NOTE 1 DESCRIPTION OF PLAN

The following description of the Dignitas Technologies Retirement Trust (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan, established September 1, 2011, is a defined contribution plan covering substantially all employees of Dignitas Technologies, LLC (the "Company"). Eligibility for employees begins on their first day of employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established for the purpose of providing eligible employees of the Company and their beneficiaries funds for retirement.

Effective January 1, 2019, the Plan adopted that eligibility requires one month of service and adopted automatic contribution arrangement whereby all eligible employees shall make deferral contributions of 3%, unless otherwise elected.

Plan Administration

The Company is the plan sponsor and plan administrator of the Plan, and as such, controls and manages the operation and administration of the Plan. The Plan's assets were held by Matrix Trust Company (the "Predecessor Trustee") at December 31, 2017 until December 13, 2018 and by John Hancock Life Insurance Company (the "Custodian") thereafter, who were/are responsible for recordkeeping, tracking payments, loans, and accounting for investments. Company contributions were/are held and managed by the Predecessor Trustee and Custodian, who invest cash received, interest and dividend income, and make distributions to participants (subject to the direction of the Company and the participants).

Contributions

Each year, participants in the Plan may voluntarily contribute up to 100% of their pre-tax annual compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (IRS). Participants may also rollover amounts representing distributions from other qualified defined contribution plans.

The Plan provides for Company discretionary matching contributions and discretionary profit sharing contributions. For the year ended December 31, 2018, the Company did not elect to make any matching or profit sharing contributions.

Participant Accounts

Each participant account is credited with the participant's contribution and allocation of Plan earnings or losses including market value adjustments on Plan investments. Allocations of earnings and losses are based on the proportion of the participant's account balance to the total account balances of all participants, as defined in the Plan document. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. Participants may change the allocation of contributions among funds pursuant to Plan provisions.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting of Benefits
Participants are immediately fully vested in their voluntary contributions and employer discretionary contributions, plus actual earnings or losses thereon.

Effective January 1, 2019, the Plan adopted that a vesting schedule where participants remain immediately fully vested in their voluntary contributions; however, vesting in the Company's profit sharing contributions and discretionary matching contributions (if any) is based upon the number of years of continuous service. Participant accounts vest at a rate of 20% per year of service after the second year and become fully vested in the Company's profit sharing contributions and discretionary matching contributions after six years of credited service. Participant accounts become fully vested upon death, disability (as defined by the Plan), attainment of normal retirement age (defined by the Plan as age 65), or upon termination of the Plan.

Investment Options
Upon enrollment in the Plan, participants may direct employee and Company contributions into various investment options offered by the Plan. Participants may change their investment options periodically as permitted by the plan sponsor.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Only one loan per participant may be outstanding at a time. Loans are secured by the balance in the participant's account. The loan interest rate, determined at the time of issuance, is set at a commercially reasonable fixed rate of interest, determined by the Plan Administrator. Principal and interest are paid ratably through bimonthly payroll deductions. Loans are treated as an investment of the borrowing participant's account and only the borrowing participant's account receives interest paid on the participant loan.

Payment of Benefits
Distributions of a participant's pre-tax account are made upon retirement from the Company, termination of service from the Company, death, or permanent or total disability. The normal retirement age, as defined by the Plan, is the date at which participants reach the age of 65. Participants still employed who have reached the age of 59 ½ are eligible to withdraw all or a portion of their vested accounts. If a participant terminates before retirement, the participant will receive either a lump-sum payment of his or her account balance or, if the account exceeds $1,000, the participant may elect any distribution date up to age 70 ½ The period may not extend beyond the life expectancy of the participant or the joint life expectancy of the participant and his beneficiary.

Forfeitures
Effective January 1, 2019, any non-vested portion of an account balance after the distribution of terminated participants vested account balance is forfeited. Forfeiture will also occur without distribution after five consecutive one-year breaks in service. Forfeitures of terminated participants' non-vested accounts may be used to reduce certain administrative expenses or reduce Company contributions to the Plan.

