Dallas, Texas 75247

We have conducted a DOL limited-scope audit of the financial statements of Atrium Windows and Doors, Inc. 401(k) Plan for the period from January 1, 2018 to December 18, 2018 and have issued our report thereon dated October 11, 2019. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements as a whole. We did, however, audit the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 8, 2019. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Atrium Windows and Doors, Inc. 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2018.

We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Plan Management's estimate of the fair value of investments. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of the information that we did not audit based on your election under 29 CFR 2520.103-8, as described in Note 3 to the financial statements and the disclosure of the Plan merger in Note 1 of the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 11, 2019.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings, Issues, or Recommendations

Deferral Rate Changes

Issue: We noted several instances in which participants' changes in elective contributions were not properly or not timely processed by the payroll department upon notification by the third party record-keeper.

Recommendation: We recommend plan management review policies and procedures for implementing deferral changes in the payroll system and implement additional procedures requiring review of the processing of the changes received from the third party record-keeper. A plan sponsor's fiduciary responsibility includes acting solely in the interest of plan participants and their beneficiaries with the exclusive purpose of providing benefits to them, carrying out their duties prudently, and following the plan documents. Therefore, properly processing plan transactions on behalf of participants, including those outsourced to third parties, is critical.

Other Matters

This information is intended solely for the use of management of Atrium Windows and Doors, Inc. 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Cornwell Jackson, PLLC

Report of Independent Auditors

To the Participants and Plan Administrator,
Atrium Windows and Doors, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Atrium Windows and Doors, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 18, 2018 and December 31, 2017, and the related statement of changes in net assets available for benefits for the period from January 1, 2018 to December 18, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee, as of December 18, 2018 and December 31, 2017, and for the period from January 1, 2018 to December 18, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

*As of December 18, 2018 and December 31, 2017, and
for the Period from January 1, 2018 to December 18, 2018*

1. Description of Plan

The following brief description of the Atrium Windows and Doors, Inc. 401(k) Plan (the “Plan”) is provided as general information only. Participants should refer to the Plan document for a more comprehensive description of the Plan’s provisions.

General

The Plan was a defined contribution retirement plan administered by Atrium Corporation and its affiliates (the “Company” or “Sponsor”). The Plan was established on January 1, 1996. The Plan’s design was intended to satisfy all the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Merger

In April 2018, the Company and Ply Gem Holdings, Inc. were simultaneously acquired by Clayton, Dubilier & Rice and merged into a single Company, Ply Gem Parent LLC. In July 2018, Ply Gem Parent LLC and NCI Building Systems, Inc. announced a merger agreement, which was completed in the fourth quarter of 2018. On December 14, 2018, in conjunction with this merger, certain Plan assets totaling \$26,158,625 were transferred from the Plan to the Ply Gem 401(k) Savings Plan. Remaining Plan assets of \$30 were liquidated and transferred on December 18, 2018.

Eligibility

Employees were eligible to participate in the Plan upon reaching the age of twenty-one and completing three months of service. Employees were not eligible to participate if they were covered by a collective bargaining agreement. Eligible employees were automatically enrolled in the Plan upon meeting the eligibility criteria at a default pre-tax deferral rate of 3%.

Contributions

Participants were able to contribute up to 100% of their compensation, as defined in the Plan document, subject to certain limitations. A participant could elect to make these contributions (subject to certain limitations) on a pre-tax basis pursuant to Section 401(k) of the Internal Revenue Code or as Roth contributions on an after-tax basis. Participants could also contribute amounts representing distributions from other qualified retirement contribution plans.

The Plan provided the employer to make matching contributions equal to 20% of a participant’s deferrals. Contribution amounts in excess of 4% of a participant’s compensation for the contribution period were not considered for matching purposes.

At the discretion of its Board of Directors, the Company could have made an additional matching employer contribution on behalf of each eligible participant in an amount equal to a percentage of the eligible contribution made by each eligible participant during the plan year. No such contributions were made for the period from January 1, 2018 to December 18, 2018.

NOTES TO FINANCIAL STATEMENTS
*As of December 18, 2018 and December 31, 2017, and
for the Period from January 1, 2018 to December 18, 2018*

1. Description of Plan (continued)

Contributions (continued)

At the discretion of its Board of Directors, the Company could contribute to the Plan an additional amount to be credited to all participants in the same proportion of each participant's salary to the total salary of all participants. Additional Company contributions were credited to the account of participants who were employed by the Company on December 31 of the plan year and who had completed 1,000 hours of service. No such contributions were made for the period from January 1, 2018 to December 18, 2018.

Participant Accounts

Each participant's account was credited with the participant's contributions, allocations of investment earnings and the participant's allocation of any Company contributions. Participant accounts were also charged with an allocation of certain administrative expenses. Contributions and earnings were allocated among investment options as selected by the participant.

Vesting

Participants were immediately vested in their deferral contributions, plus actual earnings thereon. The Company matching contributions, earnings thereon, and any additional discretionary Company contributions vested over a five-year graded period at a rate of 20% after one year of service, and 20% each year thereafter.

