Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Axium Foods, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Axium Foods, Inc. 401(k) Plan
Notes to Financial Statements

Note 1: Description of Plan

The following description of the Axium Foods, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Axium Foods, Inc. (the "Plan Sponsor") not subject to a collective bargaining agreement and nonresident aliens who have three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute a percentage of their annual compensation on a pretax or after tax basis, as defined in the Plan, up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Matching or profit sharing amounts may also be contributed at the discretion of the Plan Sponsor. Contributions are subject to certain IRS limitations.

The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The automatic deferral rate will increase each year by 1% up to a maximum of 10% of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, Plan Sponsor matching contributions, and allocations of (a) the Plan Sponsor's profit sharing contribution, (b) plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of Plan (Continued)

Vesting

Participants are vested immediately in their voluntary contributions, Plan Sponsor nonelective contributions and rollover contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants vest at a rate of rate of 20% per year beginning with the second year of service. Participants become fully vested after six years of service. Participants are considered to have completed one year of service for vesting purposes under the elapsed time method.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 7.25%, which are commensurate with local prevailing rates as determined monthly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum or other form of payment equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 ½.

Forfeitures

At December 31, 2018 and 2017, forfeited nonvested accounts totaled $2 and $4,384, respectively. These accounts may be used to reduce future Plan Sponsor contributions or to pay administrative expenses of the Plan in accordance with the plan document. Remaining forfeitures will be allocated to active participants. During the years ended December 31, 2018 and 2017, the Plan's administrative expenses were reduced by $6,931 and $9,505 from forfeited nonvested accounts, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant notes receivable are recorded as deemed distributions on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account against the investment option for which the loan was originally charged. Investment advisory and management fees are allocated proportionately to participants based on their respective account balances. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through June 6, 2019, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: The fair value of underlying investments consist of debt securities generally valued based on evaluated prices received from third party pricing vendors or from brokers who make markets in such securities. Debt securities consist of corporate bonds, U.S. government and government agency obligations, U.S. government agency - mortgage securities, asset backed securities, collateralized mortgage obligations, commercial mortgage securities, municipal securities, foreign government and government agency obligations and bank notes. Additionally, the underlying investments consist of money market funds valued using a net asset value of $1.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,078,733	$ 0	$ 0	$ 3,078,733
Common collective trust	0	139,487	0	139,487
Investments, at fair value	$ 3,078,733	$ 139,487	$ 0	$ 3,218,220

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,387,552	$ 0	$ 0	$ 3,387,552
Common collective trust	0	130,765	0	130,765
Investments, at fair value	$ 3,387,552	$ 130,765	$ 0	$ 3,518,317

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2018 and 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Note 5: Party-in-Interest Transactions

Certain plan investments are managed by entities related to Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees for the investment management services during the plan years ended December 31, 2018 and 2017, were offset against earnings. Specific detail for management fees is not available from the trustee. Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan document to discontinue its contributions and to terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their Plan Sponsor contributions.

Note 7: Tax Status

The Plan adopted the Fidelity Basic Prototype Plan (Prototype Plan) with an IRS determination letter dated March 31, 2014, which states the Prototype Plan was in compliance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

June 6, 2019

To the Plan Sponsor
Axium Foods, Inc. 401(k) Plan
South Beloit, Illinois

We were engaged to perform a DOL limited scope audit of the financial statements of Axium Foods, Inc. 401(k) Plan (the "Plan") for the year ended December 31, 2018, and have issued our report thereon dated June 6, 2019. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under Auditing Standards Generally Accepted in the United States

As stated in our engagement letter dated March 29, 2018, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States (US GAAS) except that, as permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974* (ERISA) and as instructed by you, we did not perform any auditing procedures with respect to the information prepared and certified by Fidelity Management Trust Company (the "Trustee"), in accordance with DOL Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements.

As part of our audit, we considered the internal control of Axium Foods, Inc. 401(k) Plan, except that we did not, as part of the scope limitation discussed in the first paragraph, include a consideration of internal control relating to the information prepared and certified to by the Trustee. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to your representative, Jeff Kizer, in our meeting about planning matters on April 22, 2019, in addition to our engagement letter dated March 29, 2018, accepted by Jim Himmel.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Notes 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2018. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We had no significant differing opinions regarding management's accounting estimates.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There were no particularly sensitive disclosures noted for 2018.

