1. DESCRIPTION OF THE PLAN

The following description of the DeSoto Sales, Inc. Profit Sharing 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a 401(k) and profit sharing plan covering substantially all eligible employees of Desoto Sales, Inc. ("the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Amendments: On September 15, 2017, the Plan was amended to provide the Company the ability to use forfeited balances to offset employer contributions that are Qualified Nonelective Contributions (QNECs), Qualified Matching Contributions (QMACs), and contributions made pursuant to Code §401(k)(12) (ADP Safe Harbor Contributions).

On January 1, 2018, the Plan was amended to provide the Company the ability to make "true-up" employer matching contributions.

On August 1, 2018, the Plan was amended to change the requirements for employees to be eligible to receive an employer profit sharing contribution. Pursuant to the amendment, an employee would only be eligible for employer profit sharing contributions if (1) he or she was employed on the last business day of the Plan year, and (2) the employee has completed at least a year of service. However, an employee who is not employed on the last day of the Plan year resulting from death, total and permanent disability, or termination of employment on or after the normal retirement age would be still be eligible to receive an employer profit sharing contribution, assuming the remaining eligibility requirements are satisfied.

Eligibility: Employees are eligible to voluntarily contribute to the Plan if they are at least 21 years old and completed three months of service. Employees can enroll in the Plan beginning on the first day of the month coinciding with or next following the date they become eligible.

To be eligible for employer matching contributions, employees must be at least 21 years old and completed one period of service. Period of service is defined as "twelve months have passed since the date of hire".

To be eligible for profit sharing contributions, employees must meet all the eligibility requirements as employer matching contributions, and, in addition, employees must be employed on the last day of the Plan year. However, participants who are not employed on the last day of the Plan year resulting from death, total and permanent disability, or termination of employment on or after the normal retirement age are still eligible to receive employer profit sharing contributions assuming the remaining eligibility requirements are met.

Plan Administration: The Company is the Plan sponsor and Transamerica Retirement Solutions, LLC is the third-party Plan administrator. Together they are responsible for Plan compliance with the provisions of ERISA. Transamerica Financial Life Insurance Company ("Transamerica") is the Plan custodian. Reliance Trust Company ("Reliance") is the Plan trustee.

1. DESCRIPTION OF THE PLAN (Continued)

Contributions: Participants may elect to contribute to the Plan based on a percentage of their annual earnings, subject to limitations defined in the Internal Revenue Code (IRC). In addition, in any calendar year in which a participant is age 50 or above, an additional "catch-up contribution" may be made.

The Plan allows participants to roll over balances from other retirement accounts.

The Plan provides for employer matching of participant contributions. The Plan sponsor's discretionary matching contributions were 50% of employees' deferral, up to 6% of eligible compensation for 2018. The total matching contribution for the Plan year 2018 was approximately $123,000.

The Company also makes discretionary profit sharing contributions to the Plan. The profit sharing contribution declared for 2018, which was received by the Plan in 2019, was approximately $252,000. The profit sharing contribution declared in 2017, which was received by the Plan in 2018, was approximately $245,000.

Participant Accounts: Each participant's account is credited with their voluntary contribution, the Company's matching contribution and an allocation of the Company's discretionary profit sharing contribution and plan earnings. Participants may direct their deferral contributions and the employer's matching and discretionary contributions, if any, to a selection of regulated investments. Allocations of the discretionary profit sharing contributions are allocated based on a percentage of the participant wages, as defined. Allocations of plan earnings are based on actual earnings on participant-directed investments. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary and rollover contributions, plus actual earnings thereon. Vesting by the participant in the employer's matching contributions and the discretionary profit sharing contributions, plus actual earnings thereon, is based on the number of years of continuous service. A participant is 100% vested after 6 years of credited service, or upon death or disability.

Distributions: Amounts contributed through salary or wage reductions may be withdrawn by, or distributed to, a participant only upon (1) termination of employment or (2) attaining the age of 59½. Withdrawals prior to attaining age 59½ are not permitted, except in the event of death, disability, or as a hardship distribution. Upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½. Upon termination of service, benefit payments may be made as lump-sum, partial lump-sum, or installment payments. In-service and hardship distributions are permitted if certain criteria are met.

Participant Loans: The Plan does not allow for participants to borrow from their fund accounts.

Forfeitures: Forfeited balances of terminated participants' non-invested accounts can be applied to reduce the employer contributions or the plan expense. For the year ending December 31, 2018 and 2017,

1. DESCRIPTION OF THE PLAN (Continued)

net assets available for benefits include a forfeiture balance of $41,917 and $36,017, respectively. In 2018, the Plan utilized $4,107 from the forfeiture account to offset a true up employer matching contribution declared in 2017. The forfeiture balance is currently invested in mutual fund.

