Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITORS' REPORT

To the Trustees
NCL Graphic Specialties, Inc. 401(k) Salary Savings Plan

Report on the Financial Statements

We have audited the accompanying financial statements of NCL GRAPHIC SPECIALTIES, INC. 401(K) SALARY SAVINGS PLAN, which comprise the statements of net assets in liquidation available for benefits as of April 2, 2019 and December 31, 2018, and the related statements of changes in net assets in liquidation available for benefits for the period ended April 2, 2019 and the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility for the 2019 Financial Statements

Our responsibility is to express an opinion on the 2019 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2019 financial statements.

Auditors' Responsibility for the 2018 Financial Statements

Our responsibility is to express an opinion on the 2018 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion on the 2018 Financial Statements paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements.

Basis for Disclaimer of Opinion on the 2018 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the 2018 information summarized in Note 6, which was certified by Charles Schwab Bank, the agent of the plan, except for comparing the information with the related information included in the 2018 financial statements. We have been informed by the plan administrator that the agent held the plan's investment assets and executed investment transactions. The plan administrator has obtained a certification from the agent as of and for the year ended December 31, 2018, that the information provided to the plan administrator by the agent is complete and accurate.

Opinion on the 2019 Financial Statements

In our opinion, the 2019 financial statements referred to above present fairly, in all material respects, the net assets in liquidation available for benefits of NCL Graphic Specialties, Inc. 401(k) Salary Savings Plan as of April 2, 2019, and the changes in its net assets in liquidation available for benefits for the period ended April 2, 2019 in accordance with accounting principles generally accepted in the United States of America.

Disclaimer of Opinion on the 2018 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2018 Financial Statements paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on the 2018 financial statements.

Basis of Accounting

As described in Note 4 to the financial statements, NCL Graphic Specialties, Inc., the plan sponsor, elected to terminate the NCL Graphic Specialties, Inc. 401(k) Salary Savings Plan during 2018. In accordance with accounting principles generally accepted in the United States of America, the plan has changed its basis of accounting used to value plan investments from the ongoing basis to the liquidation basis. However, the change did not have any effect on these financial statements as investments at fair value and investments at liquidation value are substantially the same.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2018 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2018 Financial Statements paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content of the 2018 Financial Statements in Compliance With Department of Labor's Rules and Regulations

The form and content of the information included in the 2018 financial statements and supplemental schedule, other than that derived from the information certified by the agent, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

APRIL 2, 2019 AND DECEMBER 31, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The plan followed the accrual method of accounting wherein additions and deductions were reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in accordance with accounting principles general accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements includes the plan administrator's evaluation of the events and transactions occurring subsequent to April 2, 2019 through September 26, 2019, which is the date the financial statements were available to be issued.

Key parties of the plan - NCL Graphic Specialties, Inc. was the plan sponsor/employer and the plan administrator. Alliance Benefit Group was the third party administrator that maintained participant records, performed various compliance tests and acted as tax counsel. Charles Schwab Bank ("Schwab") was the asset custodian and agent. Bronfman E.L. Rothschild, LP was the plan's investment advisor. Three board members of NCL Graphic Specialties, Inc. were trustees.

Investments - The plan sponsor/employer determined the investments available to plan participants. The participants allocated their contributions and transferred existing balances among the available investment options. The net appreciation (depreciation) in fair value of investments bought, sold and held during the period/years is reflected in the statements of changes in net assets in liquidation available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Participants had seven "models" as investment options. These models allocated a fixed percentage of contributions to the available common/collective trust and mutual funds. Participants should refer to the plan sponsor for a summary of the models and the allocation percentages. Participants could also invest directly in investments without use of the models.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value:

Common/collective trust - An investment that invested in the Wells Fargo Stable Fund Class C, ("the trust") which is a direct filing entity. The trust invested primarily in bank, insurance company and other financial institution investment contracts. The trust also held synthetic guaranteed investment contracts, which were portfolios of debt securities owned by the trust with wrap contracts associated with the portfolios. The trust was valued at the net asset value based on the underlying unit value as reported by the trust. The net asset value was used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the fund would sell the investment for an amount different from the reported net asset value.

Mutual funds - Valued at the daily quoted market prices as reported by the funds. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value and are deemed to be actively traded.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

	Investments at fair value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$5,907,562	$ -	$ -	$5,907,562
Total investments in the fair value hierarchy	$5,907,562	$ -	$ -	5,907,562
Investments measured at net asset value (a)				844,921
Total investments at fair value				$6,752,483

(a) In accordance with GAAP, certain investments that are measured at net asset value have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value practical expedient as of December 31, 2018. There are no participant redemption restrictions for these investments (participant transactions (purchases and sales) may occur daily); the redemption notice period is applicable only to the plan.

