DOT FOODS, INC. 401(k) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note (1) Description Of Plan

The following description of the Dot Foods, Inc. 401(k) and Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of the Company and affiliated employers. An employee is eligible to participate in the salary reduction arrangement as of the first day of the month immediately following the completion of sixty days of service and attaining the age of twenty-one. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was formed effective January 1, 1994 in conjunction with the amendment and restatement of the Dot Foods, Inc. Salary Reduction and Profit Sharing Plan (originally effective January 1, 1971) into two separate Plans. The Plan was amended and restated effective October 1, 2004 due to the merger of the Dot Foods, Inc. Profit Sharing Plan into the Plan.

Contributions - Each year, participants may contribute pretax and/or Roth deferrals of up to 50% of pretax annual compensation, as defined by in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. For participants who have one year of service, the Company contributes the greater of 1) 50% of the first 5% of each employee's compensation or 2) 50% of the employee contributions to the Plan up to the first $2,400. Participants direct the investment of their salary reduction contributions and their matching contributions into various investment options offered by the Plan. The Company may make additional contributions from time to time based on a percentage of compensation as determined at the option of the Company's board of directors. These additional contributions are invested in a portfolio of investments as directed by the Company. During the years ended December 31, 2018 and 2017, the Company made a profit sharing contribution of $10,511,414 and $9,558,889, respectively, to the Plan.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note (1) Description Of Plan (Cont'd.)

Notes Receivable From Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loan terms range from 1-5 years or for a longer period as determined by the administrator for purchase of a primary residence. The loans are secured by the assignment of 50% of the borrower's vested account balance and bear interest at a rate determined by the administrator that is consistent with the provisions of the Internal Revenue Code, Regulations of the U.S. Department of Labor and other applicable legal requirements. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits - On termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a stated period of time. If the participant's vested account balance is $1,000 or less, the benefits will be distributed in the form of a lump sum cash payment. For mandatory distributions greater than $1,000 but not exceeding $5,000, the participant's vested interest will be rolled over to a Wells Fargo IRA if the participant does not elect to have such distribution paid directly to an "eligible retirement plan" or to receive the distribution directly.

Forfeited Nonvested Accounts - The amount of forfeited nonvested accounts for the years ended December 31, 2018 and 2017 was $165,683 and $459,724, respectively. The forfeited nonvested accounts may be used to pay administrative expenses and to make additional discretionary nonelective contributions to the Plan. Forfeitures were used to pay plan expenses during the years ended December 31, 2018 and 2017, in the amount of $140,171 and $130,338, respectively. Forfeitures were used to pay additional discretionary nonelective contributions during the years ended December 31, 2018 and 2017, in the amount of $329,077 and 374,470, respectively. During 2018 and 2017, the forfeiture account had earnings of $595 and $37,883, respectively. The balance of the forfeiture account at December 31, 2018 and 2017 was $110,957 and $413,927, respectively.

Note (2) Summary Of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note (2) Summary Of Significant Accounting Policies (Cont'd.)

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Subsequent events have been evaluated through October 9, 2019, which is the date the financial statements were available to be issued.

Note (3) Summary Of Financial Data Certified By The Trustee

The Plan received from the bank/trust company, Wells Fargo Bank, N.A., for the years ended December 31, 2018 and 2017 certification of financial information and data in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The data certified as complete and accurate by Wells Fargo Bank, N.A. includes financial information reflected in the Statements of Net Assets Available for Benefits at December 31, 2018 and 2017 and the Statements of Changes in Net Assets Available for Benefits for the years then ended, as summarized below:

	2018	2017
Investments at fair market value	$ 283,365,399	$ 287,342,972
Net appreciation (depreciation) in fair value of investments	(24,057,154)	42,550,550
Dividend income	5,997,536	701,029

Note (4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note (4) Fair Value Measurements (Cont'd.)

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchased and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2018 and 2017:

	Total	Level 1	Level 2	Level 3
December 31, 2018				
Mutual funds	$ 268,123,462	$ 268,123,462	$ -	$ -
Interest-bearing cash	2	2	-	-
Investments measured at net asset value*	15,241,935	-	-	-
Investments at fair value	$ 283,365,399	$ 268,123,464	$ -	$ -
December 31, 2017				
Mutual funds	$ 273,276,086	$ 273,276,086	$ -	$ -
Investments measured at net asset value*	14,066,886	-	-	-
Investments at fair value	$ 287,342,972	$ 273,276,086	$ -	$ -

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note (4) Fair Value Measurements (Cont'd.)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
December 31, 2018				
Stable value collective trust funds	$ 15,241,935	n/a	Daily	12 months
December 31, 2017				
Stable value collective trust funds	$ 14,066,886	n/a	Daily	12 months

Other fees	53,521	29,078
	$ 473,916	$ 473,963

Note (7) Related-Party Transactions and Party In Interest Transactions

Certain Plan investments are shares of mutual funds managed by Wells Fargo. Wells Fargo Bank, N.A. is the trustee as at December 31, 2018 and 2017, as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Direct fees paid by the Plan to Wells Fargo Bank, N.A. for recordkeeping services were $329,545 and $343,625 for the years ended December 31, 2018 and 2017, respectively.

Note (8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note (9) Tax Status

The Dot Foods, Inc. 401(k) and Profit Sharing Plan is operating under a prototype plan of Wells Fargo Bank N.A., which was adopted during the 2009 Plan year. The prototype plan obtained its latest opinion letter on March 31, 2008 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been restated since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code.

Note (10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
