Independent Auditor's Report

To the Plan Administrator and Participants
Pentaho Corporation 401(k) Retirement Plan
Orlando, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Pentaho Corporation 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of February 28, 2018 and December 31, 2017, and the related statement of changes in net assets available for benefits for the period from January 1, 2018 through February 28, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Life Insurance Company, ("Transamerica"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Transamerica held the Plan's investment assets and executed investment transactions. The Plan administrator has obtained a certification from Transamerica as of February 28, 2018 and December 31, 2017, and for the period from January 1, 2018 through February 28, 2018, that the information provided to the Plan administrator by Transamerica is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Other Matter

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the period from January 1, 2018 through February 28, 2018 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Transamerica, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following description of the Pentaho Corporation (the "Company") 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions. Effective January 1, 2018, the Plan merged into the Hitachi Vantara Corporation Retirement and Savings Program, previously known as Hitachi Data Systems Retirement and Savings Program (the "HVC Plan"). The assets that were transferred from the Plan are summarized below:

Investments	**$ 15,165,329**
Notes receivable from participants	**231,900**
Total assets	**$ 15,397,229**

General

The Plan, effective November 1, 2006 and restated effective January 1, 2016, was a defined contribution plan covering substantially all employees of Pentaho Corporation. The Plan was intended to satisfy all of the requirements for a qualified retirement plan under the provisions of the Internal Revenue Code. The Plan was subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees were eligible to participate in the Plan upon attaining age 21 and completing two months of service. Employees must have been employed on the last day of the Plan year and worked a minimum of 1,000 hours during the Plan year in order to receive the Company's non-elective (profit sharing) contributions unless employment during the year was terminated due to death, disability or retirement.

Contributions

Upon completion of eligibility requirements, the Plan provided for an automatic participant deferral of 3 percent of the participant's eligible compensation, as defined, unless the participant made a contrary election. Employees participating in the Plan could defer pre-tax or Roth after-tax contributions up to a certain statutory maximum which is set by law each year. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified retirement plans or individual retirement accounts.

The Plan also provided for the Company to make discretionary matching contributions equal to a percentage, as determined annually by the employer, of the participants' elective deferrals. Additional non-elective (profit sharing) contributions could be made at the discretion of the Company. The Company did not make any matching or non-elective (profit sharing) contributions for the period from January 1, 2018 through February 28, 2018.

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Participants could have one loan outstanding at a time. The loans were secured by the balance in the participant's account and bore interest at the prime rate plus 1.00 percent. Loan repayments were made ratably through payroll deductions over a period not to exceed five years, unless the loans were used to purchase a primary residence, in which case the loan terms could not exceed 30 years.

Participant Accounts

Each participant's account was credited with the participant's and Company contributions, and allocations of the Plan's earnings, and charged with benefits payments and an allocation of the Plan's losses and administrative expenses. Plan earnings and losses were allocated based on account balances while contributions were credited based upon elective deferrals and compensation, as defined. Administrative expenses were charged directly to the accounts of the participants who incurred those fees. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were immediately vested in elective contributions, rollover contributions, employer matching contributions and earnings thereon. Vested rights to Company non-elective (profit sharing) contributions accrued at a rate of 20 percent per year beginning with the second year of vesting service, with full vesting accruing after six years. Participants must have worked a minimum of 1,000 hours during each Plan year to earn a year of vesting service. Upon Plan termination, participant death or disability, or participant reaching the age of 65, Company contributions vested immediately.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment, a participant with a vested balance greater than $5,000 could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a series of installments over time. If the amount of the participant's vested balance was less than or equal to $5,000, a single lump-sum payment would be made to the participant. Hardship withdrawals could be requested and were paid in one lump-sum upon approval. In-service distributions could be made to participants who had attained age 59½.

Administrative Expenses

The expenses of maintaining the Plan were paid by either the Plan or the Company, as provided by the Plan agreement. Expenses that were paid by the Company are excluded from these financial statements. Any costs associated with investment transaction fees were charged directly to the accounts of the participant who incurred such fees.

