**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2018 and 2017

(1) Plan Description

The following description of the Landmark Retirement Plus Plan (the Plan) provides only general information. Employees should refer to the summary plan description or plan document for a more detailed description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering employees of Landmark Media Enterprises, LLC (LME) and its affiliates, as defined (the Plan Sponsor or the Company). The Plan is administered by a committee of employees of the Company who were appointed by the board of directors of the Company. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan Sponsor operates the Plan under the Pension Protection Act (PPA) safe harbor features.

(b) Eligibility

The Plan allows employees who are scheduled to work 30 hours or more per week and have attained the age of 21 to participate after completing 30 days of employment. In addition, part-time employees who complete 1,000 hours of service, during either their first 12 months of employment or, if not within their first 12 months of employment, within any calendar year thereafter, and have attained the age of 21 are eligible to join the Plan 30 days after they have met this 1,000-hour requirement.

(c) Trustee

The trustee of the Plan is Vanguard Fiduciary Trust Company (VFTC or the Plan Trustee), which holds the plan assets and manages the assets under a participant-directed investment arrangement.

(d) Contributions

Participants may elect to contribute from 1% to 50% (or from 1% to 15% if a highly compensated employee) of their annual compensation on a pretax basis, as defined in the Plan, in a calendar year, subject to current Internal Revenue Service (IRS) limitations of \$18,500 for 2018 and \$18,000 for 2017. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans. The Company makes a matching contribution to participant accounts equal to 100% of the amount of payroll deferral contributions up to 1% of compensation, plus 50% of payroll deferral contributions on the next 5% of compensation.

Newly eligible employees are automatically enrolled in the Plan and are defaulted to contribute 3% of their eligible compensation, unless the participant specifically elects another contribution rate or not to participate. In absence of a participant election, contributions are invested in the age appropriate Vanguard Target Retirement Fund but can be moved by the participant at any time.

Each year after the first year of participation, a participant's deferral rate is increased by 1% until the Plan's 6% automatic savings limit is reached, unless the participant specifically elects otherwise. This automatic savings rate increase generally occurs on the first payroll date of each year.

In addition to regular contributions, participants who are at least age 50 or will attain age 50 during the plan year and are contributing at least 6% of the participant's annual compensation may also defer an additional amount referred to as a catch-up contribution. The limit on catch-up contributions was

**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2018 and 2017

\$6,000 for 2018 and 2017. The Company does not provide matching contributions on catch-up contributions.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of plan earnings (losses). Allocation of investment earnings and losses is based on the individual participant account balances as defined in the Plan's provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(f) Investment Options

A participant may direct contributions in increments of 1% to any of the mutual fund investment options. Participants may change their investment options at any time.

(g) Vesting

Participants are immediately vested in all participant and rollover contributions plus actual earnings thereon. Effective with the September 12, 2008 and December 31, 2008 amendments to the Plan, participants of the Company and its affiliates who were hired before December 31, 2008 are fully vested in the employer contribution portion of their account. Participants who are hired after December 31, 2008 must complete two or more years of service for vesting purposes. A year of service is defined as any year in which a participant worked 1,000 hours. Participant balances also become fully vested in the event of death, disability, or the attainment of age 65, regardless of the number of years of plan participation.

(h) Forfeitures

Forfeitures represent the unvested portion of terminated participants' matching contributions to the Plan as well as uncashed checks. Amounts are not considered to be forfeited until a distribution is taken. At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$152,397 and \$99,470, respectively. Forfeitures are used to reduce future employer contributions and administrative expenses. In 2018, forfeitures were used to reduce employer contributions in the amount of \$11,790. In 2017, forfeitures were used to reduce employer contributions and administrative expenses in the amount of \$30,566.

(i) Payment of Benefits

Upon death, disability, retirement, or attainment of age 59½, participants or their beneficiaries are entitled to withdraw all or a portion of the vested balance in their account. A participant who discontinues service with the Company for any other reason may elect to receive a single, lump sum benefit payment equal to the vested portion of his/her account or postpone receipt of benefits until the normal retirement age of 65. If such postponement of benefits is elected, the participant's account balance will be invested in those funds as designated by the participant. In the absence of the participant's election, any lump-sum distribution in excess of \$1,000 must be made as an automatic rollover to an Individual Retirement Account initially invested in a Vanguard money market fund. The Plan also permits withdrawals in the event of financial hardship, subject to certain limitations. Participants can also withdraw for burial or funeral expenses of the participant's deceased parent, spouse, children, or dependents, and expenses for the repair of damage to the participant's principal

residence that would qualify for a casualty deduction under Section 165 of the Internal Revenue Code (IRC).

