PROFIT SHARING AND 401(k) PLANS

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE 1 – Description of the Plan

The following description of the Atkinson, Andelson, Loya, Ruud & Romo Profit Sharing and 401(k) Plans (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers substantially all eligible permanent, part-time and full-time employees of Atkinson, Andelson, Loya, Ruud & Romo, A.P.C. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrative Committee (Committee) is responsible for oversight of the Plan. The Committee meets with the plan investment advisors to review and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Eligibility Requirements

Employees who have completed three months of service and are age 18 or older become eligible to participate in the Plan and make deferral contributions to the Plan after the applicable quarterly entry dates, coincident or following their employment commencement date. Employees become eligible to receive Non-Safe Harbor Non-Elective Contributions (as defined) and Non-Safe Harbor Matching Contributions (as defined) after the applicable semi-annual entry dates upon reaching the age of 18, and being credited with one year and 1,000 hours of service.

Plan Administration

The Plan's administrator is the Company. Charles Schwab Bank (Charles Schwab) is the custodian of all participant-directed investments except the Retirement Income Fund, for which Wilmington Trust, N.A. (Wilmington) is the custodian. Charles Schwab is the Plan's directed trustee. The Company and the custodians have certain responsibilities as described by the plan document and the Trust agreement.

NOTE 1 – Description of the Plan (Continued)

Contributions

Each participant may elect to contribute a prescribed percentage of his or her pretax annual compensation to the Plan. And, effective January 1, 2018, Roth elective deferrals are permitted. For employees who elect to participate, such percentage shall not be less than 1% nor exceed 100% of eligible compensation as defined under the Plan, subject to certain Internal Revenue Service (IRS) limitations up to a maximum amount of $18,500 for the 2018 Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover), including Roth elective deferrals, effective January 1, 2018. Participants who are 50 years of age or older who have met the IRS deferral limit or the specified plan limits, may contribute a catch-up deferral of up to $6,000 for 2018. Effective September 3, 2018, the Plan was amended to allow for voluntary employee contributions.

The Plan also provides for discretionary Non-Safe Harbor Matching Contributions. Participants are eligible to receive Non-Safe Harbor Matching Contributions after one year of service has been completed. During the year ended December 31, 2018, the Company made Non-Safe Harbor Matching Contributions equal to 25% of the first 4% of plan compensation that a participant contributed to the Plan; or a maximum match of 1%. For the year ended December 31, 2018, Non-Safe Harbor Matching Contributions totaled approximately $345,000.

The Plan also permits the Company to make discretionary Non-Safe Harbor Non-Elective Contributions to participants' accounts. For the year ended December 31, 2018, Non-Safe Harbor Non-Elective Contributions to the Plan, net of forfeitures, totaled approximately $4,488,000. Contributions are subject to certain IRS limitations.

Participant and Company contributions to each participant's account are self-directed by the participant in one or more of the investment choices offered under the Plan. The Plan currently offers mutual funds and a common collective trust. Participants' contributions must be allocated among the available investment choices in whole percentages. Participants may change their self-directed investment elections at any time via direct phone or via internet access with the custodians.

NOTE 1 – Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Non-Safe Harbor Matching Contributions, as well as Non-Safe Harbor Non-Elective Contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, the Non-Safe Harbor Matching Contributions, and the earnings thereon. Vesting in the Company's discretionary Non-Safe Harbor Non-Elective Contributions portion of their accounts is based on years of continuous service, using the counting-of-hours method. A participant must complete 1,000 hours of service in a plan year in order to be credited with a year of vesting service. Participants vest in Non-Safe Harbor Non-Elective Contributions in accordance with the following schedule:

Years of Vesting Service	Vested Percentage
1 or less	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 0.50% above the prime rate, as defined. Principal and interest are paid ratably through monthly payroll deductions.

NOTE 1 – Description of the Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For required minimum distributions, participants may elect to receive installments over a period that does exceed beyond the life of the participants. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Subsequent to December 31, 2018, the Plan was amended to allow for partial payment of the value of the participant's vested interest in his or her account for participants who were terminated for reasons other than death.

Withdrawals by participants from their accounts are permitted in accordance with the Plan's provisions.

In-Service Withdrawals

Participants who are at least 59-½ years of age are entitled to receive a distribution of all or any portion of their vested account balance.

Hardship withdrawals, which meet a hardship purpose of immediate and heavy financial need, are permitted as provided in the plan agreement. Such amounts may be drawn from a participant's deferral contributions only and may be subjected to certain income tax penalties.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled approximately $127,000 and $142,000, respectively. These accounts will be used to reduce future employer contributions or to pay administrative expenses. During the year ended December 31, 2018, administrative expenses of approximately $13,000 were paid from forfeited nonvested accounts. Additionally, for the years ended December 31, 2018 and 2017, a total of approximately $142,000 and $140,000, respectively, of forfeitures were used to reduce employer discretionary contributions.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the Unites States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – Summary of Significant Accounting Policies (Continued)

Expenses

Certain expenses maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses that may be in addition to the investment advisory fees reported are included in net appreciation in fair value investments.

Subsequent Events

The Plan has evaluated subsequent events through October 3, 2019, the date the financial statements were available to be issued.

NOTE 3 – Certified Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank and Wilmington Trust, N.A., the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Net depreciation in fair value of investments
- Interest, dividends, and other income
- Schedule of assets held at end of year

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 – Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by a custodian, Wilmington Trust, N.A., is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. (See Note 5.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value measurements at December 31, 2018 and 2017.

	Assets at Fair Value at December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 129,865,369			$ 129,865,369
Total assets in the fair value hierarchy	129,865,369			129,865,369
Investment measured at net asset value [(a)]				
Common collective trust				8,192,636
Investments at fair value	$ 129,865,369	None	None	$ 138,058,005

NOTE 4 - Fair Value Measurements (Continued)

	Assets at Fair Value at December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 135,932,262			$ 135,932,262
Total assets in the fair value hierarchy	135,932,262			135,932,262
Investment measured at net asset value [(a)]				
Common collective trust				7,115,697
Investments at fair value	$ 135,932,262	None	None	$ 143,047,959

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent), as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 - Common Collective Trust

The Plan is invested in a benefit-responsive guaranteed investment contract with Wilmington, who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract is invested in indirect investments in fully benefit-responsive investment contracts and, therefore, is reported at fair value, which is its NAV. The contract's NAV is based on contract value, as contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Wilmington, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 5 - Common Collective Trust (Continued)

There are no reserves against contract value for credit risk of the contract issue or otherwise. The NAV for financial statement purposes at December 31, 2018 and 2017 was $8,192,636 and $7,115,697, respectively. The Form 5500 has reported the contract at fair value, as reported to the Plan by Charles Schwab Bank, a custodian, which was $7,641,518 and $6,677,410 at December 31, 2018 and 2017, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rate is reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events which would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 - Related-Party Transactions and Party-In-Interest Transactions

Certain plan investments are investment funds managed by Charles Schwab Bank and Wilmington Trust, N.A., the custodians for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services that are not included in the investment advisory fees reported, are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to Charles Schwab of approximately $2,900 for administrative services. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

NOTE 8 – Tax Status

On June 19, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017 to the Form 5500:

	December 31,	
	2018	2017

Net assets available for benefits per the Form 5500	$ 143,436,008	$ 148,158,456

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31, 2017:
