NOTE 1 – DESCRIPTION OF PLAN

The following description of the Rusk Industries, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all employees of Rusk Industries, Inc. (the Company) who have completed 30 days of service. During the year ended December 31, 2018, the Plan was amended effective January 1, 2019 to change the length of service required for plan participation to 90 days of service. Employees may enter the Plan on the first payroll period following the date they become eligible. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The original Plan was implemented on January 1, 1990.

Contributions

Each year participants may contribute a portion of their pre-tax annual compensation, as defined in the Plan agreement. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company has a discretionary employer matching contribution of 1% of the participant's compensation if the participant contributes 3% or more or 25% of the participant's deferral amount if the participant contributes less than 3% of the participants compensation. Participants making deferrals are eligible to receive the Company match. The Plan allows for profit sharing contributions at the discretion of the Company. There were no profit sharing contributions in 2018. All contributions are participant directed based on their existing fund allocation. All contributions are subject to compliance with the Internal Revenue Code regulations.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, Plan earnings (losses), and charged with an allocation of Plan administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The participants are 100% vested in the Company's matching contributions and the earnings thereon after six years of credited service or upon death or disability.

NOTE 1 – DESCRIPTION OF PLAN, Continued

Forfeited Accounts

Forfeitures, if any, of employer nonvested contributions shall be used to pay plan administrative expenses and any remaining forfeiture amounts will be used to reduce employer matching contributions. For the year ended December 31, 2018, forfeited employer contributions totaled $1,568. No forfeitures were utilized to pay Plan administrative expenses in 2018.

Notes Receivable from Participants

Participants may borrow from their fund accounts the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount permitted is $1,000. The outstanding loan balance at December 31, 2018 and 2017 was $20,759 and $28,640, respectively. Loans bear interest at the prime rate plus one percent as outlined in the Plan document. Current loans bear interest at the rate of 4.50% to 5.25% per annum. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

Upon termination of employment, retirement, disability, or death, a participant may elect to remain in the Plan, receive a lump sum distribution equal to the participant's vested interest in his or her account, or roll their account into another plan.

Plan Administrative Fees

Plan administrative services fees are paid by the plan or by the sponsor. Administrative services consist primarily of payments to third-party service providers for investment advisory and recordkeeping. Expenses paid by the Plan are reported on the statement of changes in net assets available for benefits as administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by the investment trustee of the Plan, John Hancock Life Insurance Company.

Purchases and sales of securities are recorded on the settlement-date basis. However, differences between settlement-date and trade-date are immaterial. Interest and dividends are recorded on the accrual basis.

Plan participants may choose investments at their discretion from those offered by the Plan.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued interest. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants totaling $-0- and $2,683 at December 31, 2018 and 2017, respectively, for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan did not distribute the 2017 excess contributions to the applicable participants by the required deadline.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated events and transactions from December 31, 2018 through October 14, 2019 for possible recognition or disclosure in these financial statements. This date is the date these financials were available to be issued. Management concluded there were no subsequent events requiring recognition or disclosure.

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under this election, the Plan administrator has obtained a certification from the trustee, John Hancock Life Insurance Company, that the information provided to the Plan administrator by the trustee is complete and accurate. Accordingly, no audit procedures have been performed with respect to information certified by the trustee.

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEE, Continued

Amounts included in the accompanying financial statements which are certified by the trustee are: Investments and Investment Income, Notes Receivable from Participants and related Interest Income, and the information included in the supplemental Schedule of Assets Held for Investment Purposes at Year End.

NOTE 4 – FAIR VALUE MEASUREMENTS

The financial statements follow the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements*, which defines and establishes a single authoritative definition of fair value, sets a framework for measuring fair value and requires additional disclosures about fair value measurement.

In accordance with ASC 820-10, the Plan classifies its investments into Level 1, which refers to securities traded in an active market, Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available or Level 1 securities where there is a contractual restriction, and Level 3, which refers to securities not traded in an active market for which no significant observable market inputs are available. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

At December 31, 2018 and 2017, the Plan's investments were classified as follows, based on fair values:

Fair Value Measurements at December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$885,591	$ -0-	$ -0-	$ 885,591
Investments at Fair Value	$885,591	$ -0-	$ -0-	$ 885,591

Fair Value Measurements at December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$912,513	$ -0-	$ -0-	$912,513
Investments at Fair Value	$912,513	$ -0-	$ -0-	$912,513

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a synthetic fully benefit-responsive investment contract with John Hancock Life Insurance Company totaling $121,152 and $118,768 at December 31, 2018 and 2017. The investment contract is invested primarily in benefit responsive contracts issued by insurance companies and banks. Each insurance company guarantees against the loss of principal deposited into the fund and providing that individual participant withdrawals will be paid promptly at contract value even if the fund's total contract value exceeds the marked value of its underlying securities. The crediting rate is set based upon a formula but may be adjusted monthly. The actual market value of the underlying assets may, at times, be greater than or less than the contract value. Any differences between the market value and contract value will be taken into consideration when setting future crediting rates.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by John Hancock Life Insurance Company, represents participant contributions made plus interest previously credited, less previous withdrawals.

If the contract value of the fund exceeds the market value of underlying securities, the stabilizing agreements provide that the payment of certain withdrawals may be delayed for up to 12 months unless the plan or the participant requesting the withdrawal elects to accept such payment subject to market value adjustment. Plan management believes that the occurrence of events that would cause the plan to transact at less than contract value is not probable.

NOTE 6 – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 – TAX STATUS

This Plan is a prototype non-standardized profit-sharing plan with Pension Innovations & Consulting, LLC. Pension Innovations & Consulting, LLC has been informed by the Internal Revenue Service that this Plan is acceptable under Section 401 of the Internal Revenue Code and that a company that adopts this plan will be considered to have a plan qualified under Code Section 401(a) provided all terms of the Plan are followed.

The Company believes that the Plan is currently being operated in compliance with the applicable sections of the Internal Revenue Code and that the Plan and related trust are qualified and tax exempt as of the financial statement date.

NOTE 7 – TAX STATUS, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are offered through and managed by John Hancock Life Insurance Company, the Trustee, in the aggregate of $916,086 as of December 31, 2018, and therefore, these transactions qualify as party-in-interest. As described in Note 1, the Plan paid certain expenses related to plan administration to various service providers. These transactions are party-in-interest transactions under ERISA.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – PROHIBITED TRANSACTION

Section 29 CFR 2550.404a-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, requires an explanation of any fees and expenses that may be charged against an individual's account be furnished to the participant or beneficiary at least annually by the plan administrator. The Plan failed to furnish the required fee disclosures pursuant to this section to participants for the plan year ended December 31, 2018.
