PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Circle Wood Services, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan became effective January 1, 2012 and has been amended as of November 1, 2015 (the "Effective Date"). The Plan is intended to be a qualified retirement plan under the Internal Revenue Code.

GENERAL

The Plan is a defined contribution plan covering substantially all nonunion employees of Circle Wood Services, Inc. (the "Plan Sponsor"). Employees are eligible upon reaching the age of 18 and completing three months of employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and Section 401(a) of the Internal Revenue Code ("IRC"). The plan administrator is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance**.**

CONTRIBUTIONS

Participants

Participants may elect to defer a percentage of their eligible compensation to the Plan after the Plan eligibility requirements are met. The percentage deferred is subject to an annual limit of the lesser of 100% of eligible compensation or $18,500 in 2018. Participants who are projected to be age 50 or older by the end of the Plan year and who are making deferral contributions to the Plan may also elect to defer additional amounts (called "catch-up contribution") of up to $6,000 in 2018. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (called "rollover contributions").

Rollovers

With the consent of the plan administrator, participants are permitted to deposit distributions received from other qualified plans ("rollovers") without incurring federal or state income taxes and penalties. Rollover contributions totaled $19,352 for the year ended December 31, 2018.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

Employer

Employer contributions, subject to certain Internal Revenue Service limitations, may be made at the sole discretion of the Plan Sponsor. The Plan Sponsor may also make a discretionary profit sharing contribution in an amount to be determined by the Board of Directors. Employees must complete a three month service requirement during the Plan year, achieved eighteen years of age, and be employed as of the last day of the Plan year to be eligible to receive nonelective contributions that may be made for during a Plan year. No discretionary matching or profit sharing contributions were made during the year ended December 31, 2018.

All participant and employer contributions made on a participant's behalf are deposited in the trust and allocated among the investment funds in accordance with the participant's investment elections. A participant may elect to transfer investments from any investment fund to any other investment fund on a daily basis.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and an allocation of (i) employer contributions, if any, (ii) Plan earnings and (iii) administrative expenses. All allocations are based on participant earnings or account balances to various investment options offered by the Plan. Administrative expenses that are paid by the Plan are charged to the participants' accounts on a pro-rata basis. Administrative expenses that are attributable to a participant are charged to the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately 100% vested in their elective salary deferrals, rollovers, and any related investment earnings, gains and losses. Participants become fully vested in Plan Sponsor's profit sharing contributions and all related investment earnings, gains, and losses upon retirement or in the event of death or disability while employed by Circle Wood Services, Inc.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

VESTING (CONTINUED)

Participants vest in the Plan Sponsor's discretionary matching and profit sharing contributions and all related investment earnings, gains, and losses according to the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
2	25%
3	50%
4	75%
4+	100%

A participant is credited with a year of vested service for each twelve-month period from date of employment for 1,000 hours of service.

FORFEITURES

Upon termination of employment, the non-vested portion of the participant's account balance is forfeited at the end of the plan year. Forfeited accounts may be used to pay any administrative expenses or reduce employer contributions. For the year ended December 31, 2018, there were no forfeited accounts used to pay administrative expenses. At December 31, 2018 and 2017, there were no forfeited non-vested accounts.

PAYMENT OF BENEFITS

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship, or termination of employment. In-service distributions are also available to those participants who are age 59 ½ or older. Participants who qualify for retirement benefits and withdrawals will receive their benefits as a lump sum in cash. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less are subject to an administrative lump sum distribution.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their vested accounts. A minimum loan is pre-approved for $500 and up to a maximum equal to the lesser of $50,000 or fifty percent (50%) of their vested interest in the Plan. The participant may have no more than one loan outstanding at a time. The loans are secured by the balance in the participants' accounts and bear interest based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate is determined by the Plan sponsor and shall remain fixed throughout the duration of the loan. Rates on outstanding loans at December 31, 2018 ranged between 5.25% and 7.25% per annum. Principal and interest is paid ratably through payroll deductions over a one to five year period, except for loans for the purchase of a principal residence, which will be determined by the Plan administrator not to exceed 30 years. Loans outstanding mature at various periods through August 2023.

