Note 1 - Description of the Plan

The following description of the Southern Specialties, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. A more complete description of the Plan's provisions may be found in the summary plan description, which has been distributed to all participants, and in the Plan document, which is available to all Plan participants upon request.

General: The Plan is a defined contribution plan established in 2005 by Southern Specialties, Inc., (the "Company") covering all full-time employees of, who have completed six months of consecutive service and are age 21 or older. Effective March 1, 2015, the Plan was amended and restated in its entirety. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may elect to contribute a percentage of annual compensation up to a specific percentage amount, as defined in the Plan, subject to Internal Revenue Service (IRS) regulations. Contributions to the Plan are pre-tax and are deductible from gross income for federal income tax purposes. In addition, the Plan allows for rollover contributions from other plans under certain conditions.

For 2018, total employer and participant contributions may not exceed the lesser of 100% of compensation or $ 55,000. Participants may contribute to the Plan the lesser of $ 18,500 of their compensation or 80% of their compensation, as well as an additional $ 6,000 for eligible participants over 50 years of age, subject to IRS Regulations. The Plan provides for a safe harbor match of all contributions made by participants to the Plan up to 4% of their gross compensation.

Participant accounts (self-directed): Each participant's account is credited with the participant's contribution as well as the Company's contribution for the participants. The earnings or losses, including market value adjustments, on a participant's account are based on the performance of the investment funds selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note receivable from participants: Participants may borrow from their respective vested account balances. The maximum amount each participant may borrow is the lesser of 50% of their respective vested account balance or $ 50,000. The term of the loan may not exceed five years. The loans are secured by the participant's account balance and bear interest at a reasonable rate at the time of application, 5.25% to 8.00% at December 31, 2018. Principal and interest is paid ratably through payroll deductions. At December 31, 2018 and 2017, participants' loans totaled approximately $ 213,000 and $ 170,000, respectively. Interest income earned in connection with participant loans for the year ended December 31, 2018 was $ 11,244.

Vesting: Participants are immediately fully vested on all contributions, including those made by the Company, made to the Plan plus the earnings thereon.

Payment of benefits: Distributions from the Plan are made upon retirement from the Company, termination from service with the Company, death or disability or other limited circumstances, subject to IRS regulations.

Note 2 - Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

Note 2 - Significant Accounting Policies (continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the cash basis. Related fees are charged directly to the borrowing participant's accounts and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment valuation and income recognition: Investments are reported at their fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued as it is earned and dividend income is recorded as of the ex-dividend date. "Net appreciation (decline) in fair value of investments" on the statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses: Certain fees are paid directly from Plan assets, which amounted to $ 28,273 for the Plan year ended December 31, 2018. The Company, the Plan's sponsor, pays all other administrative expenses. These other administrative amounts are not reflected in the accompanying financial statements.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures in the financial statements and the reported amounts of additions to and reductions from net assets during the reporting period. Actual results may differ from those estimates.

Date of management review: Subsequent events have been evaluated by management through October 11, 2019, the date the financial statements were available to be issued.

Note 3 - Information Certified by Plan's Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

Accordingly, John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan assets, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017; the related investment activity and interest income on notes receivable from participants reflected in the accompanying statement of changes in net assets available for benefits for the year then ended December 31, 2018; and the information reflected on the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2018.

Note 4 - Fair Value Measurements

In accordance with the Financial Accounting Standards Board in its Accounting Standards Codification, (ASC) No. 820, *Fair Value Measurements and Disclosures,* the Plan has defined and established a framework for measuring fair value and expanded disclosures about fair value measurements. Various inputs are used in determining the value of the Plan's investments. These inputs are summarized in three levels listed below:

- Level 1 - inputs are quoted market prices (unadjusted) in active markets for identical investments that the reporting entity can access at the measurement date.
- Level 2 - inputs are other than quoted prices included within Level 1 that are observable for the investments, either directly or indirectly. (e.g. quoted prices in active markets for similar securities, securities valuations based on commonly quoted benchmarks, interest rates and yield curves, and/or securities indices.)
- Level 3 - inputs are significant unobservable inputs. (e.g. information about assumptions, including risk, market participants would use in pricing a security)

The inputs or methodology for valuing securities are not necessarily an indication of the risks associated with investing in those securities.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled separate accounts: pooled separate accounts (PSA) are privately managed through investment companies and are not publicly quoted. PSAs are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company. The PSA's are valued based on the net asset value (NAV) of the underlying mutual funds or securities. The Plan has concluded that the NAVs reported by the investment companies approximate the fair value of the investments. There are currently no redemption restrictions or unfunded commitments on these investments.

Fair values of investments held by the Plan are classified at December 31, 2018 and 2017 as follows:

	Level 1	Level 2	Level 3	Investments Valued at NAV	Total
At December 31, 2018:					
Pooled separate accounts	$ -	$ -	$ -	3,357,200	$ 3,357,200
Total	$ -	$ -	$ -	$ 3,357,200	$ 3,357,200
At December 31, 2017:					
Pooled separate accounts	$ -	$ -	$ -	$ 3,213,389	$ 3,213,389
Total	$ -	$ -	$ -	$ 3,213,389	$ 3,213,389

Note 5 - Tax Status

The Plan obtained its latest determination letter dated July 8, 2014, in which the Internal Revenue Service stated that the Plan, a prototype non-standardized profit sharing plan, was in compliance with the applicable requirements of the Internal Revenue Code Section 401(k) (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Trust is, therefore, exempt from federal income tax. Participants are not subject to federal income taxes on the applicable contributions, distributions, interest and dividend income, or other income until distributions are made to them.

The Plan Administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 6 - Risks and Uncertainties

The Plan provides for various investment options in registered investment companies. These investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 7 - Parties-in-Interest

Section 3 (14) of ERISA defined a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the custodian and certain administrative expenses are considered party-in interest transactions.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.
