**Auditors' Responsibility**
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. ## 1. Description of the Plan

The following description of the Cox & Company, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### *General*

Cox & Company, Inc. ("Company," the "Plan Sponsor") originally established the Cox & Company, Inc. Employee Stock Ownership Plan ("Plan"), effective as of January 1, 2003. Effective January 1, 2015, the Company amended and restated the Plan.

The Plan is set up for the benefit of the Company's employees and invests primarily in the stock of the Company ("Company Stock").

On December 29, 2003, the Company purchased 655,000 shares of the Company common stock from stockholders for $6,222,500 using the proceeds of a loan from the Company, which had obtained financing from a third party ("Share Acquisition 1").

On November 26, 2008, 250,000 shares of the Company common stock were purchased from the Company for $1,697,500 using the proceeds of a loan from the Company, which had obtained financing from a third party ("Share Acquisition 2").

The Company Common Stock acquired and the Company loans related to their acquisitions are referred to as ESOP Shares and Acquisition Loan 1 and Acquisition Loan 2, respectively.

Initially the ESOP shares owned by the Plan are not allocated to Plan participants and collateralize the Acquisition Loans. As of December 31 of each year the Trustee of the Plan calculates the number of shares to be allocated to eligible employees ("Released Shares"). The annual calculation for shares to be released is as follows:

Share Acquisition 1 - The ratio of principal and interest paid during the year by the Plan to the total principal and interest payments to be made by the Plan on Acquisition Loan 1 as of the beginning of the year.

Share Acquisition 2 - On a straight-line basis over the 20 year term of Acquisition Loan 2.

### *Plan Administration*

The Plan is administered by an administrative committee that is comprised in part by officers and employees of the Company. First Bankers Trust Services, Inc. is the Trustee and Custodian of the Plan ("Trustee").

### *Eligibility*

Employees of the Company who (1) are not covered by a collective bargaining agreement excluding participation or (2) are not leased employees are eligible to participate in the Plan as of the Plan entry date coinciding with their date of hire or if their hire date is not an entry date then on the next entry date ("Enrollment Date"). The Plan entry dates are January 1 and July 1.

## 1. Description of the Plan (Continued)

### *Contributions and Other Plan Funding*

The Company is taxed as an S Corporation. Any S Corporation distributions paid by the Company on cumulative Released Shares, at the discretion of the Plan Trustee, can be used to repay Acquisition Loans; be added to the Participant Account balances or distributed to the participants. S Corporation distributions paid by the Company on unreleased shares are to be used to pay down the Acquisition Loans.

The Company, under the Plan, is required annually to make contributions to the Plan equal to the debt service for that year due under the Acquisition Loans less any S Company distributions the Plan received in that year on ESOP Shares it owns and the Plan elected to use to pay down Acquisition Loans. These contributions can be made in cash or forgiveness of indebtedness. In addition, the Company can make discretionary contributions in cash, Company Stock or forgiveness of indebtedness.

Employee contributions are not permitted.

### *Participation and Allocations*

Under the Plan, a participant if employed on the last day of the Plan year participates in (1) the allocation of any contributions to the Plan by the Company (2) the allocation of any forfeitures of any unvested participant balances and (3) any S Corporation distributions on unreleased Company shares. However, a participant meeting the Year of Service requirement that retires after the Plan's normal retirement age of 62, dies or is disabled during the Plan Year, while employed by the Company, does not have to be employed on the last day of the Plan Year to receive the contribution and forfeiture allocations. Hours of service include hours the participant is paid for by the Company during the Plan Year or entitled to be paid for directly or indirectly for vacation, holidays, illness, disability, lay-off, jury duty and temporary military duty, union-authorized lost time or leave of absence.

The allocations of Company contributions, S Corporation distributions on unallocated shares used to pay down Acquisition Loans and forfeitures of unvested participant balances are made to participants eligible to receive allocations based on each participant's compensation, as defined, subject to annual limitations under the Internal Revenue Code (“Eligible Compensation”), to the Eligible Compensation of all Plan participants receiving allocations. In the year of enrollment into the Plan, Eligible Compensation for allocation purposes is determined using the Participant's compensation for the entire year.

Company S Corporation distributions on ESOP Shares previously allocated to participants are allocated to participants based on the proportion of Company Stock in each participants account to the total of all Company Stock owned by the Plan at the beginning of the year that the distribution is paid.

## 1. Description of the Plan (Continued)

### *Participant Accounts*

The Plan is a defined contribution plan under which a separate account is established for each participant. Each participant's account is credited or charged annually with (1) the participant's allocation of the Company's contribution; dividends on unreleased shares and forfeitures (2) a proportional share of any gains or losses from the change in value of Company shares on released shares; dividends received on released shares of Company Stock and other investment income or expense.

### *Vesting*

For vesting purposes, a participant receiving credit for 1,000 hours of service in a Plan year earns a year of service ("Year of Service").