A loan in default is indicated by any scheduled repayment that remains unpaid as of the last business day of the calendar quarter following the calendar quarter, in which a loan is initially considered past due. In the event of a default or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Any default in repayment to the Plan will result in treating the balance due for the loan as a taxable distribution from the Plan. For the year ended December 31, 2018, there were no loans considered in default.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

USE OF ESTIMATES

The preparation of financial statements in conformity with US GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as variable interest rates and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Notes receivable from participants is shown net of principle and interest loan repayment receivables within the statements of net assets available for benefits. For the year ended December 31, 2018 and 2017, loan repayment receivables amounted to $0 and $509, respectively.

PAYMENTS OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan may be paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

Investment information in the financial statements and supplementary schedule was certified to be complete and accurate by Reliance Trust Company, the trustee of the Plan, within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan administrator instructed the Plan's independent auditors not to perform auditing procedures with respect to the information certified by the trustee.

The following investment information certified by the trustee is unaudited:

- All amounts included as investments in the statements of net assets available for benefits as of December 31, 2018 and 2017.

- Investment income and net depreciation in fair value of investment amounts included in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

- All amounts included as notes receivable from participants in the statements of net assets available for benefits as of December 31, 2018 and 2017.

- Interest income from notes receivable from participants amounts included in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

- All amounts included as investments and notes receivable from participants in the supplementary schedule of assets (held at end of year) as of December 31, 2018.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

MUTUAL FUNDS (LEVEL 1) – These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

COMMON COLLECTIVE TRUSTS – These investments are valued at the accumulation unit value reported by the Trustee based on the NAV of the individual securities underlying the common collective trusts, the fund's dividends and account charges.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Fair Value Measurements as of December 31 , 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,058,500	$ --	$ --	$ 2,058,500
Common Collective Trusts measured at NAV(a)				82,336
Investments at Fair Value				$ 2,140,836

	Fair Value Measurements as of December 31 , 2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,791,974	$ --	$ --	$ 1,791,974
Common Collective Trusts measured at NAV(a)				174,476
Investments at Fair Value				$ 1,966,450

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

For the year ended December 31, 2018, there were no transfers between Level 1 and Level 2 fair value measurements, nor any transfers in or out of Level 3 fair value measurements.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Reliance Trust Company, the trustee of the Plan. Transactions relating to these investments qualify as party-in-interest transactions. Transactions involving participant loans also qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants' rights to their accrued benefits are non-forfeitable.

NOTE 7 - INCOME TAX STATUS

The Plan has adopted the provisions of a volume submitter 401(k) Plan. The Plan obtained its latest opinion letter from the Internal Revenue Service dated July 8, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2018. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan administrator and the trustee intend to amend the Plan on a timely basis to comply with all applicable, recently adopted tax laws and regulations.

Accounting principles generally accepted in the United States of American require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - FORM 5500 RECONCILIATION

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017, to Form 5500:

	2018	2017
Net assets available for benefits per financial statements	$ 2,145,820	$ 2,020,627
Less: Employee contributions receivable	--	(33,960)
Add: Loan repayment receivable	--	509
Net Assets Available for Benefits per Form 5500	$ 2,145,820	$ 1,987,176

NOTE 8 - FORM 5500 RECONCILIATION (CONTINUED)

The following is a reconciliation of employee contributions per the financial statements for the year ended December 31, 2018, to the amount reports in the 2018 Form 5500:

Employee contributions per the financial statements	$ 497,190
Add: Employee contributions receivable, December 31, 2017	33,960
Less: Loan repayment receivable, December 31, 2017	(509)
Total Employee Contributions per Form 5500	$ 530,641

NOTE 9 - CORRECTIVE CONTRIBUTIONS

As a result of payroll processing errors during 2018, the Plan Sponsor failed to make employee contributions on manual check of a participant processed outside the normal payroll transaction cycle. This operational error resulted in an understatement of employee contributions totaling $48. The Plan is in the process of correcting this operational error. The amount is not material to the financial statements as of December 31, 2018.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 11, 2019, the date the financial statements were available to be issued. The Plan did not identify any subsequent events that require recognition or disclosure in these financial statements.
