NOTE 1 DESCRIPTION OF PLAN

The following description of the TransPerfect Translation International, Inc. Retirement Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of TransPerfect Translations International, Inc., TransPerfect Document Management, Inc., TransPerfect Staffing Solutions LLC, TransPerfect, Inc., and TransPerfect Remote Interpreting, Inc. (collectively, the "Company") who are not members of a collective bargaining unit and have either been employed full-time for two months or part-time/temporary/seasonal employees who have worked a total of 1,000 hours and completed a year of service, and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are able to contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has adopted an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a deferral rate of 3% of eligible compensation unless they elect not to participate in the Plan. The initial automatic deferral amount increases by 1% of compensation per year up to a maximum of 6% of compensation. The escalation provision applies on the first day of each Plan year. The Company may decide each Plan year whether to make a discretionary non elective employer contribution on behalf of eligible active participants. For the year ended December 31, 2018, the Company provided matching contributions of 25% on the first 6% of base compensation that a participant contributed to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Plan earnings. Participants' accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (continued)

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is vested 20% after two years of credited service, with a 20% increase in each succeeding year until becoming fully vested after the sixth year of service. However, participants who are employed on or after their 65th birthday become immediately vested in these contributions.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at 1% above the prime rate, as defined. The interest rate for loans is determined monthly. Once determined, the interest rate will be fixed for the duration of the participants' loan. Principal and interest are paid through payroll deductions.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts
At December 31, 2018 and 2017, forfeited nonvested accounts totaled $496,743 and $346,338, respectively. These accounts will be used to reduce future employer contributions, pay for administrative expenses and to reinstate previously forfeited account balances of former participants who have been reemployed by the Company. Also, in 2018, administrative expenses and employer contributions were reduced by $36,050 from forfeited nonvested accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participants account and are recorded as administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of Benefits
Benefits are recorded when paid.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Expenses
Certain expenses of maintaining the plan are paid by the Company. Such expenses are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Institutional Trust Company (VITC), the custodian of the Plan.

NOTE 4 GROUP FUNDING AGREEMENT

The Plan offers an investment option called the Voya Fixed Account ("account") which is a group funding agreement. The account guarantees principal and a minimum guaranteed interest rate for the life of the product as well as featuring two declared interest rates: (1) a current rate, determined at least monthly and, (2) a guaranteed minimum floor rate declared for a defined period – currently one calendar year. The guaranteed minimum floor rate may change after the end of the defined period, but it will never be lower than the minimum guaranteed rate. For the years ended December 31, 2018 and 2017, the rate was 1.00% and was guaranteed not to drop below 1.00% through December 31, 2018.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Daily credited interest becomes part of principal and the investment increases through compounded interest. All funds invested by the Plan in the Voya Fixed Account receive the same credited rate. Withdrawals from the Voya Fixed Account for other than the payment of benefits to participants may be subject to a market value adjustment and a surrender charge. Due to the long-term nature of the account's investments, Voya may impose restrictions on the ability to move funds into or out of this investment option.

NOTE 5 RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

December 31,	**2018**	**2017**
Net assets available for benefits per the financial statements	$ 62,891,844	$ 60,584,179
Excess contributions payable	122,381	19,088
Net assets available for benefits per the Form 5500	$ 63,014,225	$ 60,603,267

NOTE 5 RECONCILIATION TO FORM 5500 (continued)

The following is a reconciliation of total contributions per the financial statements for the year ended December 31, 2018, to Form 5500:

Year Ended December 31,	2018
Total contributions per the financial statements	$ 11,203,213
Adjustment for excess contributions paid in 2018	103,293
Total contributions per Form 5500	$ 11,306,506

NOTE 6 FAIR VALUE MEASUREMENTS

The Plan's financial instruments are reported in accordance with ASC 820, which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 6 FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

Money Market Funds: The fair value of money market funds is determined by reference to the fund's assets, which are principally annuity contracts. Shares of Money Market Funds traded on national securities exchanges are valued at quoted market prices as of December 31, 2018 and 2017.

Mutual Funds: Mutual funds represent investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable equities and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at quoted market prices as of December 31, 2018 and 2017.

Group Funding Agreement:
The group funding agreement is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations. In determining the reasonableness of the methodology, the Plan evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings.

Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

		Fair Value Measurements Using:	
December 31, 2018	**Fair Value**	**Level 1**	**Level 3**
Money market funds	$ 496,665	$ 496,665	$ -
Mutual funds	58,595,517	58,595,517	
Group funding agreement	3,084,762	-	3,084,762
Total	$ 62,176,944	$ 59,092,182	$ 3,084,762

NOTE 6 FAIR VALUE MEASUREMENTS (continued)

December 31, 2017	Fair Value	Fair Value Measurements Using: Level 1	Level 3
Money market funds	$ 346,261	$ 346,261	$ -
Mutual funds	56,731,454	56,731,454

Total	$ 59,917,742	$ 57,077,715	$ 2,840,027

The following tables set forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2018 and 2017.