Expense and Budget Account (EBA): The account is established for the purpose of paying plan expenses. Transamerica Retirement Solutions LLC (TRS – recordkeeper) credits amounts received from the investment provider and uses the credits to pay necessary and reasonable plan-related expenses. For the year ending December 31, 2018 and 2017, the balance in the account is $8,794 and $364, respectively. The balance is included within the Unallocated accounts asset balance within the balance sheet presented as of December 31, 2018. The EBA account is invested in a fully benefit-responsive group variable annuity contract provided by Transamerica.

Advanced Employer Account: A deposit for which insufficient instructions have been provided is kept in this account. For the year ending December 31, 2018 and 2017, the balance in the account was $627 and $625, respectively. This balance is included within the Unallocated accounts asset balance within the balance sheet presented as of December 31, 2018. The advanced employer account is invested in a fully benefit-responsive group variable annuity contract provided by Transamerica.

Plan Costs: The general administration and investment fees are paid by the plan participants proportionally based on the value of account balance. Participants may be assessed fees directly associated with administration of their individual accounts, including fees related to the processing of distributions. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Plan Termination: Although it has not expressed any intent to do so, the Company has the authority to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNFICIANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting. Investments are stated at fair value. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further information.

2. SUMMARY OF SIGNFICIANT ACCOUNTING POLICIES (continued)

regarding fair value measurement. The Plan presents, in the statement of changes in net assets available for Plan benefits, the net appreciation in the fair value of the investments, which consists of realized gains or losses and the unrealized appreciation or depreciation of those investments.

Excess Contributions: Participants' contributions in excess allowed by the IRS are recorded as distribution in the year when they are refunded. Excess contributions made in 2018 which will be distributed in 2019 were $6,523. Excess contributions made in 2017 which were distributed in 2018 amounted to $9,355.

Benefit Payments: Benefits are recorded when paid.

Subsequent Events: Subsequent events were evaluated through October 11, 2019, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are valued at fair value. Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, provides a single definition of fair value for accounting purposes, establishes a consistent framework for measuring fair value, and expands disclosure requirements about fair value measurements. ASC 820 defines fair value as the value that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Pursuant to ASC 820, each of the Plan's fair value measurements are categorized using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Plan has no Level 3 assets at December 31, 2018.

3. FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Mutual funds owned by the plan as of December 31, 2018 and 2017 were valued at the quoted net asset value of shares held by the Plan at year-end. Net asset value per unit is determined each business day. Issues and redemptions of units are recorded, upon receipt of unitholder's instructions in good order, based on the next determined net asset value per unit, normally each day. Investments in the mutual funds can be redeemed with no advance notice on any day on which the relevant stock exchange is open for trading.

Stable value accounts: Unallocated accounts are invested in the Transamerica Stable Value Core Account. This account is a fully benefit-responsive group variable annuity contract which is presented at contract value, rather than fair value, in the Statements of Net Assets Available for Benefits. The Plan's Administrative Committee does not believe that any events that would limit the Plan's ability to transact at contract value with Transamerica are probable of occurring.

The valuation methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2018, are reported in net appreciation (depreciation) in fair value of investments.

A summary of the Plan's assets by investment fund type and hierarchy is shown below:

4. INVESTMENTS AND CERTIFICATION BY CUSTODIAN (UNAUDITED)

The plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan management instructed the plan's independent auditors not to perform any auditing procedures with respect to the information certified by Transamerica, except for comparing the information with the related information included in the financial statements and supplemental schedule.

Total investments held and certified by Transamerica in the Plan's Statements of Net Assets Available for Benefits is $8,634,767 and $8,625,238 as of December 31, 2018 and 2017, respectively. Net investment loss certified by Transamerica in the Plan's Statement of Changes in Net Assets Available for Benefits was $(342,177) for the year ended December 31, 2018.

5. TAX STATUS

The Plan is governed by a standardized plan document that received its most recent favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

The Plan is subject to routine audits by taxing jurisdictions; however, as of December 31, 2018, the Plan has not been advised that any of its tax filings will be audited. As of December 31, 2018 the Plan's tax returns generally remain open for the last three years.

6. PARTIES-IN-INTEREST

In addition to the Plan sponsor, the Plan custodian and the Plan trustee, parties-in-interest include Merrill Lynch, the Plan's financial advisor, and Transamerica Retirement Solutions, LLC, the Plan's third party administrator, who provides Plan administrative service, recordkeeping service and compliance consulting service. Transactions with all parties-in-interest for the years ended December 31, 2018 were exempt from the prohibited transaction rules under ERISA.

The balances in Expense Budget Accounts (EBA) and Advanced Employer Account are invested in the stable funds offered by Transamerica.

In 2018, the Plan incurred $39,362 for recordkeeping and administrative service by Transamerica Retirement Solutions, LLC. In 2018, the Company received a credit from Merrill Lynch in the amount of $46,532, which has been included in other income in 2018.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