(j) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the participant's highest outstanding note balance during the preceding 12 months, or 50% of their vested account balance. Note terms can range up to 5 years, except for notes used to purchase the principal residence of the participant, which must be fully repaid prior to the earlier of the participant's normal retirement date or within 25 years. The notes are collateralized by the balance in the participant's account and bear interest at a rate determined by the Plan Sponsor (interest rates ranged from 3.50% - 6.50% for the year ended December 31, 2018 and 3.50% - 7.50% for the year ended December 31, 2017). Upon termination of service, the entire outstanding principal balance and accrued interest shall be immediately due and payable. Principal and interest are paid ratably through payroll deductions.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in these net assets.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the Plan Sponsor to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments in mutual funds are valued at fair value based upon their quoted market price on the last trading day of the plan year. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income on plan investments is recorded when earned.

The Plan presents in the statements of changes in net assets available for benefits, the net (depreciation) appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized (depreciation) appreciation on those investments. Realized gains and losses from security transactions are reported on the average-cost method.

(d) Notes Receivable from Participants

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. There is no allowance for credit losses. The Form 5500 presents notes receivable from participants as an investment.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Administrative Expenses

Certain administrative expenses relating to participant loans and trustee fees are paid by the Plan. All other administrative expenses of the Plan are paid by the Plan Sponsor.

(h) Transfers

Activity that occurs between Landmark Retirement Plus Plan and Dominion Enterprises 401(k) Employees' Savings Plan is reflected as assets transferred in (out) in the Statements of Changes in Net Assets Available for Benefits. In 2018, assets transferred out includes activity that relates to the sale of an LME affiliate (see note 8).

(i) Risks and Uncertainties

The Plan's investments, as described previously, are exposed to various risks such as interest rate, market, and credit risks. Such risks, and the resulting investment security values, may be influenced by changes in economic conditions and market perceptions and expectations. Accordingly, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits. In February 2018, a Voluntary Correction Program was filed with and acknowledged by the IRS. No response had been received as of December 31, 2018; however, plan management is of the opinion the IRS will agree with the applied correction method.

(3) Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

Notes to Financial Statements

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

Mutual funds – Valued at fair value based upon quoted market prices from national security exchanges, which represents the net asset value of shares held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

		December 31, 2018			
		Level 1	Level 2	Level 3	Total

(4) Unaudited Information Certified by Trustee

The Plan Sponsor has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the information certified by VFTC was not audited by the independent auditors except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule. A summary of the Plan's financial information, which has been certified by VFTC, is presented as follows:

Interest income on notes receivable from participants	—	91,260	—	94,560

The investment fair value amounts in note 3 and the supplemental schedule were also certified by VFTC.

(5) Income Tax Status

The IRS has determined and informed the Company by a letter dated November 9, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

(6) Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Vanguard Funds, an affiliate of VFTC, and therefore, transactions involving these investments qualify as exempt party-in-interest transactions. Transactions involving notes receivable from participants also qualify as exempt party-in-interest transactions. Fees paid to Vanguard during 2018 and 2017 were \$117,223 and \$62,591, respectively, as compensation for its duties as trustee and for other services.

(7) Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the account balances of participants will become immediately vested and in no event will any amounts revert to the Company.

(8) Plan Transfers

As a result of the sale of the Virginian-Pilot (VP) in 2018, the Plan Sponsor terminated the employees of VP. In aggregate, the termination represented a partial termination of the Plan. As a result of this partial termination, all accumulated benefits of affected participants were fully vested as of May 18, 2018, the date on which the participants were terminated. Loans transferred out of the Plan to other existing plans controlled by the acquiring company totaled \$595,996 for VP effective September 2018.

(9) Subsequent Events

The Company has evaluated subsequent events from the balance sheet date through September 10, 2019, the date at which the financial statements were available to be issued, and determined there are no other items to disclose.