Purchases, issuances, sales, and settlements (net)	240,132
Transfers in and/or (out) of Level 3	(12,134)
Ending balance	$ 2,840,027

NOTE 7 RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments consist of shares of mutual funds and a group funding agreement which are managed by Voya. Voya is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Voya provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Voya. Voya receives revenue from mutual fund service providers for services Voya provides to the funds. This revenue is used to offset certain amounts owed to Voya for its administrative services to the Plan.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE 9 TAX STATUS

The Internal Revenue Service has determined and informed Voya by a letter dated September 1, 2014, that their prototype 401(k) Plan, is designed in accordance with applicable sections of the IRC. The Company subsequently adopted this Voya prototype plan as an amendment and restatement of the Plan in September 2015. Although the plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 RISKS AND UNCERTAINTIES

The Plan invests in various investment instruments, including mutual funds and a group funding agreement. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 11, 2019, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 1 DESCRIPTION OF PLAN

The following description of the TransPerfect Translation International, Inc. Retirement Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of TransPerfect Translations International, Inc., TransPerfect Document Management, Inc., TransPerfect Staffing Solutions LLC, TransPerfect, Inc., and TransPerfect Remote Interpreting, Inc. (collectively, the "Company") who are not members of a collective bargaining unit and have either been employed full-time for two months or part-time/temporary/seasonal employees who have worked a total of 1,000 hours and completed a year of service, and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are able to contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has adopted an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a deferral rate of 3% of eligible compensation unless they elect not to participate in the Plan. The initial automatic deferral amount increases by 1% of compensation per year up to a maximum of 6% of compensation. The escalation provision applies on the first day of each Plan year. The Company may decide each Plan year whether to make a discretionary non elective employer contribution on behalf of eligible active participants. For the year ended December 31, 2018, the Company provided matching contributions of 25% on the first 6% of base compensation that a participant contributed to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Plan earnings. Participants' accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (continued)

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is vested 20% after two years of credited service, with a 20% increase in each succeeding year until becoming fully vested after the sixth year of service. However, participants who are employed on or after their 65th birthday become immediately vested in these contributions.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at 1% above the prime rate, as defined. The interest rate for loans is determined monthly. Once determined, the interest rate will be fixed for the duration of the participants' loan. Principal and interest are paid through payroll deductions.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts
At December 31, 2018 and 2017, forfeited nonvested accounts totaled $496,743 and $346,338, respectively. These accounts will be used to reduce future employer contributions, pay for administrative expenses and to reinstate previously forfeited account balances of former participants who have been reemployed by the Company. Also, in 2018, administrative expenses and employer contributions were reduced by $36,050 from forfeited nonvested accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participants account and are recorded as administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of Benefits
Benefits are recorded when paid.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Expenses
Certain expenses of maintaining the plan are paid by the Company. Such expenses are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Institutional Trust Company (VITC), the custodian of the Plan.

NOTE 4 GROUP FUNDING AGREEMENT

The Plan offers an investment option called the Voya Fixed Account ("account") which is a group funding agreement. The account guarantees principal and a minimum guaranteed interest rate for the life of the product as well as featuring two declared interest rates: (1) a current rate, determined at least monthly and, (2) a guaranteed minimum floor rate declared for a defined period – currently one calendar year. The guaranteed minimum floor rate may change after the end of the defined period, but it will never be lower than the minimum guaranteed rate. For the years ended December 31, 2018 and 2017, the rate was 1.00% and was guaranteed not to drop below 1.00% through December 31, 2018.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Daily credited interest becomes part of principal and the investment increases through compounded interest. All funds invested by the Plan in the Voya Fixed Account receive the same credited rate. Withdrawals from the Voya Fixed Account for other than the payment of benefits to participants may be subject to a market value adjustment and a surrender charge. Due to the long-term nature of the account's investments, Voya may impose restrictions on the ability to move funds into or out of this investment option.

NOTE 5 RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

Net assets available for benefits per the financial statements	$ 62,891,844	$ 60,584,179
Excess contributions payable	122,381	19,088
Net assets available for benefits per the Form 5500	$ 63,014,225	$ 60,603,267

NOTE 5 RECONCILIATION TO FORM 5500 (continued)

The following is a reconciliation of total contributions per the financial statements for the year ended December 31, 2018, to Form 5500:

Year Ended December 31,	2018
Total contributions per the financial statements	$ 11,203,213
Adjustment for excess contributions paid in 2018	103,293
Total contributions per Form 5500	$ 11,306,506

NOTE 6 FAIR VALUE MEASUREMENTS

The Plan's financial instruments are reported in accordance with ASC 820, which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 6 FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

Money Market Funds: The fair value of money market funds is determined by reference to the fund's assets, which are principally annuity contracts. Shares of Money Market Funds traded on national securities exchanges are valued at quoted market prices as of December 31, 2018 and 2017.

Mutual Funds: Mutual funds represent investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable equities and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at quoted market prices as of December 31, 2018 and 2017.

Group Funding Agreement:
The group funding agreement is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations. In determining the reasonableness of the methodology, the Plan evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings.

Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

		Fair Value Measurements Using:	
December 31, 2018	**Fair Value**	**Level 1**	**Level 3**
Money market funds	$ 496,665	$ 496,665	$ -

Total	$ 62,176,944	$ 59,092,182	$ 3,084,762

NOTE 6 FAIR VALUE MEASUREMENTS (continued)

Total	$ 59,917,742	$ 57,077,715	$ 2,840,027

The following tables set forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2018 and 2017.

NOTE 7 RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments consist of shares of mutual funds and a group funding agreement which are managed by Voya. Voya is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Voya provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Voya. Voya receives revenue from mutual fund service providers for services Voya provides to the funds. This revenue is used to offset certain amounts owed to Voya for its administrative services to the Plan.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE 9 TAX STATUS

The Internal Revenue Service has determined and informed Voya by a letter dated September 1, 2014, that their prototype 401(k) Plan, is designed in accordance with applicable sections of the IRC. The Company subsequently adopted this Voya prototype plan as an amendment and restatement of the Plan in September 2015. Although the plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 RISKS AND UNCERTAINTIES

The Plan invests in various investment instruments, including mutual funds and a group funding agreement. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 11, 2019, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.
