COASTAL AUTOMATION SERVICES, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

(1) ***DESCRIPTION OF THE PLAN***

The following description of Coastal Automation Services, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 401(k) plan covering all employees, other than union employees and nonresident aliens, of the company who have completed one (1) year of service (1000 hours) with a minimum age of twenty-one. Employees may begin participating once the requirements are met. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may contribute up to the maximum amount allowed by law of annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The company contributes a safe harbor matching contribution equal to the sum of 100% of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. The company safe harbor matching contributions are 100% vested. After two years of active service, an employee becomes 20% vested in the company nonelective profit sharing contributions. Thereafter, vesting increases by 20% a year until six years of active service, at which time the employee becomes 100% vested.

Notes Receivable from Participants - Participants may borrow from their fund accounts up to a maximum not to exceed $50,000 or 50% of their vested interest in the Plan. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms are not to extend beyond five years or ten years for home loans. The loans are secured by the balance in the participant's account and bear a reasonable interest rate. Interest rates were 5.25% at December 31, 2018.

Payment of Benefits - On termination of service for any reason, a participant is entitled to receive a distribution of the total vested amount credited to their account. If the total vested account balance does not exceed $5,000, the account balance will be distributed in a lump sum. If the total vested account balance exceeds $5,000, the participant may elect to receive a distribution at any time; if the participant does not elect to receive a distribution, their vested account balance will be distributed after they reach normal retirement age. Participants with account balances exceeding $5,000 may elect to receive single lump sum distributions or substantially equal installments, paid at least annually, over a specified period of time that does not exceed their life expectancy or the joint and survivor life expectancy of the participant and their beneficiary.

Forfeited Accounts - At December 31, 2018, forfeited non-vested accounts totaled $74. These accounts will be applied to offset employer contributions.

(2) ***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES***

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are presented at contract value as reported Massachusetts Mutual Life Insurance Company.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits
Benefits are recorded when paid.

(3) ***INVESTMENT CONTRACT WITH INSURANCE COMPANY***

The Plan has a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and expenses and adjusted to contract value as reported to the Plan by Massachusetts Mutual Life Insurance Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events may limit the ability of the plan to transact at contract value with Massachusetts Mutual Life Insurance Company. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, partial to total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. Massachusetts Mutual Life Insurance Company may terminate the contract with 90 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of an amount required for the agreement to be a group funding under applicable insurance law, plan disqualification and failure to adopt the plan in a reasonable period of time. Upon termination by Massachusetts Mutual Life Insurance Company, a market value adjustment may apply. Plan management believes that the occurrence of events that would cause the plant to transact at less than contract value is not probable.

Massachusetts Mutual Life Insurance Company is contractually obligated to pay the principal and specified interest rate that is guaranteed by the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

(3) ***INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)***

At December 31, 2018 and 2017, the Plan's investments were held by the Trustee, Massachusetts Mutual Life Insurance Company. The following is a summary of the Plan's asset information that is included throughout the Plan's financial statements and supplemental schedules that were prepared by or derived from information provided by Massachusetts Mutual Life Insurance Company and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from Massachusetts Mutual Life Insurance Company that information provided to the Plan Administrator by Massachusetts Mutual Life Insurance Company related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplementary schedules related to the following assets:

The contract value of investments at December 31, 2018 and 2017, as reported by the Trustee is summarized as follows:

	2018	2017
Group annuity contract - Guaranteed interest fund	$ -	$ 400,020
Pooled separate accounts	-	4,584,128
	$ -	$ 4,984,148

Massachusetts Mutual Life Insurance Company maintains contributions in two types of accounts – a General Account and Pooled Separate Accounts. Under ASU 2015-12, the contract is fully-benefit responsive, and contract value is the appropriate reported value.

Massachusetts Mutual Life Insurance Company does not believe a reasonable method exists for determining fair value at an amount that differs from contract value. Therefore, Massachusetts Mutual Life Insurance Company states that contract value is the most reasonable estimate of fair value.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) ***PLAN TERMINATION***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(5) ***TAX STATUS***

The Plan was established under a volume submitter 401(k) profit sharing plan that is in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(6) ***ADMINISTRATIVE AND OTHER EXPENSES***

The Plan administrative fees are allocated to the individual participant accounts.

(7) ***RISKS AND UNCERTAINTIES***

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) ***RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500***

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2018 and 2017:

	2018	2017
Net assets available for benefits per financial statements	$ 5,523,457	$ 5,195,907

Net assets available for benefits per Form 5500	$ 5,487,693	$ 5,162,462

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2018:

	2018
Net increase in assets available for benefits per financial statements	$ 327,550

Less end of the year employee receivable	(24,096)
Plus beginning of the year employer receivable	10,808
Plus beginning of the year employee receivable	22,637
Net income per Form 5500	$ 325,231

(9) ***PLAN CHANGES***

In December 2018, the Plan was in the process of changing from Massachusetts Mutual Life Insurance Company to The Standard for investments. The investments at Massachusetts Mutual Life Insurance Company were liquidated and converted to cash prior to year-end. On January 2, 2019, the cash was wired to The Standard and subsequently allocated to investments.

(9) ***SUBSEQUENT EVENT***

The plan has evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued.