Vesting of Company contributions made through the Plan year in which the Acquisition Loan 1 is paid (in 2018) is as follows:

| Completed Years of Service | Percentage Vested |
|---|---|
| Fewer than 3 | 0% |
| 3 | 20% |
| 4 | 40% |
| 5 | 60% |
| 6 | 80% |
| 7 | 100% |

Vesting of Company contributions made after the Acquisition Loan 1 is paid in full is as follows:

| Completed Years of Service | Percentage Vested |
|---|---|
| Fewer than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

A participant shall become fully vested in their participant account balance, if while the participant is employed by the Company, the participant attains normal retirement age, dies or becomes disabled.

### *Re-employment*

If an individual is re-employed prior to a five-year break in service, the individual's vesting status immediately before termination will be reinstated.

## 1. Description of the Plan (Continued)

### *Forfeited Accounts*

After a five-year break in service the non-vested balance in a participant's account is forfeited. A break in service occurs when a participant receives credit for less than 501 hours of service in a Plan Year. Forfeited amounts are considered Company contributions for allocation purposes.

Forfeitures were $205,203 in 2018.

### *Distributions*

Under the Plan, the distribution policy for the Plan may be amended from time to time by the Company. Distributions are recorded when paid. The distribution policy in effect during 2018 and 2017 (“Current Distribution Policy”) is described below.

*Eligibility and form of payment:*

After termination of service a participant shall be entitled to receive distributions, in cash, of their vested account balance.

To enable cash payment by the Plan to a participant, the Company is required to purchase the vested Company Stock in the participant's account at its fair market value.

*Timing of distributions:*

*Distributions due to retirement, death or disability:*

If a participant retires at normal retirement age, dies or is disabled (“Current Separation Event”) the participant can elect, on an annual basis, to begin to receive distributions. In the event that a participant dies, the beneficiary will be paid the full balance of their account by the December 31st following the fifth anniversary of their death.

If a distribution is elected in the year that the Current Separation Event occurs, the distribution will be made before the end of the current Plan Year if the Current Separation Event occurs before November 1 and in the following year if it occurs on or after November 1. Elected distributions made after the year of the Current Separation Event will be paid by the end of the following Plan Year in which the election is made.

*Other distributions:*

If a participant terminates employment other than for retirement, death or disability and the value of the participant's vested account balance is less than $5,000 the participant can elect to receive this balance in a lump sum by the end of the Plan year following termination or in any year thereafter. If the terminated participant's balance is greater than $5,000 the participant may elect to begin receiving distributions by the close of the sixth Plan year following the close of the Plan year in which termination of service occurs. The Plan can automatically distribute any participant balance under $1,000.

The Plan, at the Plan Administrator's discretion, may make lump-sum distributions in the event of participant conflicts of interest, as defined.

## 1. Description of the Plan (Continued)

### *Distributions (Continued)*

*Timing of distributions (continued):*

*Other distributions (continued):*

Generally, a participant that is not employed by the Company must begin to receive distributions no later than April 15 of the calendar year following the year that they reach the age of 70-1/2 years.

*Calculation of the amount of distributions:*

Under the Current Distribution policy adopted by the Plan, if at the date that an initial distribution is made to a terminated participant the fair market value of that participant's account is $10,000 or less a lump sum payment will be paid to the participant. If the fair market value of the participant's account at the date of the initial distribution is greater than $10,000 an initial installment equal to the greater of $10,000 or 1/5 of the participant's account fair market value will be made with the remaining account balance to be paid in 4 annual installments, with the amount of each of the remaining installments to be determined based on the fair market value of the participant's account as of the date of the installment divided by the number of remaining installments. If the remaining balance of a participant's account is under $5,000 the balance will be paid in a lump sum.

*Fair market value for distributions:*

Fair market value of a participant's account is determined, at each distribution date, using the fair market value of the Company Stock and other investments in the participant's account as of the end of the previous Plan Year end.

The fair market value of Company Stock is approved by the Plan Trustee, as of the December 31 year end of the Company or other valuation date determined by the Plan Trustee.

### *Plan Diversification*

Participants who are 55 years old or older and have completed 10 years of service can elect to diversify a portion of the balance in their Participant's Account attributable to Company stock (“Company Stock Portion”) over a period of 6 years. In years 1-5 the participant can diversify up to an aggregate of 25% of the Company Stock Portion and up to an aggregate of 50% of the Company Stock Portion in the sixth year.

### *Administrative Expenses*

The Company may but is not obligated to pay the administrative expenses of the Plan. For the years ended December 31, 2018 and 2017, all expenses of the Plan were paid for by the Company.

## 1. Description of the Plan (Continued)

### *Income Taxes*

The Plan is a qualified benefit plan under Section 401(a) of the Internal Revenue Code ("Code"), and therefore is not subject to taxation under present income tax laws. The Plan received a favorable Internal Revenue Service determination letter dated June 29, 2017.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan does not believe it has any uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for years prior to 2015.

### *Voting Rights*

The Plan's Trustee, using its discretion as to what is in the best collective interest of the Plan participants, generally votes all shares of the Company Stock held by the Plan with respect to all corporate matters which Company shareholders are entitled to vote. However, each participant is entitled to direct the Trustee as to the voting of shares in his or her account with respect to approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution and sale of substantially all assets of the Company.

