NOTE 1: PLAN DESCRIPTION

The following description of the Illinois Mutual ("Company") 401(K) Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was implemented effective January 1, 1996.

A. GENERAL - The Plan is a defined contribution plan covering all employees of the Company who are over 18 years of age. Full-time employees are eligible to enroll after one month of service and once eligible may do so at the next scheduled enrollment date. Non full-time employees must have completed one year of service in order to be eligible to make contributions to the Plan. No employee is eligible for employer contributions until one year of service has been completed. One year of service is defined as a 12-month period in which the employee works at least 1,000 hours for the Company.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a safe harbor 401(K) plan. Illinois Mutual is making non-elective contributions equaling 3% of eligible employee compensation.

Administrative costs, which totaled $58,097 in 2018 and $38,469 in 2017, are paid by the Plan. Additional administrative costs of $33,360 in 2018 and $28,280 in 2017, were paid by the Company.

B. CONTRIBUTIONS - Each year participants may contribute pretax annual compensation, as defined in the Plan, up to amounts identified by annual IRS limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company makes non-elective safe harbor contributions and the Plan also allows for discretionary Company contributions. The Plan currently offers fourteen mutual funds as investment options for participants. Participants who have reached age 50 before the end of the Plan year are eligible to make catch up contributions.

C. PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. VESTING - Participants are immediately 100% vested in their contributions, actual earnings thereon, and Employer contributions.

(Continued)

NOTE 1: PLAN DESCRIPTION – continued

E. PARTICIPANT LOANS - Participants may borrow from their fund accounts an amount up to 50% of their account balance, with a minimum loan of $1,000 and a maximum loan of $50,000. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Advisory Committee. During 2018 and 2017, this interest rate was 6.25% to 4.25%. Principal and interest are paid ratably through payroll deductions. $170,437 and $208,156 in loans were made to participants during 2018 and 2017, respectively. The amount of participant loans outstanding at December 31, 2018 and 2017 were $364,422 and $339,676. None of the loans were delinquent at December 31, 2018 or December 31, 2017.

F. PAYMENT OF BENEFITS - On termination of service, a participant with an account balance exceeding $5,000 may elect to receive either (a) a lump sum amount, (b) installment payments over a specified period of time, not exceeding the participant's life expectancy or joint life expectancy of the participant and the designated beneficiary, (c) part lump sum and part installments, or, (d) the participant may opt to leave their funds in the Plan until retirement, or (e) they may elect to rollover their account balance into another tax-deferred account. Participants with account balances of between $1,000 and $5,000 may elect option (a) or (e). Participants with account balances not exceeding $1,000 are paid out as a lump sum upon termination of service.

G. FORFEITURES – Forfeitures occur when the employee terminates employment with the sponsor before the Matching Employer and Nonelective Employer Contributions are 100% vested. Forfeitures are used to reduce administrative expenses paid by the Company. Forfeitures were $781 in 2018 and $612 in 2017.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting -

The financial statements of the Plan are prepared using the accrual method of accounting.

B. Estimates –

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(Continued)

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

C. Investment Valuation and Income Recognition -

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation or depreciation in the market value of an investment held at both the beginning and end of a year is equal to the difference between the market value at the beginning and end of the year. Appreciation or depreciation in the market value of an investment acquired during the year and held at the end of the year is equal to the difference between the cost and the market value of the investment at the end of the year.

D. Payment of Benefits -

Benefits are recorded when paid.

NOTE 3: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 4: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using:		
December 31, 2018	Fair Value	(Level 1)	(Level 2)	(Level 3)
Mutual funds	$17,374,255	$17,374,255	$ -	$ -
December 31, 2017				
Mutual funds	$17,883,445	$17,883,445	$ -	$ -

(Continued)

NOTE 4: FAIR VALUE MEASUREMENTS-continued

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs are available to the Plan, and Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of shares held by the Plan at year-end.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and siginificant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018.

