Independent Auditor's Report

To the Plan Administrator
SPay 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of SPay 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these 2018 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2018 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by Transamerica Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2018, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on these 2018 financial statements.

Other Matter - Supplemental Schedules

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2018 and Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) for the year ended December 31, 2018 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2018 Financial Statements* paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - Report on Compiled 2017 Financial Statements

Plan management is responsible for the accompanying statement of net assets available for benefits of SPay 401(k) Plan as of December 31, 2017 in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2017 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2017 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2018 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of SPay 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all eligible employees of SPay, Inc. and participating employers (collectively referred to as the "Company") who are at least twenty-one years of age and have completed 30 days of employment. Effective December 1, 2018, the Plan was amended to reduce the age limit to eighteen. Employees who become participants as a result of an acquisition made by the employer are eligible to participate in the Plan immediately if they were an employee of the acquired entity at the time of acquisition. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustees of the Plan are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may elect to contribute a percentage of their annual pre-tax compensation or a specific dollar amount not to exceed 90% of annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company provides for discretionary matching contributions and may also make discretionary profit sharing contributions. The Company made no discretionary matching contributions or discretionary profit sharing contributions for the year ended December 31, 2018. Participants also direct the investment of Company contributions. Company discretionary matching contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings. Discretionary profit sharing contributions are contributed annually to eligible participants who are employed at the end of the year. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and the Company discretionary matching contributions, as well as allocations of the Company's discretionary profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing portion of their account is based on credited years of service, as defined by the Plan, according to the following schedule:

Years of service	Vested percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

To earn a year of service, you must be credited with at least 1,000 hours of services, as defined by the Plan, during a plan year.

In the event of termination due to death, total and permanent disability or attaining normal retirement age of 65, participants shall become 100% vested in the Company's discretionary matching and profit sharing contribution portion of their account.

Employees who were employed by CaptainU, LLC on December 1, 2018 are 100% vested.

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2% above the prime rate, at the time of the loan. Principal and interest are paid ratably through payroll deductions. The maximum number of loans outstanding at a time is one.

Payment of benefits
Upon termination of service for any reason, participants with a vested account balance less than $5,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Terminated participants with a vested account balance greater than $5,000 may elect to receive either a lump-sum amount equal to the value of the participant's account or partial distributions.

Withdrawals from a participant's salary deferral, rollover and vested employer contribution account balances may also be made in the event of a financial hardship or upon reaching age 59½ and are currently employed by the Company, in accordance with the provisions specified by the Plan.

Forfeited accounts
At December 31, 2018 and 2017, forfeited nonvested accounts totaled $31,394 and $10,363, respectively. These amounts will be used to reduce future employer contributions or to pay Plan expenses. In 2018, forfeited nonvested accounts of $4,503 were used to pay Plan expenses.

Note 2 - Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in one type of investment contracts, which is considered fully benefit-responsive.

Other investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The trustees determine the Plan's valuation policies. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, distributions and certain other transactional charges are charged directly to the participant's account and are included in administrative expenses. All other investment related expenses are included in the net depreciation in fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 8, 2019, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("level 1") and the lowest priority to unobservable inputs ("level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the assets or liabilities; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate accounts: Valued using the net unit value, which is based on the fair value of the underlying assets of the account, as provided by the custodian. The net unit value is equivalent to the net asset value. The underlying investments of the pooled separate accounts are mutual funds and investment trusts.

In accordance with Subtopic 820-10, the pooled separate accounts have not been classified in the fair value hierarchy as they are measured at net unit value. The value of pooled separate accounts held by the Plan was $1,595,976 and $892,742 at December 31, 2018 and 2017, respectively.

For the year ended December 31, 2018, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using net asset value (net unit value) per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2018				
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 1,595,976	None	Daily	Daily

December 31, 2017				
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 892,742	None	Daily	Daily

Note 4 - Investment contract with insurance company

The Plan has entered into a traditional investment contract with Transamerica Financial Life Insurance Company ("Transamerica"), via an investment in the TransAmerica Stable Value Fund. The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The balance in the traditional investment contract as of December 31, 2018 and 2017 was $55,721 and $33,828, respectively.

The contract issuers are contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rates are based on formulas agreed upon with the issuer which are reviewed periodically for resetting in accordance with the terms of the contracts. The minimum crediting rates under contract are reset every six months and were .70% and .80% for the first six months of 2018 and the last six months of 2018, respectively.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contracts. No events are probable of occurring that might limit the ability of the

Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuers.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity dates.

Note 5 - Related party transactions and party-in-interest transactions

Certain Plan investments are proprietary investments managed by affiliates of Transamerica Retirement Solutions Corporation. Transamerica Retirement Solutions Corporation is the custodian and recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid directly out of Plan assets to Transamerica Retirement Solutions Corporation amounted to $9,758 for the year ended December 31, 2018. The Plan also engages other third parties the provide services to the Plan including, third party administrative and investment advisory services. Fees paid directly from the Plan for these services were $7,760 for the year ended December 31, 2018. Fees incurred by the Plan for investment management services are included in the net depreciation in fair value of investments as they are paid through revenue sharing, rather than a direct payment. The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions. The Company pays directly any other fees related to the Plan's operations.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer nonelective contribution.

Note 7 - Tax status

The Plan has been designed using a volume submitter plan document designed by Nova Associates, Inc. In an opinion letter dated March 31, 2014, the IRS stated that the volume submitter plan satisfies the applicable requirements of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain

investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2018 and 2017, and investment (loss) income and interest income on notes receivable from participants for the year ended December 31, 2018, that is disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian of the Plan.

Note 10 - Nonexempt transactions

The Company has determined that nonexempt transactions occurred during 2018 and 2017. The nonexempt transactions involved the submission of employee contributions and loan repayments to the Plan later than the earliest day on which such contributions could reasonably be segregated from the employer's general assets. During 2018, the Company took corrective action by making a contribution to the Plan for lost earnings in the amount of $59, for the year ended December 31, 2017. During 2019, the Company will take corrective action by making contributions to the Plan for lost earnings and applicable excise tax for the year ended December 31, 2018. Management believes that these transactions should not affect the tax-qualified status of the Plan; therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 11 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 to Form 5500:

Net assets available for benefits per the financial statements	$	1,006,628
Participant contributions receivable at December 31, 2017		(30,676)
Net assets available for benefits per Form 5500	$	975,952

The following is a reconciliation of participant contributions per the financial statements for the year ended December 31, 2018 to Form 5500:

Participant contributions per the financial statements	$	1,014,820
2017 participant contributions not recognized in 2017 Form 5500		30,676
Participant contributions per Form 5500	$	1,045,496

Note 12 - Subsequent events

On April 2, 2019, the Plan merged in qualified assets of certain participants and beneficiaries of the CaptianU, LLC Retirement Trust. The CaptainU, LLC Retirement Trust was a qualified plan established by CaptainU, LLC which was acquired by the Company on December 1, 2018.

On June 10, 2019, the Plan merged in qualified assets of certain participants and beneficiaries of the Bonzi Technology Inc 401(k) Profit Sharing Plan and Trust. The Bonzi Technology Inc 401(k) Profit Sharing Plan and Trust was a qualified plan established by Bonzi Technology Inc which was acquired by the Company on December 1, 2018.

Effective January 1, 2019, the Plan was amended through a revised adoption agreement to exclude interns from participating in the Plan.