Forfeitures

Any non-vested amounts remaining after the distribution of a terminated participant's account balance were forfeited. Forfeitures were first used to pay Plan expenses and any remaining forfeitures were used to reduce employer contributions. No forfeitures were used to pay Plan expenses or reduce employer contributions during the period from January 1, 2018 through February 28, 2018. There were no unallocated forfeiture accounts at February 28, 2018 and December 31, 2017.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts were stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on an accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest were received through payroll deductions and the notes were collateralized by the participants' account balances. Delinquent notes receivable from participants were recorded as distributions based on terms of the Plan document.

Payment of Benefits

Benefits were recorded when paid.

Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to February 28, 2018 as of October 14, 2019, which is the date the financial statements were issued. No material events have occurred since February 28, 2018 that require recognition or disclosure in the financial statements.

3. Certified Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the auditor not to perform any auditing procedures with respect to the information certified by Transamerica, except for comparing such information to the related information included in the financial statements.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at February 28, 2018 and December 31, 2017 , and net depreciation in fair value of investments, and interest for the period from January 1, 2018 through February 28, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Transamerica.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at February 28, 2018 and December 31, 2017.

Pooled separate accounts: The pooled separate accounts are stated at fair value using the net asset value ("NAV") practical expedient as reported to the Plan. The NAV practical expedient is based on the quoted market prices of the underlying mutual funds. The unit value of the pooled separate account is calculated by dividing the total value of the assets of the separate account minus its liabilities by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on NAV, or price per share, of the underlying mutual fund. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares. Those separate accounts investing in mutual funds or equity securities are measured using quoted prices in active markets for identical assets. Those separate accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities. These investments are direct filing entities. There are no redemption restrictions or unfunded commitments on these investments.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's administrator believes its valuation method was appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

In accordance with ASU No. 2015-07, as the Plan's pooled separate accounts were measured at fair value using the unadjusted NAV and therefore not categorized within the fair value hierarchy. The Plan did not have any Level 1, 2 or 3 financial instruments.

5. Group Annuity Contract

The Plan invested in the Transamerica Stable Value Option ("the Option") which was considered to be a fully benefit-responsive investment contract. Transamerica maintained the contributions in a general account. This investment sought to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment had a portfolio investment rate design in which all deposits were credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate was set on a semi-annual basis. Interest was credited, based upon the daily balance, at a rate that was the daily equivalent of the effective annual rate of interest applicable for the six month period. There was no stated minimum or maximum interest rate for the Option.

This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to have initiated permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Although Plan participants generally could withdraw assets from the Option investment choice without restrictions, Transamerica could impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. No such hold period occurred in connection with the Plan merger into the HVC Plan, as described in Note 1.

6. Tax Status

The Plan was based on a Volume Submitter 401(k) Profit Sharing Plan (the "Volume Submitter Plan"). The Internal Revenue Service ("IRS") ruled on March 31, 2014 that the Volume Submitter Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC") under the Volume Submitter program and the related trust is, therefore, not subject to tax under the present income tax law. The Plan had been amended since receiving the ruling. However, the Plan administrator believed that the Plan was currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-in-Interest and Related Party Transactions

Plan investments and notes receivable from participants were held and managed by Transamerica, therefore, these transactions qualified as party-in-interest transactions. Administrative expenses paid to Transamerica totaled $7,360 for the period from January 1, 2018 through February 28, 2018.

8. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

As described in Note 1, the Plan was merged into the HVC Plan effective January 1, 2018.

10. Non-Exempt Transactions

During the Plan year ended December 31, 2017, the Company did not remit certain participant deferrals and loan repayments within the appropriate time period prescribed by the Department of Labor. These transactions constitute a prohibited transaction as defined by ERISA. The Company is in the process of taking the appropriate steps to correct the situation within the HVC Plan, including remitting the related lost earnings to the Plan.