Registered investment companies: valued at the daily closing price as reported by the fund. Shares in registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 5: TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated May 8, 1996, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The latest amendment to the Plan was approved by the Internal Revenue Service in a letter dated March 31, 2014. The tax returns for the Plan for the years ended December 31, 2016, 2017, and 2018 are open for review by the Internal Revenue Service.

NOTE 7: INVESTMENTS

Management has elected to have a limited scope audit as permitted by Regulation 2530.103-8 of the Department of Labor's Rules and Regulations under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under the election, the Plan administrator limited auditing procedures with respect to the information certified by Fidelity Trust Management, which included total investments as of December 31, 2018 and 2017, the total investment income, including net realized and unrealized gains (losses) on investments for the years ended December 31, 2018 and 2017, and all information included in the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

(Continued)

NOTE 8: RISKS AND UNCERTAINITIES

The Plan invests in various marketable securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 9: PARTY-IN-INTEREST TRANSACTIONS

Participants covered under the Plan are considered to be parties-in-interest. Participant loans in the amounts of $364,422 and $339,676 at December 31, 2018 and 2017, respectively, are considered to be party-in-interest investments.

NOTE 1: PLAN DESCRIPTION

The following description of the Illinois Mutual ("Company") 401(K) Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was implemented effective January 1, 1996.

A. GENERAL - The Plan is a defined contribution plan covering all employees of the Company who are over 18 years of age. Full-time employees are eligible to enroll after one month of service and once eligible may do so at the next scheduled enrollment date. Non full-time employees must have completed one year of service in order to be eligible to make contributions to the Plan. No employee is eligible for employer contributions until one year of service has been completed. One year of service is defined as a 12-month period in which the employee works at least 1,000 hours for the Company.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a safe harbor 401(K) plan. Illinois Mutual is making non-elective contributions equaling 3% of eligible employee compensation.

Administrative costs, which totaled $58,097 in 2018 and $38,469 in 2017, are paid by the Plan. Additional administrative costs of $33,360 in 2018 and $28,280 in 2017, were paid by the Company.

B. CONTRIBUTIONS - Each year participants may contribute pretax annual compensation, as defined in the Plan, up to amounts identified by annual IRS limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company makes non-elective safe harbor contributions and the Plan also allows for discretionary Company contributions. The Plan currently offers fourteen mutual funds as investment options for participants. Participants who have reached age 50 before the end of the Plan year are eligible to make catch up contributions.

C. PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. VESTING - Participants are immediately 100% vested in their contributions, actual earnings thereon, and Employer contributions.

(Continued)

NOTE 1: PLAN DESCRIPTION – continued

E. PARTICIPANT LOANS - Participants may borrow from their fund accounts an amount up to 50% of their account balance, with a minimum loan of $1,000 and a maximum loan of $50,000. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Advisory Committee. During 2018 and 2017, this interest rate was 6.25% to 4.25%. Principal and interest are paid ratably through payroll deductions. $170,437 and $208,156 in loans were made to participants during 2018 and 2017, respectively. The amount of participant loans outstanding at December 31, 2018 and 2017 were $364,422 and $339,676. None of the loans were delinquent at December 31, 2018 or December 31, 2017.

F. PAYMENT OF BENEFITS - On termination of service, a participant with an account balance exceeding $5,000 may elect to receive either (a) a lump sum amount, (b) installment payments over a specified period of time, not exceeding the participant's life expectancy or joint life expectancy of the participant and the designated beneficiary, (c) part lump sum and part installments, or, (d) the participant may opt to leave their funds in the Plan until retirement, or (e) they may elect to rollover their account balance into another tax-deferred account. Participants with account balances of between $1,000 and $5,000 may elect option (a) or (e). Participants with account balances not exceeding $1,000 are paid out as a lump sum upon termination of service.

G. FORFEITURES – Forfeitures occur when the employee terminates employment with the sponsor before the Matching Employer and Nonelective Employer Contributions are 100% vested. Forfeitures are used to reduce administrative expenses paid by the Company. Forfeitures were $781 in 2018 and $612 in 2017.
