan provisions. Qualified reservist distributions are also allowed. Distributions can be taken from rollover contributions at any time. In-service distributions are allowed at age 59 ½.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE A.--DESCRIPTION OF PLAN (Continued)

Investment Options: Participants are allowed to direct their contributions and account balances in a variety investment options including mutual funds, collective trust funds and a fully-benefit responsive investment contract (effective November 1, 2017). The Plan Sponsor periodically reviews the investment options available to participants and changes them as warranted. Participants may change their investments at any time.

Plan Expenses: Expenses of maintaining the Plan may be paid by the Company or the Plan. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain fees such as for distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses including 12b-1 fees and revenue sharing fees (until November 1, 2017) are deducted from each funds' earnings and are included in net appreciation (depreciation) in fair value of investments.

Forfeitures: Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and will be used to reduce future Company contributions or to pay plan administrative expenses. As of December 31, 2018, and 2017, forfeited non-vested accounts totaled \$12,111 and \$23,663. In 2018, \$30,663 of employer contributions were paid from forfeited non-vested accounts.

NOTE B.--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the financial statements and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

DECEMBER 31, 2018 AND 2017

NOTE B.--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued): Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

NOTE C.--CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, other income and dividend income for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Life Insurance Company, the custodian of the plan.

NOTE D.--FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

SIMPLICITY CONSULTING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE D.--FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE E.--RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments in funds and an insurance company general account are managed by the custodian, Transamerica Life Insurance Company therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE F.--TAX STATUS

Effective January 1, 2018, the Plan adopted a volume submitter profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G.--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and non-forfeitable.

NOTE H.--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as foreign currency exchange rate, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

SIMPLICITY CONSULTING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE I.--FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a group annuity contract with Transamerica Life Insurance Company with a fully benefit-responsive investment contract to invest in their insurance company general account, the Transamerica Stable Value Focus Option (Stable Value Investment). Transamerica maintains the contributions in their general account. Assets in the general account are supported by the financial stability of Transamerica. While Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan, any guarantees are subject to the claims paying ability of Transamerica.

The contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Contract value of the Plan's investment in the fund was \$74,809 and \$49,243 at December 31, 2018 and 2017.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value with no conditions, limits or restrictions. If the Sponsor wishes to remove the Stable Value Investment as an investment choice from the Plan, Transamerica may impose a hold for up to a 270-day period if certain conditions are met depending on the contract held. Additionally, under limited circumstances, Transamerica may impose up to a 12-month delay period on all withdrawal requests from all plan sponsors at the plan level. Transamerica and the Plan's management are not aware of events that would limit the ability of participants to transact at contract value.

NOTE J.--SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 8, 2019, the date the financial statements were available to be issued.
