Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
American De Rosa Lamparts, LLC 401k Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of American De Rosa Lamparts, LLC 401k Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

American De Rosa Lamparts, LLC 401k Plan
Notes to Financial Statements
December 31, 2018 and 2017

Note 1. Description of the Plan

The following description of the American De Rosa Lamparts, LLC 401k Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established on May 17, 2007 to qualify as a defined contribution retirement plan for American De Rosa Lamparts, LLC and Hallmark Lighting, LLC, an affiliated company (collectively known as the "Company" or "Employer"). The Plan has a pre-tax and post-tax (Roth) salary reduction provision as defined under Section 401(k) and an employer matching contribution under 401(m) of the Internal Revenue Code (“IRC”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participant Eligibility

Each of the Company’s employees are eligible to participate in the Plan upon reaching age 18, with the exception of employees covered by a collective bargaining agreement, unless the agreement requires the employees to be included under the Plan. Employees must also meet a three month service requirement to be eligible for the matching employer contributions. The Plan entry dates are the first day of each month.

Contributions

Each year, the Company’s eligible participants may elect to contribute a minimum of 1% and a maximum of 100% of their pre-tax compensation, as defined by the Plan, subject to the limitations as defined by the IRC. The Plan also allows eligible employees to make contributions on a post-tax, Roth 401(k) basis. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan established an automatic elective deferral rate equal to 4% of compensation for eligible employees who do not make an election within 30 days of the employee’s date of hire, but no sooner than their entry date.

The Company shall make a discretionary matching Employer contribution each year, on behalf of each eligible participant. Discretionary Employer matching contributions are allocated to Plan participants on a payroll by payroll basis, without regard to the number of hours worked. For the year ended December 31, 2018, the Company made a discretionary matching Employer contribution equal to 50% of the participant’s elective contribution not to exceed 4% of the participant’s eligible compensation.

Note 1. Description of the Plan (continued)

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of all contributions to their accounts into various investment options offered by the Plan.

Contribution Funding

The Company makes contributions to the Plan for employee contributions and Company matching contributions on a basis consistent with the related payroll periods.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's matching contributions and Plan earnings less an allocation of investment and operating expenses charged to the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivables from Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Loan terms range from one to five years, except for loans used for the purchase of a primary residence, which may be for a longer period of time. Principal and interest is paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Vesting

Participants are 100% vested in their contributions plus actual earnings thereon. Participants become fully vested in the Company matching contributions after two years of service, attainment of age 65, or prior to the retirement date in the event of death or total and permanent disability. Participants shall become vested in the Company's matching contributions and earnings on Company matching contributions, excluding years prior to the Plan's effective date, as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 1 year	0%
1 year	50%
2 or more years	100%

Note 1. Description of the Plan (continued)

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive the vested portion of their Company contributions and earnings on their Company contributions and 100% of their pre-tax contributions and earnings on their contributions in either a lump sum payment or partial withdrawals as soon as administratively possible following participants' requests for distribution.

If a terminated participant's account balance does not exceed \$5,000 the participant shall receive a distribution in a single lump-sum payment, regardless of whether the participant consents to the distribution or not. If the participants vested account balance exceeds \$1,000 but is less than \$5,000, the distribution will be directly rolled over into an IRA designated by the Plan administrator unless the terminated participant elects to rollover the account balance or to receive the distribution directly.

Subject to certain restrictions, in-service withdrawals from a participant's elective deferral contributions may be permitted to participants who are over the age of 59-1/2 or if the participant qualifies for a financial hardship, as described in the Plan Document, for which funds are not reasonably available from other resources of the participant. Employees who receive hardship distributions are excluded from participating in the Plan for a six-month period.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. The forfeited amounts may be used to reduce Company matching contributions or to pay certain operating expenses of the Plan. As of December 31, 2018 and 2017, there were approximately \$19,000 and \$4,000, respectively, of forfeitures available. During the year ended December 31, 2018, approximately \$9,000 of forfeitures were used to pay certain operating expenses.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participants' accounts and are included in administrative fees. Certain recordkeeping fees are paid by the Plan and are included in administrative fees. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Except for the unallocated forfeitures discussed in Note 1, the net assets of the Plan are allocated entirely to individual participants' accounts.

