As discussed in Note 1 to the financial statements, management of Access Communications, LLC, the Plan's sponsor, notified Plan participants on December 28, 2018 of its intention to merge the Plan into the Eversana 401(k) Plan effective February 1, 2019. As a result, all plan assets were transferred to the Eversana 401(k) Plan on February 1, 2019. Our disclaimer of opinion has not modified with respect to this matter.

Other Matter – Supplemental Schedules
The supplemental schedules of delinquent participant contributions and of assets (held at December 31, 2018) as of and for the year ended December 31, 2018, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. Note 1. Plan Description

The following description of the Access Communications, LLC 401(k) Profit Sharing Plan and Trust (the Plan) provides general information about the Plan's provisions. Access Communications, LLC (the Company) is the Plan sponsor. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

General: The Plan is a defined contribution plan covering all eligible employees. The Company is responsible for the general administration of the Plan. Fidelity Management Trust Company (Fidelity) serves as custodian and recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility: The Plan covers all employees who meet eligibility requirements. The Plan admits new entrants who are of age 21 or older on the first day of the month following the requirement being met.

Participant contributions: Effective December 14, 2015, each year, participants may contribute up to 90% of pretax annual compensation, as defined by the Plan. Contributions are subject to a maximum amount permitted by the Internal Revenue Code (the Code), which is $19,000 for the taxable year ended December 31, 2019, $18,500 for the taxable year ended December 31, 2018, and $18,000 for the taxable year ended December 31, 2017. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions subject to a maximum amount permitted by the Code of $6,000 for taxable years ended December 31, 2019, 2018 and 2017.

A participant may make a rollover contribution to the Plan of amounts which he or she received from other qualified plans.

Participants direct their elective contributions into various investment options offered by the Plan, including self-directed brokerage accounts, and can change their investment options on a daily basis.

Employer contributions: Effective January 1, 2010, the Company contributes a 40% match to all participant contributions, on up to 7% of the participant's base salary. Additionally, the Company may elect to make a discretionary profit sharing contribution to eligible participants. There were no discretionary profit sharing contributions for December 31, 2017, December 31, 2018 and for the period ended February 1, 2019. All contributions are subject to certain limitations of the Code.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of plan earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are fully vested in their employee contributions and rollover amounts plus earnings thereon at all times. The Company's matching and profit sharing contributions will vest 20% after one year of credited service and 20% each year thereafter, with full vesting after five years of employment.

Forfeitures: Upon termination of employment, participants forfeit their nonvested balance. Forfeiture balances were $0 for the Plan period ended February 1, 2019 and $10,703 and $63,222 for the Plan years ended December 31, 2018 and 2017, respectively. Forfeitures of $91,664 and $0 were used to reduce Company contributions during 2018 and 2019 respectively.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 reduced by the participant's highest outstanding loan balance in the previous twelve months or 50% of the participant's vested account balance. Notes receivable from participants, other than notes taken by participants for purchasing a primary residence, are generally payable within five years and bear an interest at a rate based on the date of issuance, as determined by the recordkeeper.

Payment of benefits: Upon separation from service with the Company due to death, disability, retirement, or termination, a participant whose vested account balance exceeds $5,000 may elect to receive either a lump sum or may elect installment payments, usually monthly. A participant whose vested account balance is $5,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan.

Plan merger: Management of the Company notified Plan participants on December 28, 2018 of its intention to merge the Plan into the Eversana 401(k) Plan effective February 1, 2019. As a result, net assets of $13,342,296 were transferred to the control of the Eversana 401(k) Plan effective February 1, 2019.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to employee benefit plans.

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Valuation of investments and income recognition: Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the period/year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as withdrawals based on the terms of the Plan document.

Administrative expenses: The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Loan processing fees and distribution fees are paid by the participants. All other administrative expenses of the Plan are paid by the Company.

