Support, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements

Note 1: Plan Description

The following description of Support, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Support, Inc. (the "Company"), who have completed six months of service and other eligibility requirements, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is administered at the direction of the Company. Management of the Company determines the appropriateness of the Plan's investment offerings and monitors investment performance utilizing information provided by the trustee of the Plan. An officer of the Company serves as a trustee. Standard Insurance Company ("Standard") serves as custodian and recordkeeper.

Contributions

Each year, participants may contribute up to the amount allowed by law of annual compensation, as defined in the Plan, on a pre-tax basis. Deferral contributions shall not exceed the maximum amount allowed by the Internal Revenue Service (IRS) ($18,500 in 2018). Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions ($6,000 for 2018). The Plan also permits rollover contributions from other qualified defined benefit or contribution plans. The Plan includes a Safe Harbor provision that requires the Company to contribute 100% of the participant's elective deferral that does not exceed 4% of the participant's compensation. The Company may also elect to make a discretionary profit sharing contribution above the Safe Harbor requirements. The Company did not make any profit sharing contribution for the year ended December 31, 2018. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, allocations of Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and a stable asset fund as investment options for participants. Participants may change their investment options at any time.

Note 1: Plan Description (Continued)

Vesting

Participants are immediately vested in their voluntary and rollover contributions and the Company's Safe Harbor contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions, plus actual earnings thereon, is based on years of continuous service. Participants are fully vested in the Company's discretionary profit sharing contributions after three years of service or upon the participant's death, disability, or reaching normal retirement age.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lessor of $50,000 or 50 percent of their vested account balance. Note terms range from one to five years, or ten years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and will bear interest at a rate comparable to the rates being charged by lending institutions in the same geographical locale as the Company. A loan will carry the same rate of interest throughout its term. Principal and interest are paid ratably through semi-monthly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or annual installments as required by minimum distribution rules. For termination of service due to other reasons, a participant may receive the value of his or her account as a lump-sum distribution. Hardship withdrawals are available if the participant meets certain criteria. The Plan also allows for in-service distributions upon attaining the age 59 1/2.

Forfeited Accounts

There were no forfeited amounts at December 31, 2018 and 2017, and there were no forfeitures used during the year ended December 31, 2018. Forfeitures are used to pay Plan expenses or to reduce any future employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, the custodian, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) in fair value of investments includes the Plan's gains and (losses) on investments bought and sold, as well as held, during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent loans are reclassified as benefits paid to participants based upon the terms of the Plan documents.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2019, which is the date the financial statements were available to be issued. Plan management has not identified any material subsequent events that require reporting or disclosure.

Note 3: Information Prepared and Certified by Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan has certified that the following unaudited data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017.

- Net (depreciation) in fair value of investments as shown in the Statement of Changes in Net Assets Available for Benefits.

- The schedule of assets held at end of year included as supplemental information.

This information has not been audited by the Plan's independent auditors

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

Pooled Separate Accounts*:* Each pooled separate account invests in assets solely in the shares or units of an underlying mutual fund, and the investment objective of each sub-account corresponds to the investment objective of the underlying fund. These assets are not available in an exchange or an active market; however, as a practical expedient, the fair value is determined based on the net asset value (NAV) of the underlying assets as traded in an exchange or active market.

Stable Asset Fund: The assets in this account are maintained as general assets with Standard and are considered as invested in an insurance contract. The fund is available through a rider to Standard's group annuity contract. The contract earns interest at a floating rate subject to monthly adjustment. There are no particular segregated or identifiable assets of Standard ascribed to the fund. The fund's assets are also not available in an exchange or an active market. The assets are reported at contract value, which approximates fair value.

Note 4: Fair Value Measurements (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018 and 2017.

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 1,339,832	$ -	$ 1,339,832
Stable Asset Fund	-	-	371,183	$ 371,183
Total Assets in the Fair Value Hierarchy	$ -	$ 1,339,832	$ 371,183	$ 1,711,015

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 1,191,267	$ -	$ 1,191,267
Stable Asset Fund	-	-	427,272	427,272
Total Assets in the Fair Value Hierarchy	$ -	$ 1,191,267	$ 427,272	$ 1,618,539

There were no transfers in and/or out of Levels 1, 2, or 3 for financial instruments measured at fair value on a recurring basis for the year ended December 31, 2018, except as disclosed below. The Plan recognizes transfers at the end of the reporting period. The following table reconciles the beginning and ending fair value balances of the Plan's Level 3 investments for the year ended December 31, 2018:

December 31, 2018	Stable Asset Fund
Beginning Fair Value	$ 427,272
Net Appreciation	5,525
Purchases	47,928
Sales	(21,611)
Transfers In	17,572
Transfers Out	(105,503)
Ending Fair Value	$ 371,183

Note 4: Fair Value Measurements (Continued)

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, the significant unobservable inputs, and the ranges of values as of December 31:

Stable Asset Fund	Fair Value	Valuation Technique	Unobservable Inputs	Rate Range (Weighted Average)
December 31, 2018	$ 371,183	Written Procedures	Historical interest credit rates	1.00% - 2.00%
December 31, 2017	$ 427,272	Written Procedures	Historical interest credit rates	1.00% - 2.00%

Note 5: Party-in-Interest Transactions

Certain Plan investments are managed by Standard. Standard is the custodian and recordkeeper and, therefore, transactions with Standard qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net (depreciation) in fair value of investments, as they are paid through revenue sharing rather than a direct payment. The Company pays directly any other fees related to the Plan's operations.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

Note 7: Tax Status

The Plan utilizes a volume submitter plan, which obtained a favorable determination letter from the IRS dated March 31, 2014, stating that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the Plan and has concluded as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in-progress.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