### *Plan Termination and Amendment*

Although it has not expressed any intent to do so, the Company has the right to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their participant account balances. Upon termination, the Plan at the discretion of the Company, may distribute the participant account balances to the participants or distribute the participant account balances in accordance with the distribution section of the Plan.

## 2. Summary of Significant Accounting Policies and Other Matters

### *Basis of Accounting*

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

### *Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Accordingly, actual results may differ from those estimates.

## 2. Summary of Significant Accounting Policies and Other Matters (Continued)

### *Investment Valuation*

Substantially all of the Plan's investments at December 31, 2018 and 2017 were in the form of Company Stock. Since the Company is closely held, and there is no public market for its Company Stock, the Trustee annually obtains a valuation performed by an independent appraiser to assist it in determining the Company Stock value. The valuation is performed as of the close of business on December 31 of each Plan Year or other valuation date determined by the Trustee.

The appraisal is performed in accordance with guidelines established by the Department of Labor and in conformity with appraisal practices promulgated by the American Society of Appraisers and the Appraisal Foundation. The Appraiser, based on historical financial data and five-year projections prepared by the Plan Sponsor, and using both the Public Company and Discounted Cash Flow Methodologies determines its suggested fair market value of the Company Stock. Based on its review of the appraisal and the Company prepared historical data and financial projections, the Plan Trustee determines the fair market value of the Company Stock. The Plan Trustee for 2018 and 2017 approved the fair market values of each share of the Company Stock to be $28.71 and $25.88, respectively, based on the appraiser's valuation.

### *Recent Accounting Pronouncements*

In January 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-01, *Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities,* which makes targeted improvements in the recognition, measurement, presentation and disclosure of financial instruments. ASU 2016-01 is effective for fiscal years beginning after December 15, 2018 with early adoption permitted for fiscal years beginning after December 15, 2017. The Plan Administrator is currently evaluating the impact that this new guidance will have on the Plan's financial statements.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* which amends ASC 820 to add, remove, and modify fair value measurement disclosure requirements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The manner of adoption varies, with certain provisions applied retrospectively, while others applied prospectively. The Plan Administrator is currently evaluating the impact that this new guidance will have on the Plan's financial statements.

## 3. Risks and Uncertainties

The Plan's investments are in Company Stock. Due to the level of uncertainty related to changes in value of the Company Stock, it is reasonably possible that changes in the near term would materially affect participants' accounts balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

## 4. Investment in Company Stock

The Plan's investments in Company Stock are as follows:

| | Number of Shares | Original Cost | Fair Value |
|---|---|---|---|
| December 31, 2018: | | | |
| Allocated shares | 583,554 | $ 5,253,180 | $ 16,753,824 |
| Unallocated shares | 124,713 | 846,801 | 3,580,508 |
| | 708,267 | $ 6,099,981 | $ 20,334,332 |
| December 31, 2017: | | | |
| Allocated shares | 590,207 | $ 5,330,803 | $ 15,274,557 |
| Unallocated shares | 169,960 | 1,242,876 | 4,398,574 |
| | 760,167 | $ 6,573,679 | $ 19,673,131 |

During 2018 and 2017, in connection with participant distributions, the Company purchased 51,900 and 34,585 shares, respectively.

## 5. Fair Value Measurements

The FASB established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## 5. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

All of the Plan's investments, at December 31, 2018, consisted of Company Stock which had a fair market value as of that date of $20,334,332 and are classified within level 3 of the fair value hierarchy.

The fair value of the Company Stock is approved by the Plan Trustee on an annual basis.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investments in Company stock for the years ended December 31:

| | 2018 | 2017 |
|---|---|---|
| Balance, beginning of year | $ 19,673,131 | $ 14,035,330 |
| Sales in connection with distributions | (1,343,193) | (610,775) |
| Unrealized gain | 2,004,394 | 6,248,576 |
| Balance, end of year | $ 20,334,332 | $ 19,673,131 |

## 6. Acquisition Indebtedness

Acquisition indebtedness consists of the following term loans ("Term Loans") payable to the Company. Acquisition Loan 1 was paid off in full during 2018. Acquisition Loan 2 is payable as follows:

| | |
|---|---|
| November 26, 2008, payable $127,574 annually including interest at 4.24% to November 26, 2028 | $ 1,022,871 |

The aggregate amortization of the term loans is as follows:

| | |
|---|---|
| 2019 | $ 84,204 |
| 2020 | 87,665 |
| 2021 | 91,491 |
| 2022 | 95,371 |
| 2023 | 99,414 |
| Thereafter | 564,726 |
| | $ 1,022,871 |

The outstanding balance under the term loans is secured by unallocated Company Shares owned by the Plan.

## 7. Related Party and Party-In-Interest Transactions

The Plan invests in Company Stock. The Plan has a number of service providers. Such service providers are parties in interest under ERISA. Certain employees and officers of the Company perform administrative services to the Plan at no cost to the Plan, and as such are considered to be parties in interest to the Plan.

## 8. Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date that the financial statements were available for issuance, October 11, 2019.