The disclosures in the financial statements are neutral, consistent, and clear.

Supplemental Schedule Accompanying Audited Financial Statements

Our responsibility for the supplemental information accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the supplemental information, other than that derived from the information certified by the Trustee, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Information in Documents Containing Audited Financial Statements

The auditor's responsibility for other information in documents containing audited financial statements does not extend beyond the financial information identified in our report, and we have no obligation to perform any procedures to corroborate other information contained in a document. Our responsibility is to read the other information and consider whether such information, or the manner of its presentation, is materially inconsistent with information appearing in the financial statements. We have read Form 5500, Annual Report of Employee Benefit Plan, and have found no material inconsistencies with the information appearing in the audited financial statements.

We are not aware of any documents or other information containing audited financial statements and, furthermore, management has not requested us to devote attention to any documents containing audited financial statements.

Significant Difficulties Encountered During the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We proposed no audit adjustments that could, in our judgment, either individually or in the aggregate, have a significant effect on the Company's financial reporting process.

Disagreements With Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management's Consultation With Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. To our knowledge, management has not obtained any opinions from other independent accountants on the application of accounting principles generally accepted in the United States that would affect the Plan's financial statements or on the type of opinion that may be rendered on the financial statements.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated June 6, 2019, a copy of which accompanies this letter.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors for the preceding year. However, these discussions occurred in the normal course of our professional relationship and our responses were not, in our judgment, a condition of our retention.

Independence

There were no relationships between Wipfli LLP and the Plan that would reasonably be thought to bear on our independence.

Internal Control Related Matters Identified During the Audit

Except as discussed in the Our Responsibility Under Auditing Standards Generally Accepted in the United States paragraph, in planning and performing our audit of the financial statements of Axium Foods, Inc. 401(k) Plan as of and for the year ended December 31, 2018, in accordance with US GAAS, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing an opinion on the Plan's financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses; therefore, there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified a deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We identified the following deficiency in internal control that we consider to be a significant deficiency.

Financial Accounting and Reporting

An entity's internal control over financial reporting does not end at the general ledger, but extends to the financial statements and notes. As part of our professional services for the year ended December 31, 2018, Wipfli assisted in drafting the financial statements and related notes. Because the Plan Sponsor relies on Wipfli to provide the necessary understanding of current accounting and disclosure principles in the preparation of the financial statements and chose to have Wipfli assist in the preparation of the financial statements, a significant deficiency exists in the Plan Sponsor's internal controls.

The completeness of the financial statement disclosures and the accuracy of the overall financial presentation is negatively impacted because outside auditors do not have the same comprehensive understanding of the Company as its internal financial staff.

Other Operational, Administrative, and Internal Control Matters

Certain operational and administrative matters came to our attention during the audit of the financial statements. In addition, some internal control deficiencies that were not considered to be significant deficiencies or material weaknesses were identified. This section contains suggestions related to these matters that we believe management should consider as a part of planning for the Plan's future.

During our audit we noted that the Company did not maintain board minutes in relation to the Plan nor was there an active Investment Committee. We recommend that the Company form an Investment Committee based on positions in addition to other employees as determined by the Board of Directors and management. Additionally, we recommend the Investment Committee maintain minutes of their meetings and meet at least once a year documenting the review of the investment returns and participation in the Plan. Any amendments to the Plan should also be approved at least on the Investment Committee level that reports to the Board of Directors.

We have previously discussed our observations and suggestions with the Plan Sponsor personnel and would be pleased to discuss them in further detail at your convenience, to perform any additional study of the matter, or to assist you in implementing the recommendations to the extent our independence is not impaired.

Conclusion

We appreciate the opportunity to be of service to Axium Foods, Inc. We are prepared to address any questions you may have regarding our independence or the quality of the Plan's accounting principles as addressed throughout this letter.

This letter is intended solely for the use of the Trustee, Custodian, Board of Directors and management of Axium Foods, Inc. and is not intended to be, and should not be, used by anyone other than these specified parties. Distribution of this letter by the specified parties to other third parties does not constitute designation of those third parties as "users" or "specified parties" with respect to this letter or the matters addressed herein, nor does it permit those third parties to use or rely upon this letter for any purpose.