December 31, 2018	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	$844,921	n/a	daily	12 months

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General - The plan was established as a defined contribution plan on January 1, 1990. It was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees were eligible once they had completed three months of service and had reached age eighteen. An employee could enter the plan on the first day of the month immediately following the date the plan's eligibility requirements were met.

Contributions - Contributions to the plan could be made in the following ways:

a. Participants could contribute a percentage of their compensation subject to certain limitations (employee elective deferral contributions). The plan also permitted Roth elective deferrals.

b. Rollover contributions were accepted by the plan from other qualified plans.

c. The employer could make matching contributions equal to a discretionary percentage of the employee's elective deferral contributions. The employer elected to make a matching contribution equal to 25% of the first 6% of the employee's compensation contributed to the plan as employee elective deferral contributions in 2018.

d. A profit sharing contribution could be made at the employer's discretion. Participants were required to work 1,000 hours during the plan year and be employed on the last day of the plan year to be eligible for a profit sharing contribution. No such contributions were made in 2019 or 2018.

Participant accounts - Each participant's account was credited with the employee's elective deferral contributions, rollover contributions and an allocation of the employer's contributions. Earnings, including the appreciation or depreciation, were allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Participants were allowed to transfer funds between the various investment options daily and change their deferral percentage on a monthly basis.

Vesting - Participants were always 100% vested in their elective deferral and rollover contributions and related earnings. Participants began vesting in employer matching and profit sharing contributions and related earnings upon two full years of service, at which time they were 20% vested. The participant then vested at the rate of 20% for each year thereafter. Upon death, disability or qualified retirement participants became 100% vested.

Forfeitures - Forfeited nonvested accounts were either allocated to remaining participants, used to reduce the amount of the employer's matching and profit sharing contributions or to pay plan administrative expenses. Forfeitures of $9,700 were used to pay plan administrative expenses during the period ended April 2, 2019. Forfeitures of $3,100 were used to reduce employer contributions during the year ended December 31, 2018. Net assets in liquidation available for benefits included $9,700 of unapplied forfeitures as of December 31, 2018.

Payment of benefits - Benefit payments could commence upon termination of employment, death, disability or attainment of normal retirement age. Distributions could be in the form of a single lump sum or installment payments if in accordance with required minimum distributions. In addition, hardship withdrawals were permitted under the plan. In-service withdrawals of fully vested accounts could commence upon attaining the age of 59 1/2.

Administrative fees - Certain administrative fees of the plan were paid by the employer.

Notes receivable from participants - Participants could take out loans against their accounts with the approval of the plan administrator. The minimum loan amount was $1,000 and the maximum amount was the lesser of one-half of the participant's vested account balance, or $50,000. Participants could only have two loans outstanding at any given time. The repayment term generally could not exceed five years except when the loan was for the purchase of a principal residence. As of December 31, 2018, loans outstanding had various repayment schedules through December 2044 and interest rates ranging from 4.25% to 6.25%. The notes receivable from participants were valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. RELATED PARTY TRANSACTIONS

Certain plan investments were managed by Schwab. Schwab was the agent and custodian as defined by the plan and therefore, these transactions qualified as party-in-interest transactions. In addition, indirect fees paid by the plan to Schwab were included as a reduction of the return earned on the investments. All of these party-in-interest transactions were exempt from prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

In January 2018, NCL Graphic Specialties, Inc. was sold to an unrelated third-party. In connection with this transaction, the plan sponsor adopted a resolution to terminate the plan and transfer all assets into the acquiring company's benefit plan. The effective date of this termination and merger was April 2, 2019. In accordance with GAAP, the plan changed its basis of accounting used to value plan assets from the ongoing plan basis to the liquidation basis in 2018. Given the types of investments the plan held (see Note 1), fair value and liquidation value are substantially the same.

5. INCOME TAX STATUS

The Internal Revenue Service has ruled that the form of the related volume submitter profit sharing plan with CODA is acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. As a result, the plan administrator has not obtained a separate Internal Revenue Service determination letter for the plan. The plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY AGENT

Schwab served as agent for the plan and in that capacity, held substantially all of the plan's investment assets and executed transactions in those assets. The agent certified the information as set forth below to be complete and accurate.

a. Investments held by the agent for the plan and the fair values of such as of December 31, 2018;

b. Investment income and net appreciation (depreciation) for the year ended December 31, 2018;

c. Purchases and sales of investments for the year ended December 31, 2018; and

d. Contributions to, investment income credited to, benefits paid from and transfers between investment accounts for the year ended December 31, 2018.

As allowed by Department of Labor regulations, the investments and investment activity have been excluded from the scope of the independent auditors' auditing procedures. All noninvestment activity for the plan, including contributions, benefit payments and participant account activity, has been subject to the independent auditors' auditing procedures. See the independent auditors' report.
