CENTRAL VALLEY AUTOMOTIVE PROFIT SHARING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN:

The following description of Central Valley Chrysler Plymouth ("Company") Profit Sharing 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. The plan does not include employees that are covered by a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may make contributions that cannot exceed the lesser of the annual specified maximum allowed by income tax regulations or 100% of pretax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investments offered by the Plan. For each plan year, the Company may contribute to the Plan an amount of matching contributions determined by the Company at its discretion. Eligible participants with at least one hour of service during the year qualify to make contributions after meeting eligibility requirements as stated in "General" above.

For each plan year, the Company may contribute to the Plan an amount of matching contributions determined by the Company at its discretion. For 2018, the matching contribution percentage was 50% of deferrals up to 4% of a participant's compensation. Participants who have made salary deferrals to the plan are eligible to share in matching contributions.

VESTING

Participants are vested immediately in their contributions in the plan plus actual earnings thereon. Vesting in the Company's contributions and related earnings is as follows:

Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 or more years	100%

PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance. A participant must secure each loan with an irrevocable pledge and assignment of 50% of the non-forfeitable amount of the borrowing participant's accrued benefit under the Plan, other security the Advisory Committee accepts and finds to be adequate, or both 50% of the participant's accrued benefits and other security.

The loan may provide a fixed rate of interest, or an adjustable rate of interest, as negotiated between the Advisory Committee and the participant. The loan principal and any accrued interest must generally be paid within five years from date of disbursement. However, a term greater than five years may be granted by the Administrator for loans used to purchase a primary residence. Only one outstanding plan loan is permitted at any time.

NOTE A - DESCRIPTION OF PLAN: (CONTINUED)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if applicable) and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PAYMENT OF BENEFITS

On termination of service for any reason, accounts with vested benefits less than $5,000 will be distributed in a lump sum. For accounts with vested benefits greater than $5,000 a participant may elect to receive a single sum distribution or annuity payments of all vested amounts.

FORFEITED ACCOUNTS

There were forfeitures of $4,430 in 2018. Forfeitures may be used to pay plan expenses then reallocated to participants to pay matching contributions.

ADMINISTRATIVE EXPENSES

Administrative expenses recorded in the Plan represent custodial fees, accounting fees and other third-party administration fees paid directly from the Plan to the respective service provider. General administrative expenses are paid from participant accounts unless employer elects to pay the cost. For administrative expenses attributable to the participant, these costs must be paid from that participants account only.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note C for discussion of fair value measurements.) Quoted market prices are used to value investments. Units in common/collective trusts are valued at net asset values as determined by the issuing entity at year end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE C - FAIR VALUE MEASUREMENTS:

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient, if any, are not required to be reported within the hierarchy.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts

Investments in the pooled separate accounts are valued daily using the net asset value (NAV) of units, as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED):

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Fair Value Measurements at Reporting Date Using:

December 31, 2018	Total	(Level 1)	(Level 2)	(Level 3)
Pooled Separate Accounts	$ 4,560,099	$ -0-	$ 4,560,099	$ -0-
Guaranteed Investment Accounts	541,729	-0-	541,729	-0-
Total Assets at Fair Value	$ 5,101,828	$ -0-	$ 5,101,828	$ -0-

Fair Value Measurements at Reporting Date Using:

December 31, 2017	Total	(Level 1)	(Level 2)	(Level 3)
Variable Annuities	$ 4,613,094	$ -0-	$ 4,613,094	$ -0-
Guaranteed Investment Accounts	362,743	-0-	362,743	-0-
Total Assets at Fair Value	$ 4,975,837	$ -0-	$ 4,975,837	$ -0-

There were no transfers between levels of investments during the years ended December 31, 2018 and 2017.

NOTE D – GUARANTEED INVESTMENT ACCOUNT WITH INSURANCE COMPANY:

Participants may elect to invest in benefit-responsive guaranteed investment accounts with Great West Life & Annuity Insurance Company. Great West Life & Annuity Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The account is included in the financial statements at book value as reported to the plan by Great West Life & Annuity Insurance Company. Book value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at book value.

There are no reserves against book value for credit risk of the contract issuer or otherwise. The contract value of the guaranteed investment accounts were $541,729 at December 31, 2018 and $362,743 at December 31, 2017.

NOTE E – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

NOTE F – PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are variable annuities managed by the Great West Life & Annuity Company. The Great West Life & Annuity Company is the custodian of the Plan, and therefore, these transactions qualified as party-in-interest transactions.

In addition, inasmuch as auditing and plan administration services are paid directly by the plan these services are also deemed to be party-in-interest transactions. Total fees, including audit fees and third party administration fees and insurance company contract administration fees, paid by the Plan were $25,403 in 2018 and $21,117 in 2017.

Also, certain administrative functions have been performed by the Plan sponsor. There has not been a value calculated for these costs, and therefore the Plan has not been charged for these costs. These costs are further described in NOTE A above.

NOTE G– RISK AND UNCERTAINTIES:

Investments consist primarily of variable annuities comprised mostly of mutual funds, and debt and equity securities (bonds and common stocks). Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

CENTRAL VALLEY AUTOMOTIVE PROFIT SHARING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE H – TAX STATUS:

The Plan's prototype non-standardized document obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan's last three years remain open for examination by the Internal Revenue Service.

NOTE I – INFORMATION CERTIFIED BY PLAN CUSTODIAN:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018 and 2017, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great West Life & Annuity Company (the trustee of the Plan).

NOTE J– REGULATORY REQUIREMENTS:

All participant investments are 100% participant-directed. All investments represent interests issued by a company registered under the Investment Company Act of 1940. Most all of the investments consist of mutual funds.

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements for the years ended December 31, 2018 and 2017, to Schedule H of Form 5500:

Add prior year employer's contribution receivable	5,979
Net increase in assets available for benefits per Schedule H to the Form 5500	$ 180,402

NOTE L – UNITMELY REMITTANCE OF CONTRIBUTIONS:

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions and participant loan repayments as soon as administratively feasible. For certain participant contributions withheld during the year, the funds were not remitted timely. Imputed lost earnings applicable to these contributions are being calculated and will be contributed to the Plan in 2019.

The amounts of these late remittances are totaled in the supplemental schedule of delinquent participant contributions.

NOTE M – SUBSEQUENT EVENTS:

Management of the Plan has evaluated material events and transactions that have occurred after the balance sheet date and concluded that no subsequent events have occurred through the date that the financial statements were substantially complete and available to be issued, which is deemed to be October 5, 2019, that require adjustment or disclosure in these financial statements.