Note 2. Summary of Significant Accounting Policies (Continued)

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements. The adoption of ASU 2018-13 is not expected to have a material impact on the financial statements.

Subsequent events: The Plan has evaluated subsequent events through October 11, 2019, the date the financial statements were available to be issued, and determined there are no items to disclose.

Note 3. Investments and Certification of the Custodian

The following is a summary of the Plan's asset information as of February 1, 2019, December 31, 2018 and December 31, 2017, and for the period from January 1, 2019 to February 1, 2019 and the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodian, Fidelity, and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets at February 1, 2019 and December 31, 2018 and 2017:

	February 1, 2019	December 31, 2018	December 31, 2017
Investments, at fair value:			
Mutual funds	$ -	$ 12,090,614	$ 12,023,997
Money market funds	-	518,293	398,007
Self-directed brokerage accounts	-	187,663	19,464
	$ -	$ 12,796,570	$ 12,441,468

Fidelity also certified to the completeness and accuracy of $979,070 of net appreciation in fair value of investments and $3,371 of interest and dividend income from investments for the period from January 1, 2019 to February 1, 2019, and $1,897,911 of net depreciation in fair value of investments and $970,810 of interest and dividend income from investments for the year ended December 31, 2018, which are included on the statements of changes in net assets available for benefits.

Note 4. Fair Value Measurements

The FASB issued Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in methodologies used at February 1, 2019, and December 31, 2018 and 2017.

Mutual funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Money market funds: Valued using the NAV provided by the administrator of the fund. The NAV is used as a practical expedient to determine fair value. The fund provides for redemptions by the Plan at reported NAVs per share (typically $1 per share), with little or no advance notice required.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The Plan held no assets as of February 1, 2019. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 12,090,614	$ -	$ -	$ 12,090,614
Self-directed brokerage accounts	187,663	-	-	187,663
Total assets in the fair value hierarchy	$ 12,278,277	$ -	$ -	12,278,277
Investments measured at net asset value (a)				518,293
Total assets, at fair value				$ 12,796,570

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 12,023,997	$ -	$ -	$ 12,023,997
Self-directed brokerage accounts	19,464	-	-	19,464
Total assets in the fair value hierarchy	$ 12,043,461	$ -	$ -	12,043,461
Investments measured at net asset value (a)				398,007
Total assets, at fair value				$ 12,441,468

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to line items presented in the statements of net assets available for benefits.

As a practical expedient, fair value of the money market fund is valued at the NAV as determined by the custodian of the fund. The money market fund includes short-term United States dollar denominated money-market instruments. The money market fund can be redeemed at its NAV at its measurement date (the redemption frequency and redemption notice period are daily) as there are no significant restrictions on the ability of participants to sell this investment.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the period from January 1, 2019 to February 1, 2019 and the year ended December 31, 2018, there were no transfers in or out of Levels 1, 2 or 3.

Note 5. Tax Status

The Plan has not received a determination letter from the Internal Revenue Service stating that the Plan is qualified under Section 401(a) of the IRC. However, as permitted by Revenue Procedure 2016-6, the Company has elected to rely on the favorable advisory letter issued on March 31, 2014 to the volume submitter plan provider, Fidelity Management & Research Co. In addition, the Plan Administrator believes that the Plan is qualified and, therefore, the related trust is exempt from taxation.

Note 5. Tax Status (Continued)

U.S. GAAP requires the Plan Sponsor's management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by U.S. federal, state or local tax authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of February 1, 2019 and December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Exempt Party-in-Interest Transactions

The Plan's investments are managed by Fidelity, who is the custodian of the Plan and, therefore, transactions with them qualify as party-in-interest transactions. In addition, the Plan incurs administrative expenses that are payable to the custodian and recordkeeper of the Plan. These transactions qualify as party-in-interest transactions that are allowable under ERISA.

Note 8. Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits and the changes in net assets available for benefits per the financial statements to the Form 5500:
