NOTE A - DESCRIPTION OF PLAN

Effective January 1, 2002, Amplify Education, Inc., formerly known as Wireless Generation, Inc., (the "Company" or "Sponsor") established the Amplify Education, Inc. 401(k) Plan (the "Plan") that is a defined contribution plan and covers eligible employees of the Company who elect to participate in the Plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The trustee of the Plan is Fidelity Management Trust Company ("Fidelity" or "Trustee") and the record keeper is Fidelity. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Information concerning the Plan and its provisions can be found in the plan document, a copy of which can be obtained from the Company at Amplify Education, Inc., 55 Washington Street, 8th floor, Brooklyn, New York 11201.

Employees become eligible to participate in the Plan when they have attained 21 years of age and on the 30-day anniversary of their date of hire. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation.

For payment of benefits - On termination of service due to death, disability, retirement or termination of service for other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

On September 30, 2015, the Company was acquired by Amplify Education Partners, LLC, a Delaware limited liability corporation; however, the Plan continues to operate as intended.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of presentation:

The financial statements of the Plan are prepared under the accrual method of accounting.

[2] Valuation of investments and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note H for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[3] Use of estimates:

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements and changes in net assets available for plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[4] Payment of benefits:

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[5] Recent accounting pronouncement ASU 2018-13:

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2018-13 ("ASU 2018-13"), Fair Value Measurement (Topic 820) Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement. The amendments in this update apply to all entities that are required to make disclosures about recurring or nonrecurring fair value measurements. Certain of the disclosures that are required by the amendments are not required for nonpublic entities .ASU 2018-13, eliminates, adds and modifies certain disclosure requirements for fair value measurements as part of its disclosure framework project. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019 and interim periods within those fiscal years. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent annual period presented in the year of adoption. All other amendments should be applied retrospectively to each period for which the financial statements are presented. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date.

The Plan elected to adopt ASU 2018-13 as of and for the year ended December 31, 2018. The amendment has been applied prospectively and retrospectively to applicable amendments as defined above for all periods presented.

NOTE C - CONTRIBUTIONS AND FUNDING POLICY

The Company forwards to Fidelity contributions withheld from the compensation of participants. Contributions are voluntary and are subject to certain limitations imposed by the Internal Revenue Code ("IRC").

Participants may elect to contribute up to 90% of their pre-tax compensation to the Plan, up to a maximum of $18,500 for calendar year 2018. Additional catch-up contributions up to a $6,000 annual limit for 2018 are permitted for employees who have reached the age of 50. Such dollar amounts are adjusted annually for increases in the cost of living in accordance with the IRC. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. The Company contributed a matching contribution in an amount equal to 100% of the first 1% of a participant's elective deferrals and 50% of the next 5% of a participant's deferrals, provided that the total matching contribution for any participant does not exceed $3,000. The total Company matching contribution for the year ended December 31, 2018 amounted to $1,024,041. There were no other discretionary matching employer contributions for the year ended December 31, 2018.

NOTE D - PARTICIPANTS' ACCOUNTS AND VESTING

Each participant's account is credited with the participant's contribution and credited or charged for the allocations of Plan earnings or losses based on their respective pro-rata share in each investment.

All participant contributions and the earnings thereon are 100% vested and non-forfeitable at all times. Upon retirement at age 65, in the event of disability as defined in the Plan, or other termination of employment, distribution may be made in whole or in part, generally at the election of the participant. Upon death, distribution may be made in whole or in part at the election of the participant's beneficiary.

Vesting in the Company's matching contributions and other discretionary matching employer contributions and are on a 3-year graduated schedule; however, at the end of three years of service, all existing and future matching contributions are fully vested. Company contributions will become 100% vested at the normal retirement age of 65 or upon eligibility from a disability retirement. Forfeitures are used to reduce the amount of employer matching contributions. During 2018, $152,947 was forfeited from the non-vested portion of terminated employees and $123,083 was used to reduce employer matching contributions for 2018. At December 31, 2018 and 2017, there was $194,841 and $161,419 of unallocated forfeitures, respectively.

NOTE E - NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator, ranging from 5.25% to 7.25%. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

NOTE F - ADMINISTRATIVE EXPENSES

Plan administrative expenses and fees are charged directly to participant accounts and are recorded when paid. The Plan paid $36,414 for administrative expenses to Fidelity for the year ended December 31, 2018.

NOTE G - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity has certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants in the accompanying statements of net assets available for plan benefits as of December 31, 2018 and 2017, the statement of changes in net assets available for plan benefits for the year ended December 31, 2018 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2018.

NOTE H - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *"Fair Value Measurements and Disclosures"*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE H - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts and that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The Fund's investment objective is to earn income, while seeking to preserve capital and stability of principal. The Fund will attempt to accomplish its investment objective by investing primarily in stable value investment contracts. The Fund will also seek to maintain a stable net asset value of $1.00. There are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments subject to fair value measurements as of December 31, 2018 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 44,929,803**	**$ -**	**$ -**	**$ 44,929,803**
Total Investment assets in the fair value hierarchy	**$ 44,929,803**	**$ 0**	**$ 0**	**$ 44,929,803**
Common collective trust measured at NAV (A):				**755,630**
Investments at fair value				**$ 45,685,433**

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

NOTE H - FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's investments subject to fair value measurements as of December 31, 2017 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 45,740,125	$ -	$ -	$ 45,740,125
Money Market	1,078,221	-	-	1,078,221
Total Investments at fair value	$ 46,818,346	$ 0	$ 0	$ 46,818,346

NOTE I - TAX STATUS

On March 28, 2014, the Plan adopted a Volume Submitter Defined Contribution Plan sponsored by Fidelity Management and Research Company. On March 31, 2014, the IRS stated in an advisory letter that the volume submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE J - PLAN TERMINATION

The Company reserves the right, at any time, to amend or terminate the Plan. The Company has not expressed any intent to discontinue or terminate the Plan. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE K - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Users of the financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2018 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE L - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Mutual Funds are managed by Fidelity; these transactions qualify as party-in-interest transactions. Certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

NOTE M - OTHER INCOME

Fidelity provides certain administrative services to the Plan and receives revenue from mutual fund providers for services that it provides to the funds. Under the trust agreement between Fidelity and the Company, Fidelity deposits revenue sharing credits generated from the arrangement between Fidelity and the investment managers of certain Plan investment options into a revenue credit program ("RCP"). Credits in the RCP are used to offset ERISA-qualified administrative expenses of the Plan that would otherwise be paid directly by the Company. RCP balances are investment in the Plan's money market fund, and credits in the RCP may be allocated to participant account to offset participant expense under the Plan. At December 31, 2018 and 2017, the RCP had a total balance of $57,831 and $45,751, respectively, including interest. For the year ended December 31, 2018, $26,624 in the RCP were utilized in Plan expenses. Other income of the year ended December 31, 2018 reflected $38,499 of revenue sharing credits generated.

NOTE N - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE O - SUBSEQUENT EVENTS

The Plan's management evaluated subsequent events through October 10, 2019, the date on which the financial statements were available to be issued.
