1. PLAN DESCRIPTION

The following description of the Sage Publications, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees, as defined by the Plan, who are employed by Sage Publications, Inc. (the "Company" and the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Each year, participants may contribute up to 100 percent of their pre-tax compensation, as defined by the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). The Plan has an automatic enrollment provision which provides that all eligible employees entering the Plan will be automatically enrolled at a deferral rate of four percent, unless the employee declines. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary profit sharing contributions. Participants must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year in order to be eligible for Company discretionary profit sharing contributions. For the year ended December 31, 2018, the Company made a discretionary profit sharing contribution of $1,429,050. The Plan also provides for Qualified Non-Elective Contributions ("QNEC"), of which none were made for the year ended December 31, 2018.

Vesting - Participants are immediately vested in their contributions and QNEC, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants are vested in Company contributions at 100 percent after two years of service. While still employed by the Company, if a participant becomes disabled, dies or reaches normal retirement age, the participant becomes 100 percent vested.

Forfeitures - Forfeitures of Company contributions may be used to pay Plan administrative expenses, to reduce discretionary Company contributions or be reallocated to eligible participants. During the year ended December 31, 2018, forfeitures of $17,690 were reallocated to eligible participants in 2018 as an additional 2017 Company discretionary profit sharing contribution. As of December 31, 2018, forfeitures of $19 are available for future use.

Payment of Benefits - On termination of service for any reason, a participant or their beneficiaries, as applicable, may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account in accordance with the Plan.

Participant Accounts - Each participant's account is credited with the participant's contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Voya Retirement Insurance and Annuity Company (the "Custodian" and "Voya").

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan, including fees of the Custodian and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net depreciation of investments is inclusive of these fees.

According to the Expense Account for Service Expenditures ("EASE Account") Agreement between the Company and Voya, Voya is required to make contributions of excess revenue as defined in the agreement. The funds in the EASE Account may be used to pay Plan administrative expenses during the year and any remaining balance at the end of the year may be allocated to participants. During the year ended December 31, 2018, Voya contributed $124,183 to the EASE Account, of which $108,141 was used to pay Plan administrative expenses. As of December 31, 2018, there was $16,042 available in the EASE Account.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Benefits Payable to Participants - Benefits are recorded when paid.

Fair Value - The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Guaranteed Interest Contract ("GIC") – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer and therefore classified as Level 2 within the valuation hierarchy.

Pooled Separate Accounts – Valued at the net asset value ("NAV") of units of a pooled separate account ("PSA") maintained by an insurance company held by the Plan at year-end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The primary investment objective of the PSA is to allow participants to achieve the same rate of return as the underlying mutual funds, less fees charged by the insurance company. The PSA do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
GIC	$ -	$ 6,649,621	$ -	$ 6,649,621
Investments in the fair value hierarchy	$ -	$ 6,649,621	$ -	$ 6,649,621

3. FINANCIAL DATA CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Custodian and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments, at fair value and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.

b. Net depreciation of investments, fair value adjustment on the Voya Fixed Account, interest income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.

c. Investments and participant loans as of December 31, 2018 as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

4. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance during the previous 12 months, or 50 percent of their vested account balance. The loan interest rate is set at 1.50 percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount and are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

5. FEDERAL INCOME TAX STATUS

The Company adopted a volume submitter plan which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The Company believes that the Plan, as amended, currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their Company contributions.

7. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are held and managed by the Custodian. Transactions with the Custodian qualify as party-in-interest transactions for which exemptions exist. The Custodian received direct compensation of $41,833 from the Plan. The Plan's third party administrator received indirect compensation of $36,191 and the qualified independent public accountant received direct compensation of $13,178 for audit services. In addition, the Plan also utilizes a broker that received direct compensation of $94,963, and an investment advisor that received direct and indirect compensation of $29,859 and $15,247, respectively.
