**DOMINION ENTERPRISES 401(k)
EMPLOYEES' SAVINGS PLAN**

Notes to Financial Statements

December 31, 2018 and 2017

(1) Plan Description

The following description of the Dominion Enterprises 401(k) Employees' Savings Plan (the Plan) provides only general information. Employees should refer to the summary plan description or plan document for a more detailed description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering employees of Dominion Enterprises (DE) and its affiliates, as defined (the Plan Sponsor or the Company). The Plan is administered by a committee of employees of the Company who were appointed by the board of directors of the Company. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan Sponsor operates the Plan under the Pension Protection Act (PPA) safe harbor features.

(b) Eligibility

The Plan allows employees who are part time or full time and have attained the age of 21 to participate the first of the month following their 30th day of employment or the first of the month following attainment of the age of 21, whichever is later.

(c) Trustee

The trustee of the Plan is Vanguard Fiduciary Trust Company (VFTC or the Plan Trustee), which holds the plan assets and manages the assets under a participant-directed investment arrangement.

(d) Contributions

Participants may elect to contribute from 1% to 25% of their annual compensation on a pretax basis, as defined in the Plan, in a calendar year, subject to current Internal Revenue Service (IRS) limitations of \$18,500 for 2018 and \$18,000 for 2017. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans. After participants have completed one year of service, the Company makes a matching contribution to participant accounts equal to 100% of each participant's pretax contributions up to 4% of the participant's annual compensation. A year of service is defined as any year in which a participant worked 1,000 hours.

In addition to regular contributions, participants who are at least age 50 or will attain age 50 during the plan year and are contributing at least 4% of the participant's annual compensation may also defer an additional amount referred to as a catch-up contribution. The limit on catch-up contributions was \$6,000 for 2018 and 2017. The Company does not provide matching contributions on catch-up contributions.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of plan earnings (losses). In 2017, each participant's account was charged with administrative fees that were not paid by the Plan Sponsor. In 2018, the Plan Sponsor paid all administrative fees on behalf of each currently employed participant. The administrative fee only applied to terminated participants who deferred receipt of their account. Allocation of investment earnings and losses is based on the individual participant account balances as defined in the Plan's

**DOMINION ENTERPRISES 401(k)
EMPLOYEES' SAVINGS PLAN**

Notes to Financial Statements

December 31, 2018 and 2017

provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(f) *Investment Options*

A participant may direct contributions in increments of 1% to any of the mutual fund investment options. Participants may change their investment options at any time.

(g) *Vesting*

Participants are immediately vested in all participant and rollover contributions plus actual earnings thereon. For employer contributions made prior to January 1, 2007, participants only become 100% vested based on working 1,000 hours in any calendar year for a total of three years. For employer contributions made on or after January 1, 2007, participants are vested immediately.

(h) *Forfeitures*

Forfeitures represent the unvested portion of terminated participants' matching contributions to the Plan as well as uncashed checks. Amounts are not considered to be forfeited until a distribution is taken. At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$22,769 and \$14,928, respectively. Forfeitures are used to reduce future employer contributions and administrative expenses. In 2018, forfeitures were used to reduce employer contributions and administrative expenses in the amount of \$29,476. In 2017, forfeitures were used to reduce employer contributions in the amount of \$18,726.

(i) *Payment of Benefits*

Upon death, disability, retirement, or attainment of age 59½, participants or their beneficiaries are entitled to withdraw all or a portion of the vested balance in their account. A participant who discontinues service with the Company for any other reason may elect to receive a single, lump sum benefit payment equal to the vested portion of his/her account or postpone receipt of benefits until the normal retirement age of 65. If such postponement of benefits is elected, the participant's account balance will be invested in those funds as designated by the participant. In the absence of the participant's election, any lump sum distribution in excess of \$1,000 must be made as an automatic rollover to an Individual Retirement Account initially invested in a Vanguard money market fund. The Plan also permits withdrawals in the event of financial hardship, subject to certain limitations. Participants can also withdraw for burial or funeral expenses of the participant's deceased parent, spouse, children, or dependents, and expenses for the repair of damage to the participant's principal residence that would qualify for a casualty deduction under Section 165 of the Internal Revenue Code (IRC).

(j) *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the participant's highest outstanding note balance during the preceding 12 months, or 50% of their vested account balance. Note terms can range up to 5 years, except for notes used to purchase the principal residence of the participant, which must be fully repaid prior to the earlier of the participant's normal retirement date or within 20 years. The notes are collateralized by the balance in the participant's account and bear interest at a rate determined by the Plan Sponsor.

EMPLOYEES' SAVINGS PLAN**

Notes to Financial Statements

December 31, 2018 and 2017

(interest rates ranged from 3.50% to 9.00% for the years ended December 31, 2018 and 2017). Upon termination of service, the entire outstanding principal and accrued interest shall be immediately due and payable. Principal and interest are paid ratably through payroll deductions.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in these net assets.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the Plan Sponsor to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

Investments in mutual funds are valued at fair value based upon their quoted market price on the last trading day of the plan year. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income on plan investments is recorded when earned.

The Plan presents in the statements of changes in net assets available for benefits, the net (depreciation) appreciation in the fair value of its investments, which consists of the realized gains or losses, and the unrealized (depreciation) appreciation on those investments. Realized gains and losses from security transactions are reported on the average-cost method.

(d) *Notes Receivable from Participants*

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. There is no allowance for credit losses. The Form 5500 presents notes receivable from participants as an investment.

(e) *Contributions*

Contributions are recorded on the accrual basis.

(f) *Payment of Benefits*

Benefits are recorded when paid.

(g) *Administrative Expenses*

(h) Transfers

Activity that occurs between Dominion Enterprises 401(k) Participants' Savings Plan and Landmark Retirement Plus Plan is reflected as assets transferred in (out) in the Statements of Changes in Net Assets Available for Benefits. In 2018 and 2017, assets transferred out includes activity that relates to the sales or reorganization of DE affiliates (see note 8).

(i) Risk and Uncertainties

The Plan's investments, as described previously, are exposed to various risks such as interest rate, market, and credit risks. Such risks, and the resulting investment security values, may be influenced by changes in economic conditions and market perceptions and expectations. Accordingly, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

(3) Fair Value Measurements

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2018 and 2017

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

Mutual Funds – Valued at fair value based upon quoted market prices from national security exchanges, which represents the net asset value of shares held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

December 31, 2018				
	Level 1	Level 2	Level 3	Total

Accordingly, as permitted under such election, the information certified by VFTC was not audited by the independent auditors except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule. A summary of the Plan's financial information, which has been certified by VFTC, is presented as follows:

(5) Income Tax Status

The IRS has determined and informed the Company by a letter dated April 23, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

(6) Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Vanguard Funds, an affiliate of VFTC, and therefore, transactions involving these investments qualify as exempt party-in-interest transactions. Transactions involving notes receivable from participants also qualify as exempt party-in-interest transactions. Fees paid to Vanguard during 2018 and 2017 were \$122,882 and \$100,954, respectively, as compensation for its duties as trustee and for other services.

(7) Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the account balances of participants will become immediately vested and in no event will any amounts revert to the Company.

In 2017, as a result of organizational changes, the accounts of Digital Envoy participants were transferred to a new plan effective October 2017 in the amount of \$25,141.

(9) Subsequent Events

The Company has evaluated subsequent events from the balance sheet date through September 10, 2019, the date at which the financial statements were available to be issued, and determined there are no other items to disclose.