Concentrations

As of December 31, 2018 and 2017, one investment accounted for approximately 21% and 22%, respectively, of the Plan's net assets.

Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Revenue Recognition

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2018, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available to be issued, and has determined there are no subsequent events that require disclosure.

Note 3. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

a) Investments

** Notes receivable from participants are participant loans allowed under the related regulations. The participant loans are certified by the trustee, and are included as investments on the supplemental schedule, Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

Note 4. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Note 4. Fair Value Measurements (continued)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Common/collective trust fund (Stable Value Fund): The investment is valued using Net Asset Value ("NAV") as a practical expedient based on contract value, which represents invested principal plus accrued interest less expenses thereon. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contacts, the ability of the parties to the contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security. While the fair value of the investments in the common/collective trust are determined by the investee's trustee based on the fair value of the underlying securities within the investment, at the fund level, the fair value of the investment as reported by the investment custodian at the Plan level is based on NAV as the practical expedient which is contract value. Contract value is the relevant fair value for such an investment as it is the value that participant's transactions are reported.

Common/collective trust funds (other): These investments are public investment securities valued using the NAV as the practical expedient as provided by the investment custodian. The NAV is quoted on a private market that is not active, however, the unit price is based on the underlying investments held by each fund. A majority of the investments held by each fund are traded on an active market.

Note 4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2018 and 2017:

	Fair Value Measurements Using Input Type			
<u>December 31, 2018</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 263,842	\$ ---	\$ ---	\$ 263,842

	Fair Value Measurements Using Input Type			
<u>December 31, 2017</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 338,304	\$ ---	\$ ---	\$ 338,304

Common/collective trust funds measured at NAV*				<u>3,350,663</u>
Total investment at fair value				<u>\$ 3,688,967</u>

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

Note 4. Fair Value Measurements (continued)

The following additional information presents the fund strategy relative to Plan investments reported on net asset value at December 31, 2018 and 2017:

The common/collective trust funds offered in the Plan are subject to a daily redemption frequency restriction. The Stable Value Fund has an additional redemption restriction that prohibits direct exchanges from the fund to "competing" funds (e.g., money market funds, short term bond funds, certain asset allocation/lifecycle funds and brokerage window). The participant must first exchange to a non-competing fund for 90 days. There are no redemption notice requirements or unfunded commitments as of December 31, 2018 and 2017.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Plan has adopted a volume submitter profit sharing plan which received an advisory letter dated March 31, 2014 from the Internal Revenue Service ("IRS"). The IRS advisory letter provides that an employer adopting the volume submitter plan document may rely on the advisory letter with respect to the qualification of the Plan under IRC Section 401(a). The Plan has been amended and restated since receiving the advisory letter. However, the plan sponsor and Fidelity believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 8. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company, the trustee of the Plan, is a wholly owned subsidiary of Fidelity Investments.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Fidelity Management Trust Company, other investment custodians and investment advisors. Additionally, as noted in Note 1, certain administrative expenses related to participant initiated transactions and certain recordkeeping fees are paid directly to Fidelity Management Trust Company.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 9. Excess Contributions

Contributions received from participants for the plan years ended December 31, 2018 and 2017 include \$14,611 and \$6,765, respectively, of excess contributions (net of corresponding gains and losses) that were distributed in February 2019 and March 2018, respectively, to certain active participants. The excess deferral contributions, originally contributed in the years ended December 31, 2018 and 2017 were returned to comply with the participants' applicable maximum annual contributions permitted under the IRC. The respective amounts are included in the Plan's statements of net assets available for benefits as excess contributions payable as of December 31, 2018 and 2017.

Note 10. Reconciliation of Financial Statements to Form 5500
