INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants of
The Chilcote Company Employee Stock Ownership Plan

Report on the Financial Statements

We have audited the accompanying financial statements of The Chilcote Company Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Chilcote Company Employee Stock Ownership Plan as of December 31, 2018 and 2017, and changes in net assets available for benefits for the year ended December 31, 2018 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule I, referred to as “supplemental information,” is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

THE CHILCOTE COMPANY EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 - SUMMARY OF PLAN

The following brief description of The Chilcote Company Employee Stock Ownership Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Chilcote Company Employee Stock Ownership Plan is a defined contribution plan covering all employees of The Chilcote Company and Subsidiaries. It became effective on January 1, 1984. The plan operates, in relevant part, as an employee stock ownership plan ("ESOP") and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 ("IRC"), and Section 407(d)(6) of the Employee Retirement Income Security Act of 1974 ("ERISA"). Accordingly, the Plan is administered by individuals appointed by the Board of Directors of the Company.

The more significant provisions of the Plan are as follows:

Basis of Presentation

The financial statements of The Chilcote Company Employee Stock Ownership Plan have been prepared using the accrual basis of accounting, in conformity with generally accepted accounting principles.

Eligibility

All employees of the employer are eligible to participate in the Plan once they have performed one year or more of service where they have worked 1,000 hours. The Company excludes from eligibility employees covered by a collective bargaining agreement and non-resident aliens. The plan allows for semi-annual entry dates.

Investment Options

Investments are held in a trust created under the Plan. Investments consist of closely-held common stock. The Common Stock account is made up of both allocated and unallocated shares. Each year a portion of unallocated shares is allocated among participants according to covered compensation. As of December 31, 2018, the unallocated common stock balance was \$48,140. Prior to 2014, investments included mutual funds. As of December 31, 2014, all mutual funds were sold and participants were encouraged to cash out their segregated investment accounts. Participants who did not cash out have been allocated cash equivalent to the balance in their accounts. Allocated cash was \$46,414 and \$46,267 at December 31, 2018 and 2017, respectively.

Contributions

Participants may not contribute to the Plan. The Company, at its discretion, may make a contribution to the Plan in the form of cash or company stock without regard to accumulated net profits of the employer and is determined by the Board of Directors. This contribution is allocated according to covered compensation of each eligible participant.

THE CHILCOTE COMPANY EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 - SUMMARY OF PLAN (CONTINUED)

Vesting Requirements

A separate account is maintained for each participant to record their share of contributions, forfeitures and plan earnings. The participant's portion of the Company contribution adheres to a six year graded vesting schedule.

Forfeitures

Non-vested account balances remaining in terminated participant accounts on the earlier of the last day of the fifth plan year after separation or the plan year in which the entire vested balance is removed from the account are forfeited. Forfeited balances are removed from the participant account and distributed among the remaining active participants in the Plan. The total value of forfeitures, which included both Company stock and cash balances, removed from participant accounts and allocated to remaining participants in the year ending December 31, 2018 was \$6,423.

Voting Rights

Each participant is entitled to exercise certain voting rights attributable to the voting shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. Currently, the only shares of stock allocated to ESOP participants are non-voting shares.

Benefit Payments

Upon normal retirement, death, or disability retirement, each participant receives the value of their individual account in either a lump sum distribution or in equal annual installments over a period not to exceed 5 years, depending on account value. Termination of a participant for reasons other than normal retirement, death or disability will result in distribution of their account as soon as administratively possible during the sixth Plan year following their termination.

The third plan amendment was adopted during 2014 which allows participants who terminated employment on or before January 1, 2007 to have their vested non-stock benefit distributed in a single sum, regardless of account value.

The Plan shall not be required to distribute any Employer Securities obtained with the proceeds of a Security Acquisition Loan until the close of the Plan year in which the loan balance is repaid in full.

Benefit distributions are recorded when paid to participants.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants that is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTE 1 - SUMMARY OF PLAN (CONTINUED)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage increases to 50 percent. Participants who elect to diversify receive a cash distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting, in conformity with generally accepted accounting principles.

Contributions

Contributions due from the Company, if any, are accrued when approved by the Board of Directors. Such accrued contributions are funded by the Company prior to filing its federal income tax return, including extensions.

Administrative expenses

The expenses necessary to administer the Plan are paid by the Plan or Plan sponsor including, but not limited to, those involved in retaining necessary professional assistance from an attorney, an accountant, an actuary or an investment advisor.

Valuation of Investments

An independent annual stock valuation was performed on the closely-held common stock to determine its fair value as of December 31, 2018. Cash is valued at carrying value.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from estimates.