Basis of Accounting
The accompanying financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Interest income is recognized when earned and dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade-date basis. Net appreciation or deprecation in fair value of investments includes the Plan's gain and losses on investments bought and sold as well as held during the year.

In accordance with the policy of stating investments at market value, the Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value, with no allowance for credit losses recorded as repayments of principal and interest are received primarily through payroll deductions and the notes are collateralized by the participants' accounts.

The notes receivable bore interest ranging from 6.25% to 6.50% at December 31, 2018 and 2017, and have maturities through July 2021.

Benefits Paid to Participants
Benefits are recorded when paid.

Deemed Loan Distributions
Deemed loan distributions are recorded when the participant defaults on the loan. There were no deemed distributions during the year ended December 31, 2018.

Corrective Distributions
Corrective Distributions are recorded when the Plan's third-party administrator determines adjustments are necessary during the plan year based on consideration of the Plan's compliance with ERISA requirements. Contributions are presented net of corrective distributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses
Administrative expenses, including loan fees, are charged directly to the participant's accounts, paid by the Company, or paid by the Plan.

Subsequent Events
Plan management has evaluated subsequent events through the date of the independent auditor's report, the date which the accompanying financial statements were available to be issued. Based on such evaluation, other than the change to eligibility requirements, the automatic deferral arrangement, and the vesting of benefits noted above, no events have occurred that in the opinion of management warrant disclosure in or adjustment to the financial statements.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Input to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive market;
- Inputs other than quoted prices that are observable for the asset or liabilities; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use if unobservable inputs.

The following is a description of valuation methodology used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: The value is based on the market value of the underlying assets, less any liabilities. The net asset value (NAV) per share is used as a practical expedient.

Registered Investment Companies: The fair value of registered investments companies are based on quoted market prices in the active market where the individual securities are traded, as of the last trading day of the Plan year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's investment assets reported at fair value based on the level 1 valuation methodology and the NAV per share practical expedient were as follows as of December 31, 2018 and 2017:

	2018	2017
Pooled separate account (NAV)	$ 3,064,891	-
Registered investment companies (level 1)	-	2,689,077
Total investments at fair value	$ 3,064,891	$ 2,689,077

The following table summarizes investments for which fair value is measured using the NAV practical expedient as of December 31, 2018:

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2018:				
Pooled separate accounts	$ 3,064,891	n/a	Daily	None

NOTE 4 SUMMARY OF INFORMATION CERTIFIED BY THE PREDECESSOR TRUSTEE AND THE CUSTODIAN

The plan administrator has received certifications of the financial information and data from the Predecessor Trustee and the Custodian in accordance with 29 CFR 2520.103-5 of the United States DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The Predecessor Trustee and the Custodian have certified to the completeness and accuracy of all investments and related investment activity in the accompanying financial statements as of December 31, 2018 and 2017 and the year ended December 31, 2018 and the accompanying supplemental schedule of assets (held at year end) as of December 31, 2018, for the periods in which they served the Plan.

NOTE 5 PARTIES-IN-INTEREST

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or a Company whose employees are covered by the Plan.

Plan investments were held and managed by the Predecessor Trustee and the Custodian. Fees paid to the Predecessor Trustee and the Custodian qualify as party-in-interest transactions and amounted to approximately $11,000 for the year ended December 31, 2018.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Additionally, certain administrative expenses such as audit and legal fees are paid by the Company at its discretion.

NOTE 6 PLAN TERMINATION AND AMENDMENTS

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Company also has the rights to amend any or all provisions of the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

NOTE 7 INCOME TAX STATUS

The Plan has adopted a prototype defined contribution plan. The current prototype plan obtained a favorable opinion letter dated March 31, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The prototype plan has been amended since receiving the opinion letter, however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of and for the year ended December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's income tax returns remain subject to examination by the Internal Revenue Service for three years from the date of filing.
