INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
US Mortgage Corporation 401(k) Profit Sharing Plan & Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **US Mortgage Corporation 401(k) Profit Sharing Plan & Trust** (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the year then ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion on the Financial Statements paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note 3, which was certified by Mid-Atlantic Trust Company, the Custodian and the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion on the Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the Financial Statements paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion these financial statements.

Other Matters - Supplemental Schedules

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2018 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the Financial Statements paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian (Trustee), have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the **US Mortgage Corporation (the "Company") 401(k) Profit Sharing Plan & Trust** (the "Plan") provides only general information. The Plan was adopted by the Company on January 1, 1995. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have attained age 21 or older and completed at least three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Custodian and Trustee of the Plan is Mid-Atlantic Trust Company and the record-keeper is Paychex, Inc. The board of directors of the Company is responsible for the oversight of the Plan.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan document provides the Company the option to make matching contributions in an amount equal to a percentage of elective deferrals that it determines each year. Furthermore, the Company may make a discretionary profit sharing contribution at the option of the Company's board of directors'. To be eligible for discretionary employer contributions, a participant must have attained one year of service with the Company. There were no discretionary profit sharing or matching contributions for the year ended December 31, 2018. Contributions are subject to certain Internal Revenue Service ("IRS") limitations. Participants direct the investment of participant and employer contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts, plus actual earnings thereon, is as follows:

Years of Service	Vesting
0-2 years	0%
2-3 years	20%
3-4 years	40%
4-5 years	60%
5-6 years	80%
6 or more years	100%

Vesting in the Company's portion of the participants accounts is based on years of continuous service.

1. Description of the Plan (Continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Interest rates on all outstanding loan balances were between 4.25% and 6.25% as of December 31, 2018 and 2017. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or the beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship distributions are permitted upon demonstration of financial hardship. If, after termination, the vested portion of a participant's account balance is less than $5,000, a lump-sum distribution may automatically be made without election on the part of the participant. All fully vested balances are available for distribution after the participant reaches the age of 59½.

Forfeitures

Forfeited nonvested accounts are used to reduce future employer contributions and pay Plan expenses. During the year ended December 31, 2018, there were no forfeitures noted. Accordingly, there were no forfeited nonvested accounts available at December 31, 2018 and 2017.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP") as detailed in the Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC").

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition (Continued)

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian (See Note 4 – Fair Value Measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Additionally, investment related expenses are also included in the net appreciation (depreciation).

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. During the year ended December 31, 2018 there were $12,468 of defaulted loans that were recorded as benefit payments.

Excess contribution payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

Payment of benefits

Benefits are recorded when paid.

Plan expenses

Certain expenses in connection with the administration of the Plan are paid directly by the Company and are excluded from these financial statements. All other administration expenses related to the Plan are paid by the participants through the Plan. Fees related to the administration of notes receivable from participants and distributions, along with the participant's share of investment related expenses (including investment advisory fees) are charged directly to the participant's account and are included in administrative expenses.

Recently adopted accounting pronouncements

ASU 2017-06 – Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) Employee Benefit Plan Master Trust Reporting

In February 2017, the FASB issued Accounting Standards Update No. 2017-06 ("ASU 2017-06"). The ASU is intended to improve the usefulness of plan financial statements and disclosures, and to provide clarity. It is effective for fiscal years beginning after December 15, 2018. Earlier adoption is permitted. The Plan adopted ASU 2017-06 as of and for the year ended December 31, 2018. The amendments of ASU 2017-06 have been applied retrospectively to all periods presented.

2. Summary of Significant Accounting Policies (Continued)

Recently adopted accounting pronouncements (Continued)

ASU 2018-13 – Fair Value Measurement (Topic 820) Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement

In August 2018, the FASB issued Accounting Standards Update No. 2018-13 ("ASU 2018-13"), Fair Value Measurement (Topic 820) Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement. The amendments in this update apply to all entities that are required to make disclosures about recurring or nonrecurring fair value measurements. Certain of the disclosures that are required by the amendments are not required for nonpublic entities. ASU 2018-13, eliminates, adds and modifies certain disclosure requirements for fair value measurements as part of its disclosure framework project. ASU 2018-03 is effective for fiscal years beginning after December 15, 2019 and interim periods within those fiscal years. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent annual period presented in the year of adoption. All other amendments should be applied retrospectively to each period for which the financial statements are presented. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan elected to adopt ASU 2018-13 as of and for the year ended December 31, 2018. The amendment has been applied prospectively and retrospectively to applicable amendments as defined above for all periods presented.

