1. Description of Plan

The description of the U.S. Water Services Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan, which includes a 401(k) salary reduction retirement plan. The 401(k) plan covers all employees who have attained the age of 21. Effective June 1st, 2014, the Plan was amended to cover all employees who have attained the age of 21 and have registered one month of service with the company.

Contributions

Under the 401(k) plan, an employee may contribute pre-tax annual compensation as defined in the plan up to the maximum annual deferral allowed in the Internal Revenue Code. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company will match 50% of each participant's annual contribution up to a maximum Company contribution of $2,500 per participant.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the balance that can be provided from the participant's vested account.

Vesting

Participants are vested 100% of Participant Contributions and Rollover Contributions immediately. Participants are vested in their Qualified Matching Contributions 100% after four years of vesting services. Participants must provide a minimum of 1,000 hours of service to complete a year of vesting service.

Participant Loans

Participants may borrow from their fund account balance up to 50% of the present value of the participant's vested interest. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate similar to the rate charged for a loan made under similar circumstances by persons in the business of lending money.

Forfeited Accounts

Forfeited non-vested accounts totaled $26,158 and $55,417 for the years ended December 31, 2018 and December 31, 2017 respectively. These accounts will be used to reduce future employer contributions or be applied to administrative expenses. As of December 31, 2018, forfeited accounts utilized totaled $23,804 and $98,309 as of December 31, 2017. Unused forfeited account balances at December 31, 2018 and 2017 was $6,872 and $4,518 respectively.

1. Description of Plan (continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to have payments that are eligible rollover distributions to be either (1) paid in a direct rollover to an IRA or another employer plan or (2) paid to the Participant. If a Participant chooses to have benefits paid directly to them, the Company will withhold 20% of the payment for federal income tax withholding. If a Participant's vested balance is less than $5,000, it will be paid as a single lump sum payment. If the vested balance is greater than $5,000, the benefits can be paid in a single lump sum payment or a series of installments. The installments may be made over a period not to exceed the Participant's life expectancy. Benefits are recorded when paid.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting. Under that basis, certain revenues and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. That basis differs from generally accepted accounting principles primarily because the Plan has not recognized accounts receivable from employer contributions and would not recognize current liabilities to plan participants and their related effects on earnings in the accompanying financial statements.

Estimates

The preparation of financial statements in conformity with another comprehensive basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The methods and significant assumptions used to estimate fair values of financial instruments, including non-readily marketable securities are as follows: fair values of financial instruments are estimated using a market-based assumption that market participants would use in pricing the financial instruments. Interest and dividends are recognized when received.

Operating Expenses

The Plan sponsor may pay some Plan administration expenses with it's own assets rather than using Plan assets. To the extent the Plan sponsor does not pay Plan expenses with its own assets, the Plan generally will pay the expenses of Plan administration and will assess the expenses paid against the accounts of all participants in the Plan. The Plan sponsor may, from time to time, change the manner in which expenses are allocated.

Contribution Receivable

The plan recorded $50,492 as of December 31, 2018 and $42,738 as of December 31, 2017 of employee deferrals remitted by the administrator before year end but not yet booked by the trustee to the individual participant's account.

3. Investments

Unaudited Information Certified by the Plan Trustee
The December 31, 2018 and 2017 Statements of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for Benefits and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974. The information certified includes total investments of $8,469,621, related losses of $638,761, contributions of $1,408,738, and benefit payments of $756,709 at December 31, 2018 and total investments of $8,513,901, related gains of $1,133,711, contributions of $1,321,758, and benefit payments of $1,059,257 at December 31, 2017.

Related (losses) gains consisted of the following at December 31:

	2018	2017
Registered Investment Companies	$ (642,232)	$ 1,104,006
Other Income	3,471	29,705
Total Related (Losses) Gains	$ (638,761)	$ 1,133,711

4. Fair Value Measurements

The Company adopted the requirements of the Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification on January 1, 2009. The Fair Value Measurements and Disclosures Topic defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. The Fair Value Measurements and Disclosures Topic defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value should be based on assumptions that market participants would use including a consideration of non-performance risk.

The Company assessed the inputs used to measure fair value using a three-tier hierarchy based on the extent to which inputs used in measuring fair value are observable in the market. Level 1 inputs include quoted prices for identical instruments and are the most observable. Level 2 inputs include quoted prices for similar assets and observable inputs such as interest rates, currency exchange rates and yield curves. Level 3 inputs are not observable in the market and include management's judgments about the assumptions market participants would use in pricing the asset or liability.

The following table presents the Plan's investments that are measured at fair value, by input level, on a recurring basis at December 31:

	2018	2017
Level 1	$ 8,469,621	$ 8,513,901
Level 2	-	-
Level 3	-	-
Total	$ 8,469,621	$ 8,513,901

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

6. Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Untimely Employee Deposits

During 2018 and 2017, the Company failed to properly withhold employee deferrals on all eligible wages resulting in the deposits of employee deferrals and employer match on an untimely basis according to the Department of Labor standards. Management calculated the amount of a Qualified Non-Elective Contribution plus lost earnings in the amount of $3,124 for the year ended December 31, 2018 and $8.464 for the year ended December 31, 2017 and paid in the amount of lost earnings, late deferrals, and late employer match during the years ended December 31, 2019, 2018, and 2017.

During the year ended December 31, 2018, the plan administrator also determined that a Qualified Non-Elective Contribution, a matching employer contribution, and the associated lost earnings were due for three employees for one of the Company's branches dating back to December 31, 2015 and paid in the amounts during the year ended December 31, 2018. Refer to the Schedule of Delinquent Participant contribution for the amounts.

9. Date of Management's Review
