1. DESCRIPTION OF PLAN

The following description of the Ghost Management Group, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under the provisions of Section 401(k) of the Internal Revenue Code ("IRC") covering all full-time employees of Ghost Management Group, LLC and its subsidiaries (collectively the "Company" or "Sponsor" or "Plan Administrator") who are age 18 or older. Reliance Trust Company is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan, up to the IRC limitations of $18,500 for the 2018 plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Company makes matching contributions at the rate of 50% of participant deferrals, inclusive of catch-up contributions, to 6% of compensation. The Company may also make a discretionary nonelective contribution to the Plan which is allocated to all eligible participants. During the year ended December 31, 2018, the Company did not make a nonelective contribution.

Participants direct the investment of all contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary non-elective contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan includes employees of Ghost Management Group, LLC and any participating affiliates.

1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service as follows:

Years of Vesting Service	Nonforfeitable Nonelective Contribution	Nonforfeitable Matching Contribution
Less than 1	0%	0%
At least 1, but less than 2	0%	20%
At least 2, but less than 3	20%	40%
At least 3, but less than 4	40%	60%
At least 4, but less than 5	60%	80%
At least 5, but less than 6	80%	100%
6 or more	100%	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loans bear a reasonable rate of interest (determined at the time the loan is made), as defined. Principal and interest is paid ratably through monthly payroll deductions. Interest rates ranged from 6% to 7.25% on loans outstanding as of December 31, 2018, and mature at various dates through December 2023.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Hardship Withdrawals

Participants may withdraw their pretax contributions, except for Roth contributions, to satisfy any of the following immediate and financial needs: (1) medical expenses; (2) the purchase of principal residence; (3) prevent eviction from, or foreclosure on, principal residence; (4) postsecondary education expenses; (5) funeral expenses; or (6) expenses arising as a result of natural catastrophe. Participants must first exhaust all other assets reasonably available prior to obtaining hardship withdrawal. After making a hardship withdrawal, a participant is suspended from making additional contributions for a period of six months from the effective date of such withdrawal.

1. DESCRIPTION OF PLAN (continued)

Forfeitures

Forfeited, nonvested amounts are used to pay Plan expenses and to reduce employer contributions to the Plan. During the plan year ended December 31, 2018, the Company applied $64,000 in forfeitures against employer contributions. As of December 31, 2018 and 2017, the forfeited balances within the Plan totaled to $11.

Plan Termination

Although the Sponsor has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2019, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Reliance Trust Company, the trustee, and was not subjected to any auditing procedures performed by the independent public accountants, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

a) Total investments, at fair value, as shown in the accompanying statements of net assets available for benefits of $3,413,394 and $2,300,759 as of December 31, 2018 and 2017, respectively.

b) Net depreciation in fair value of investments as shown in the accompanying statement of changes in net assets available for benefits of ($511,221) and dividends and interest of $210,213 for the year ended December 31, 2018.

c) Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of $51,874 and $32,582 as of December 31, 2018 and 2017, respectively.

3. INFORMATION CERTIFIED BY TRUSTEE (continued)

d) Interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits of $2,042 for the year ended December 31, 2018.

e) Investment-related information included in the accompanying supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2018.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. FAIR VALUE MEASUREMENTS (continued)

Common collective trust funds: Valued at the NAV per unit as a practical expedient to estimate fair value, which are based on the fair values of the underlying investments held by the funds less liabilities. The funds are redeemable, have trades that settle daily and have no future commitments or other trading restrictions. Were the Plan to initiate a full redemption of the funds, there could be a temporary delay in withdrawal in order to ensure that securities liquidations are carried out in an orderly manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

December 31, 2018

	Level 1	Total
Mutual funds	$ 2,717,353	$ 2,717,353
	$ 2,717,353	$ 2,717,353
Common collective trust fund, measured at NAV[1]		696,041
Total investments at fair value		$ 3,413,394

December 31, 2017

	Level 1	Total
Mutual funds	$ 1,836,383	$ 1,836,383
	$ 1,836,383	$ 1,836,383
Common collective trust fund, measured at NAV[1]		464,376
Total investments at fair value		$ 2,300,759

For years ended December 31, 2018 and 2017, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3. The Plan did not hold any Level 2 or Level 3 assets as of December 31, 2018 and 2017.

[1]In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Reliance Trust Company. Reliance Trust Company is the trustee and recordkeeper for the Plan. The trustee was paid administrative expenses of $3,110 by the Plan during the year ended December 31, 2018 (See Note 2). These transactions qualify as exempt party in interest transactions.

6. TAX STATUS

Effective January 1, 2014, the Plan adopted a non-standardized form of a prototype plan sponsored by Automatic Data Processing. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations prior to 2013.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks, such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for Plan benefits.

The Plan’s exposure to losses in the event of nonperformance of investments managed by the investment manager is limited to the carrying value of such instruments. The Plan’s concentrations of risk are dictated by the Plan’s provisions as well as those of ERISA and the participant’s investment elections.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2018 and 2017:

Current year deemed distributions	(10,269)

On the Form 5500, the Plan Administrator presents delinquent participant loans that have been deemed distributed during the plan year as an expense if, as of the end of the plan year, the participant is not continuing to make repayments under the loan. In the financial statement, however, the Plan reports delinquent loans for active participants as participant loans since no distributable event occurred, in accordance with accounting principles generally accepted in the United States of America. The following is a reconciliation of deemed distributions per financial statements at December 31, 2018, to Schedule H of Form 5500:

Deemed distributions per financial statements	$ –
Deemed distributions for tax purposes – prior year	–
Deemed distributions for tax purposes – current year	10,269