3. Investment Certification

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election Mid-Atlantic Trust Company, the Custodian and Trustee, of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and related activity in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the statement of changes in net assets available for benefits for the year ended December 31, 2018 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2018.

4. Fair Value Measurements

The FASB ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value (Topic 820). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

4. Fair Value Measurements (Continued)

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts and that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018:

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Mutual funds:	$ 1,133,445	$ -	$ -	$ 1,133,445
Total investment assets in the fair value hierarchy	1,133,445	-	-	1,133,445
Investments measured at NAV (a)				
Stable value collective trust fund	-	-	-	57,062
Total investments, at fair value	$ 1,133,445	$ -	$ -	$ 1,190,507

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

4. Fair Value Measurements (Continued)

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017:

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Mutual funds:	$ 1,114,541	$ -	$ -	$ 1,114,541
Total investment assets in the fair value hierarchy	1,114,541	-	-	1,114,541
Investments measured at NAV (a)				
Stable value collective trust fund	-	-	-	36,103
Total investments, at fair value	$ 1,114,541	$ -	$ -	$ 1,150,644

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There were no transfers in or out of Levels 1, 2 or 3 during the years ended December 31, 2018 and 2017.

The following tables for December 31, 2018 sets forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

	December 31, 2018			
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption notice period
Stable value collective trust fund (a)	$ 57,062	n/a	daily	See below

(a) The Fund invests mainly in the MetLife Group Annuity Contracts which consists of separately managed investment portfolios directed by Reliance Trust Company. The fair value of each Contract is determined using Level 2 inputs. The fair value of the investments is each Contract's pro-rata share of the fair value of the securities in the underlying separate accounts in which the Contracts participate. There is no redemption notice period unless funds are being transferred to competing funds, at which point there is a 90 day wait period to withdraw funds.

4. Fair Value Measurements (Continued)

The following tables for December 31, 2017 sets forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

	December 31, 2017			
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption notice period
Stable value collective trust fund (a)	$ 36,103	n/a	daily	See below

(b) The Fund invests mainly in the MetLife Group Annuity Contracts which consists of separately managed investment portfolios directed by Reliance Trust Company. The fair value of each Contract is determined using Level 2 inputs. The fair value of the investments is each Contract's pro-rata share of the fair value of the securities in the underlying separate accounts in which the Contracts participate. There is no redemption notice period unless funds are being transferred to competing funds, at which point there is a 90 day wait period to withdraw funds.

5. Tax Status

The Plan has adopted a Prototype Non-Standardized Profit Sharing Plan sponsored by Paychex, Inc. On April 10, 2014, the Internal Revenue Service ("IRS") stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan's administrator and the tax advisor believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of funds managed by Mid-Atlantic Trust Company. Mid-Atlantic Trust Company is the custodian and trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Furthermore, there certain fees paid to Paychex, Inc. for various administrative services. Paychex, Inc. is the record-keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to the third party administrators (including independent auditor's and investment advisory services) totaling $15,300 during the year ended December 31, 2018. These fees are included in administrative expenses on the Statement of Changes in Net Assets Available for Benefits. The plan sponsor pays directly any other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Mutual Funds Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2018 and 2017 may not necessarily be indicative of amounts that could be realized in a current market exchange.

10. Concentrations

As of December 31, 2018, the Plan invests in one mutual fund that approximates 10% of the Plan's investments. As of December 31, 2017, the Plan invests in one mutual fund that approximates 12% of the Plan's investments.

The Plan has three notes receivable from Participants that approximates 54% of the notes receivable as of December 31, 2018. The Plan has five notes receivable from Participants that approximates 79% of the notes receivable as of December 31, 2017.

11. Reconciliation of Financial Statements to Form 5500