THE CHILCOTE COMPANY EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (CONTINUED)

Risk of Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in value in the near term would materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 3 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments in 2018 and 2017 are shares of The Chilcote Company common stock and cash. The Chilcote Company is the plan sponsor and First Federal of Lakewood is the current custodian, and therefore, these transactions qualify as party-in-interest transactions. Certain fees for administrative expenses are with the custodian and are not considered prohibitive transactions under ERISA.

NOTE 4 - INCOME TAX STATUS

The trust established under the Plan that holds the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved plan. The Plan has received a favorable opinion letter from the IRS and the Plan qualifies under IRS code section 401(a), provided all terms of the plan are followed.

The plan obtained its latest determination letter on September 24, 2013, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 5 - ESOP LOAN AGREEMENT TO PURCHASE SHARES

In 2006, The Chilcote Company sold to the Trust of The Chilcote Company Employee Stock Ownership Plan 10,000 shares of stock for \$3,970,000. The Company loaned the Trust the entire \$3,970,000 at 5% per annum. To secure payment of the note, the Trustee shall grant the Company interest in and agrees to pledge 10,000 shares of stock.

The scheduled amortization of the loan for the next three years is as follows:

2019	115,791
2020	115,791
2021	115,794

Final payment of the note will be made in 2021.

NOTE 6 - PLAN TERMINATION

Although it has expressed no intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 7 – INVESTMENTS

The Company stock is held in a safety deposit box at Key Bank, which is accessible only by top Company management.

Principal Financial Group, the Third Party Administrator of the Plan, maintained the recordkeeping for the common stock accounts in 2018 and 2017. The accounts are credited with earnings/losses on the underlying common stock investment and charged for plan withdrawals. These investments are included in the financial statements at fair value, as determined by an independent appraisal, completed annually.

Net depreciation on the value of investments totaled \$1,114,127 for the year ended December 31, 2018.

NOTE 8 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 and 2017.

Common Stock - Closely Held: Valued at fair value per an independent evaluation. The evaluation is based primarily upon the Company's stated stockholders' equity and an analysis and consideration of the financial and other results for the year ended December 31, 2018.

Cash – valued at carrying value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants of
The Chilcote Company Employee Stock Ownership Plan

Report on the Financial Statements

We have audited the accompanying financial statements of The Chilcote Company Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Chilcote Company Employee Stock Ownership Plan as of December 31, 2018 and 2017, and changes in net assets available for benefits for the year ended December 31, 2018 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule I, referred to as “supplemental information,” is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

THE CHILCOTE COMPANY EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 - SUMMARY OF PLAN

The following brief description of The Chilcote Company Employee Stock Ownership Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Chilcote Company Employee Stock Ownership Plan is a defined contribution plan covering all employees of The Chilcote Company and Subsidiaries. It became effective on January 1, 1984. The plan operates, in relevant part, as an employee stock ownership plan ("ESOP") and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 ("IRC"), and Section 407(d)(6) of the Employee Retirement Income Security Act of 1974 ("ERISA"). Accordingly, the Plan is administered by individuals appointed by the Board of Directors of the Company.

The more significant provisions of the Plan are as follows:

Basis of Presentation

The financial statements of The Chilcote Company Employee Stock Ownership Plan have been prepared using the accrual basis of accounting, in conformity with generally accepted accounting principles.

Eligibility

All employees of the employer are eligible to participate in the Plan once they have performed one year or more of service where they have worked 1,000 hours. The Company excludes from eligibility employees covered by a collective bargaining agreement and non-resident aliens. The plan allows for semi-annual entry dates.

Investment Options

Investments are held in a trust created under the Plan. Investments consist of closely-held common stock. The Common Stock account is made up of both allocated and unallocated shares. Each year a portion of unallocated shares is allocated among participants according to covered compensation. As of December 31, 2018, the unallocated common stock balance was \$48,140. Prior to 2014, investments included mutual funds. As of December 31, 2014, all mutual funds were sold and participants were encouraged to cash out their segregated investment accounts. Participants who did not cash out have been allocated cash equivalent to the balance in their accounts. Allocated cash was \$46,414 and \$46,267 at December 31, 2018 and 2017, respectively.

Contributions

Participants may not contribute to the Plan. The Company, at its discretion, may make a contribution to the Plan in the form of cash or company stock without regard to accumulated net profits of the employer and is determined by the Board of Directors. This contribution is allocated according to covered compensation of each eligible participant.

