INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Charter HR Retirement Savings Plan
Alexander City, Alabama

We have audited the accompanying financial statements of Charter HR Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Charter HR Retirement Savings Plan as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the year ended December 31, 2018, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

CHARTER HR RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

1. Description of Plan

The following description of the Charter HR Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of each adopting employer of Charter HR, Inc. (the "Company"), commencing with the eligibility date following the date on which they attain the age of twenty-one (21). As the Plan is a Multiple Employer Plan, there are various other eligibility requirements based on the individual adoption agreement. The Plan is subject to the provisions set forth in the Employee Retirement Income Security Act of 1974 (ERISA). This plan was originally effective on January 1, 2011. Employee contributions are made on a before-tax basis. As such, the employees are not subject to federal income tax until the funds are disbursed by the Plan.

Contributions - Each year, participants may contribute their eligible compensation, as defined by the Plan subject to limitations specified by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans.

Employer Contributions - The Company contributes various percentages of base compensation that a participant contributes to the Plan. The various percentages are based on the individual adoption agreements.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions and Plan earnings. Allocations of employer contributions are based on eligible annual compensation as defined in the Plan agreement. Benefit payments to the participants are based upon vested balances in the employee and employer accounts at the date of benefit determinations.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon for their contribution to the Plan. Participants are vested in the contributions made by the employer as per the individual adoption agreement.

Payment of Benefits - Distributions to participants take place upon the employee's separation of service, retirement, qualified reservists, attaining age 59 ½, death, or certain hardship cases. Participants receive a single sum payment except in the case of the participant's death. As of December 31, 2018 and 2017, a total of \$871,449 and \$832,398, respectively, of the Plan's assets were allocated to accounts of persons who have withdrawn from plan participation.

CHARTER HR RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

1. Description of Plan - continued

Notes Receivable from Participants - Participants may borrow from their account balances, provided that the loan does not exceed the lesser of 50% of their vested account balance or \$50,000 reduced by the excess, if any, of their highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over their current outstanding balance of loans as of the date of the new loan. Loan transactions are treated as a transfer between the investment fund and the participant loans fund. Loan terms generally may not exceed five years. However, if the loan is for the purchase of a principal residence, a longer repayment term may be permitted. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan administrator. Principal and interest is paid through payroll deductions.

Forfeited Accounts - Forfeited non-vested accounts can be used by the Plan to pay administrative expenses and to reduce future company contributions. At December 31, 2018 and 2017, forfeited non-vested accounts were \$1,168 and \$1,148, respectively. During 2018 and 2017, none of these forfeited non-vested accounts were used by the Plan to pay administrative expenses or reduce future company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). FASB sets accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition - Investments are presented at fair value, based on the quoted market prices of the underlying assets within each fund at December 31, 2018 and 2017.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date.

Realized gains and losses on investments are recognized upon the sale of the related investments and unrealized appreciation or depreciation is recognized at period-end when the carrying values of the related investments are adjusted to their estimated fair market values.

Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

CHARTER HR RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

2. Summary of Significant Accounting Policies - continued

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation (depreciation) in fair value of investments.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Net Change in Fair Value of Investments - The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair market value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Distribution of Benefits - Benefit payments to participants are recorded when paid.

Concentration of Credit Risk - Financial investments that potentially subject the Plan to concentrations of credit risk are part of the holdings of the Plan's investments. Management believes that the Custodian maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure of any particular investment.

Administrative Expenses - The Company pays certain administrative expenses on behalf of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in the net appreciation (depreciation) of the fair market value of investments.

Date of Management's Review - Management has evaluated subsequent events through October 11, 2019, the date which the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

3. Fair Value Measurements

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are used to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end. The mutual funds held by the Plan are considered to be actively traded.

CHARTER HR RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

3. Fair Value Measurements - continued

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

Fair Value Measurements Using

	Quoted Prices In Active Markets for Identical Assets/Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value
<u>December 31, 2018</u>				
Mutual funds	\$ 3,253,813	\$ -	\$ -	\$ 3,253,813
Total investment assets	<u>\$ 3,253,813</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,253,813</u>
	Quoted Prices In Active Markets for Identical Assets/Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value
<u>December 31, 2017</u>				
Mutual funds	\$ 3,751,423	\$ -	\$ -	\$ 3,751,423
Total investment assets	<u>\$ 3,751,423</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,751,423</u>

Gains and losses included in net assets available for benefits for the years ended December 31, 2018 and 2017, are reported in net appreciation (depreciation) in fair value of investments.

For the years ended December 31, 2018 and 2017, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3.

CHARTER HR RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5. Income Tax Status

The Internal Revenue Service has determined and informed the Company's third party Plan administrator by letter dated March 31, 2014, that the prototype plan and related trust as then designed are in accordance with applicable sections of the Internal Revenue Code (IRC).

Although the Plan has not obtained an individual determination letter and has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and has no income subject to unrelated business income tax.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

6. Party-In-Interest Transactions

Certain expenses related to the administration of the Plan were paid directly by the assets of the Plan to Slavic Integrated Administration, Inc. Administrative expenses paid directly by the Plan totaled \$43,128 and \$40,312 for the years ended December 31, 2018 and 2017, respectively. Notes receivable from participants are also defined by ERISA as party-in-interest transactions. Such transactions are exempt from prohibited transaction rules.

DECEMBER 31, 2018 AND 2017

7. Plan Termination and Amendment

Although it has not expressed any intent to do so, the Company has the right, under the Plan agreement, to amend any or all provisions of the Plan, as well as discontinue its contributions and terminate the Plan subject to provisions of ERISA. In the event of Plan termination, its participants will become one hundred percent (100%) vested in their accounts, and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided by ERISA.

As of March 1, 2018, the Plan was amended to increase the amount of loans that can be outstanding at any one time in the Plan to two. The refinancing of an existing loan will not be permitted. All other aspects of the loan policy remain the same.

As of October 1, 2018, the Plan was amended to allow loans to be funded from designated Roth accounts. The actual deferral percentage (ADP) test and actual contribution percentage (ACP) test were amended to be performed using the current year testing method. The Plan sponsor or adopting employer can elect a different testing method.

As of November 1, 2018, the Plan was amended to allow participant forfeitures to be allocated as a reduction of employer matching contribution obligations or as payment of Plan expenses.
