Notes to Financial Statements

December 31, 2018 and 2017

Plan Description

The following description of the LifeCare Alliance (the Organization) 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all permissible employees of the Organization, as defined in accordance with the universal availability standards. Employees are eligible to enroll on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In May 2018, the Plan was retroactively amended with an effective date of March 1, 2017 to recognize the Central Ohio Diabetes Association (CODA) employees assumed by the Organization based on the hire date with CODA for plan purposes of matching and non-elective contributions.

Contributions

Each year, participants may contribute any percentage of compensation provided that their salary deferral contributions do not exceed federal limits. Participants who have attained age 50 before the end of the Plan year or have in excess of fifteen years of service with the Organization are eligible to make catch-up contributions. Effective June 1, 2013, the Plan document was amended to provide for the Organization to contribute to the Plan. Pursuant to the amended Plan document, the Organization may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participant's elective deferrals. Additionally, the amended plan document also allows for the Organization to make a discretionary non-elective contribution allocated to each participant as a uniform percentage of compensation. The Organization made a matching contribution equal to 50% of the first 4% of eligible compensation that a participant contributed to the Plan during 2018 and 2017. The Organization contributed non-elective contributions equal to 1% of each eligible participant's eligible compensation during 2018 and 2017. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (i) employer contributions and (ii) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Organization's contributions portion of their accounts, plus actual earnings thereon, is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options

A participant may direct contributions in any of the various investment funds that the Plan offers through Matrix Trust Company (Matrix). Prior to June 1, 2013, a participant was permitted to direct contributions in any of the various investment funds that the Plan offered through Variable Annuity Life Insurance Company (VALIC). Participants are no longer permitted to make contributions to VALIC. Participants may change their investment options at any time.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeited non-vested accounts totaled \$2,591 and \$2,297 as of December 31, 2018 and 2017, respectively. The accounts are used to pay administrative expenses of the Plan. If any forfeited funds are remaining, those funds can be used to reduce employer contributions. During 2017, forfeitures of \$4,780 were used to reduce the employer contribution receivable due to the Plan as of December 31, 2016. No forfeitures were used during 2018.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Cost of Plan administration is paid by forfeitures of the non-vested portion of terminated participants' accounts. Administrative expenses that exceed available forfeitures are paid by the Organization unless Plan management directs the Plan to pay administrative expenses.

Notes to Financial Statements

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All mutual funds are valued within Level 1 of the fair value hierarchy as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Group Annuity Contracts

In 2015, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Standard Insurance Company (Standard) totaling \$179,706 and \$187,065 at December 31, 2018 and 2017, respectively. Additionally, the Plan holds a traditional fully benefit-responsive guaranteed investment contract with VALIC, totaling \$15,762 and \$49,908 at December 31, 2018 and 2017, respectively.

LIFECARE ALLIANCE 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2018 and 2017

Group Annuity Contracts (continued)

Standard and VALIC maintain the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rates are based on formulas established by the contract issuers. For the Standard Contract, crediting rates ranged from 1.40% to 2.30% for 2018 and 2.30% to 2.35% for 2017. For the VALIC contract, the crediting rate may not be less than 1% for both 2018 and 2017. The crediting rates are reviewed on a quarterly basis for resetting. The guaranteed investment contracts do not permit the insurance companies to terminate the agreements prior to the scheduled maturity dates.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard and VALIC, represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet its financial obligations. The issuers' ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

LIFECARE ALLIANCE 403(b) RETIREMENT PLAN

Notes to Financial Statements December 31, 2018 and 2017

Information Prepared and Certified by the Custodians

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan's custodians.

	2018	2017
Group annuity contracts	\$ 195,468	\$ 236,973
Mutual funds	2,902,544	2,793,924
Total	\$ 3,098,012	\$ 3,030,897

The custodians also certified the completeness and accuracy of the following related to the aforementioned investments for the years ended December 31:

	2018	2017
Net (depreciation) appreciation in fair value of investments	\$(326,502)	\$ 289,585
Interest and dividends	148,860	106,215

Party-in-Interest Transactions

Certain plan investments are shares of mutual funds and a group annuity contract managed by VALIC. VALIC is one of the custodians, as defined by the Plan agreement, and therefore, these transactions qualify as party-in-interest transactions.

During 2018 and 2017, the Plan paid approximately \$1,100 and \$1,300, respectively, in recordkeeping fees to the Plan's record keeper. The Plan also paid approximately \$12,400 and \$10,100 in investment advisory fees to the Plan's investment advisor in 2018 and 2017, respectively. These fees have been recorded as part of benefits paid to participants on the statements of changes in net assets available for benefits.

Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

LIFECARE ALLIANCE 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2018 and 2017

Tax Status (continued)

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2018 statement of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Organization, at its sole discretion, may terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and contracts held on behalf of participants will be disbursed to such participants or be transferred to a successor plan, as directed by the participant.

Subsequent Events - Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.