THE CHILCOTE COMPANY EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 - SUMMARY OF PLAN (CONTINUED)

Vesting Requirements

A separate account is maintained for each participant to record their share of contributions, forfeitures and plan earnings. The participant's portion of the Company contribution adheres to a six year graded vesting schedule.

Forfeitures

Non-vested account balances remaining in terminated participant accounts on the earlier of the last day of the fifth plan year after separation or the plan year in which the entire vested balance is removed from the account are forfeited. Forfeited balances are removed from the participant account and distributed among the remaining active participants in the Plan. The total value of forfeitures, which included both Company stock and cash balances, removed from participant accounts and allocated to remaining participants in the year ending December 31, 2018 was \$6,423.

Voting Rights

Each participant is entitled to exercise certain voting rights attributable to the voting shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. Currently, the only shares of stock allocated to ESOP participants are non-voting shares.

Benefit Payments

Upon normal retirement, death, or disability retirement, each participant receives the value of their individual account in either a lump sum distribution or in equal annual installments over a period not to exceed 5 years, depending on account value. Termination of a participant for reasons other than normal retirement, death or disability will result in distribution of their account as soon as administratively possible during the sixth Plan year following their termination.

The third plan amendment was adopted during 2014 which allows participants who terminated employment on or before January 1, 2007 to have their vested non-stock benefit distributed in a single sum, regardless of account value.

The Plan shall not be required to distribute any Employer Securities obtained with the proceeds of a Security Acquisition Loan until the close of the Plan year in which the loan balance is repaid in full.

Benefit distributions are recorded when paid to participants.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants that is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

DECEMBER 31, 2018 AND 2017

NOTE 1 - SUMMARY OF PLAN (CONTINUED)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage increases to 50 percent. Participants who elect to diversify receive a cash distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting, in conformity with generally accepted accounting principles.

Contributions

Contributions due from the Company, if any, are accrued when approved by the Board of Directors. Such accrued contributions are funded by the Company prior to filing its federal income tax return, including extensions.

Administrative expenses

The expenses necessary to administer the Plan are paid by the Plan or Plan sponsor including, but not limited to, those involved in retaining necessary professional assistance from an attorney, an accountant, an actuary or an investment advisor.

Valuation of Investments

An independent annual stock valuation was performed on the closely-held common stock to determine its fair value as of December 31, 2018. Cash is valued at carrying value.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from estimates.

THE CHILCOTE COMPANY EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (CONTINUED)

Risk of Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in value in the near term would materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 3 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments in 2018 and 2017 are shares of The Chilcote Company common stock and cash. The Chilcote Company is the plan sponsor and First Federal of Lakewood is the current custodian, and therefore, these transactions qualify as party-in-interest transactions. Certain fees for administrative expenses are with the custodian and are not considered prohibitive transactions under ERISA.

NOTE 4 - INCOME TAX STATUS

The trust established under the Plan that holds the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved plan. The Plan has received a favorable opinion letter from the IRS and the Plan qualifies under IRS code section 401(a), provided all terms of the plan are followed.

The plan obtained its latest determination letter on September 24, 2013, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 5 - ESOP LOAN AGREEMENT TO PURCHASE SHARES

In 2006, The Chilcote Company sold to the Trust of The Chilcote Company Employee Stock Ownership Plan 10,000 shares of stock for \$3,970,000. The Company loaned the Trust the entire \$3,970,000 at 5% per annum. To secure payment of the note, the Trustee shall grant the Company interest in and agrees to pledge 10,000 shares of stock.

The scheduled amortization of the loan for the next three years is as follows:

2019	115,791
2020	115,791
2021	115,794

Final payment of the note will be made in 2021.

NOTE 6 - PLAN TERMINATION

Although it has expressed no intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 7 – INVESTMENTS

The Company stock is held in a safety deposit box at Key Bank, which is accessible only by top Company management.

Principal Financial Group, the Third Party Administrator of the Plan, maintained the recordkeeping for the common stock accounts in 2018 and 2017. The accounts are credited with earnings/losses on the underlying common stock investment and charged for plan withdrawals. These investments are included in the financial statements at fair value, as determined by an independent appraisal, completed annually.

Net depreciation on the value of investments totaled \$1,114,127 for the year ended December 31, 2018.

NOTE 8 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 and 2017.

Common Stock - Closely Held: Valued at fair value per an independent evaluation. The evaluation is based primarily upon the Company's stated stockholders' equity and an analysis and consideration of the financial and other results for the year ended December 31, 2018.

Cash – valued at carrying value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