Notes Receivable from Participants

Participants were able to borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in the previous 12 months ending on the date prior to loan application. Loans were collateralized by the participant's account balance and bore interest at a fixed rate based on the prevailing rate on the date of funding. Principal repayments and the interest on outstanding balances were deducted ratably from the participant's pay. Participants were not able to have more than one loan outstanding at a time.

Payments of Benefits

Upon termination of service due to death, or retirement, a participant could elect to receive an amount equal to the value of the participant's vested interest in his or her account, in either a lump sum or annual installments. For termination of service due to other reasons, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution, subject to minimum balance distribution requirements. A participant could withdraw part of the vested interest in his or her account upon attainment of age 59 ½, subject to Plan provisions. The Plan also permitted hardship distributions to participants that could demonstrate an immediate and heavy financial need.

NOTES TO FINANCIAL STATEMENTS
*As of December 18, 2018 and December 31, 2017, and
for the Period from January 1, 2018 to December 18, 2018*

1. Description of Plan (continued)

Forfeitures

The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. Forfeited balances of terminated participants' non-vested accounts could be used to reduce future administrative expenses or Company contributions. During the period ended December 18, 2018, participants forfeited \$41,493 in prior employer contributions. At December 18, 2018 and December 31, 2017, unallocated forfeited non-vested accounts totaling \$0 and \$100,817, respectively, were available to offset future administrative expenses or Company contributions. In 2018, forfeited non-vested accounts of \$108,423 were used to reduce administrative expenses and employer matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the trustee. Refer to Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized on the accrual basis. No allowance for credit losses has been recorded as of December 18, 2018 and December 31, 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loans to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions on the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS
*As of December 18, 2018 and December 31, 2017, and
for the Period from January 1, 2018 to December 18, 2018*

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Risks and Uncertainties

The Plan provided for various options in any combination of specified investments. The underlying investments may have included stocks, bonds, fixed income securities, mutual funds and other investment securities. Such investments were exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it was at least reasonably possible that changes in the values of investment securities in the near term could have materially affected participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in the financial statements.

3. Information Certified by the Trustee (unaudited)

The Company elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements have been prepared and certified by Fidelity Management Trust Company, the trustee, as being complete and accurate:

As of	December 18, 2018	December 31, 2017
Investments, at fair value		
Money market fund	\$ -	\$ 15,080
Mutual funds	-	26,732,230
Common collective trust funds	-	1,438,067
Total investments, at fair value	-	28,185,377
Notes receivable from participants	\$ -	\$ 875,069
For the Period from January 1, 2018 to December 18, 2018		
Net depreciation in fair value of investments		\$ (700,022)
Dividend and interest income		88,357
Interest income on notes receivable from participants		44,533

NOTES TO FINANCIAL STATEMENTS
*As of December 18, 2018 and December 31, 2017, and
for the Period from January 1, 2018 to December 18, 2018*

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 18, 2018 and December 31, 2017.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end money market fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS
*As of December 18, 2018 and December 31, 2017, and
for the Period from January 1, 2018 to December 18, 2018*

4. Fair Value Measurements (continued)

Common collective trust funds: The NAV, as provided by the trustee, is used as a practical expedient to determine fair value, and is based on the common collective trusts' underlying investments. The NAV of each of the collective investment trust accounts is calculated in a manner consistent with the U.S. GAAP for investment companies and is determinative of their fair value and represent the price at which the Plan would be able to initiate a transaction. The fair value of the underlying investments, which is based on quoted market prices of similar assets, is used to determine the NAV of the collective investment trust accounts which are not publicly traded. Investments in these funds can be redeemed daily upon request. There were no significant unfunded commitments as of December 18, 2018 and December 31, 2017.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 15,080	\$ -	\$ -	\$ 15,080
Mutual funds	26,732,230	-	-	26,732,230
Total assets in fair value hierarchy	26,747,310	-	-	26,747,310
Investments measured at NAV ^(a)				1,438,067
Total investments, at fair value				<u>\$ 28,185,377</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2017:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common Collective Trust Funds	\$1,438,067	N/A	Daily	12 months

NOTES TO FINANCIAL STATEMENTS
*As of December 18, 2018 and December 31, 2017, and
for the Period from January 1, 2018 to December 18, 2018*

5. Related-Party and Party-In-Interest Transactions

Certain Plan investments were shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company was the trustee of the Plan and, therefore, these transactions qualified as party in interest transactions.

Fees incurred by the Plan for investment management services are included in net depreciation in fair value of the investments, as they were paid through revenue sharing, rather than a direct payment. The Plan also made direct payments to the trustee and other third-party administrators totaling \$141,964. These costs incurred by the Plan are included in administrative expense on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Termination of the Plan

The Company had the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is wholly or partially terminated, affected participants become 100% vested in their accounts.

7. Tax Status

The Plan had adopted a volume submitter 401(k) and profit sharing plan with cash or deferral arrangement sponsored by Fidelity Management & Research Co., which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the Plan, as then designed, was acceptable under Section 401(a) of the Code, and therefore, the related trust is exempt from taxation. The Plan itself had not received a determination letter from the IRS. However, Plan management believed the Plan, as adopted and amended, was operating within the guidelines of the Internal Revenue Code (IRC). Accordingly, no provision for federal income taxes had been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization had taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan was subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

for the Period from January 1, 2018 to December 18, 2018*
