Note 1 - Description of plan

The following description of the Grace LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of: Grace Industries LLC, Grace Asphalt LLC, Haugland Group LLC, Haugland Infrastructure Group LLC, Haugland Energy Group LLC, Midnight Trucking Enterprises LLC and Inwood Material Terminal LLC (the "Companies") who have completed two months of service. Certain union employees, certain nonresident aliens, and certain temporary employees are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Contributions to the Plan consist of elective deferral contributions made by active participants and matching contributions made by the Company. Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Deferral contributions are subject to the Internal Revenue Code ("IRC") limitations, which was $18,500 ($24,500 for catch-up contributions) for 2018. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, money mark and common collective trusts as investment options for participants.

The Company adopted a Safe Harbor 401(k) Plan at inception. Under the Safe Harbor 401(k) Plan, the Companies contribute 100 percent of the first 5 percent of participants' eligible compensation. The Companies, at their discretion, may make additional matching and profit sharing contributions in addition to the Safe Harbor matching contributions. There were no profit sharing contributions during 2018.

Participant accounts

Each participant's account is credited with the participant's deferral contributions and allocations of the Company's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in both employee elected deferral contributions plus actual earnings thereon and the Companies' Safe Harbor matching contributions.

Notes receivable from participants

Participants may borrow from their fund accounts a maximum amount equal to the lesser of: 1) $50,000, reduced by the highest outstanding balance during the preceding 12 months, or 2) 50% of their vested account balance. The minimum amount for which a loan mat be made is $1,000. Loans are secured by the balance in the participant's account and bear interest at the prevailing interest rate at the date of loan inception. Interest rates on existing loans are 6.00% per annum. Principal and interest is paid ratably through monthly payroll deductions.

Payment of benefits
On termination of service due to death, disability or retirement, a participant may elect to receive payment equal to the value of the participant's vested interest in his or her account in a lump sum. For termination of service due to other reasons, a participant may elect to receive payment equal to the value of the vested interest in his or her account as a lump sum at any time after termination. However, in the event a distribution is not elected by a participant upon termination of service, payment equal to the value of the vested interest in his or her account will commence no later than the April 1 of the calendar year following the calendar year in which the participant attains age 70 ½ for a five percent owner as defined in IRC Code Section 416(i). For all other participants, payment will commence no later than April 1 of the calendar year following the calendar year in which occurs the later of i) the participant's retirement or ii) the participant attains age 70 ½. In addition, participants are allowed to receive hardship distributions.

Forfeited accounts
Forfeited nonvested amounts, if any, are allocated to individual accounts of remaining qualifying participants. At December 31, 2018, there were no forfeited nonvested accounts.

Note 2 - Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of estimates
The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,326,809	$ -	$ -	$ 7,326,809
Money market funds	1,152,579	-	-	1,152,579
Total assets in the fair value hierarchy	8,479,388	-	-	8,479,388
Investments measured at NAV (a)	-	-	-	53,702
Total investments at fair value	$ 8,479,388	$ -	$ -	$ 8,533,090

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,500,207	$ -	$ -	$ 7,500,207
Money market funds	-	-	-	-
Total assets in the fair value hierarchy	7,500,207	-	-	7,500,207
Investments measured at NAV (a)	-	-	-	36,144
Total investments at fair value	$ 7,500,207	$ -	$ -	$ 7,536,351

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2018			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Fidelity Advisor Stable Value Portfolio Commingled Pool	$ 53,702	None	Daily	12 months

	December 31, 2017			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Fidelity Advisor Stable Value Portfolio Commingled Pool	$ 36,144	None	Daily	12 months

Note 4 - Related party transactions and party-in-interest transactions

During 2018 and 2017, certain Plan investments were invested in money market funds, mutual funds and common and collective funds managed and held by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualifies as party-in-interest transactions.

The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

All of these party-in-interest transactions are exempt from prohibited transaction rules of ERISA.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Tax status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the Plan within the time frame specified by 29 CFR 2510.3-102 of the Department of Labor's ("DOL's") Rules and Regulations for reporting under ERISA, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2018. The Company intends to submit an application to the DOL under the Voluntary Fiduciary Compliance Program with respect to delinquent 2018 participant contributions.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2018, and investment income and interest income on notes receivable from participants for the year ended December 31, 2018, that is disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

In addition, participants are allowed to receive hardship distributions.

Forfeited accounts
Forfeited nonvested amounts, if any, are allocated to individual accounts of remaining qualifying participants. At December 31, 2018, there were no forfeited nonvested accounts.

Note 2 - Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of estimates
The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,326,809	$ -	$ -	$ 7,326,809
Money market funds	1,152,579	-	-	1,152,579
Total assets in the fair value hierarchy	8,479,388	-	-	8,479,388
Investments measured at NAV (a)	-	-	-	53,702
Total investments at fair value	$ 8,479,388	$ -	$ -	$ 8,533,090

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,500,207	$ -	$ -	$ 7,500,207
Money market funds	-	-	-	-
Total assets in the fair value hierarchy	7,500,207	-	-	7,500,207
Investments measured at NAV (a)	-	-	-	36,144
Total investments at fair value	$ 7,500,207	$ -	$ -	$ 7,536,351

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2018			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Fidelity Advisor Stable Value Portfolio Commingled Pool	$ 53,702	None	Daily	12 months

	December 31, 2017			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Fidelity Advisor Stable Value Portfolio Commingled Pool	$ 36,144	None	Daily	12 months

Note 4 - Related party transactions and party-in-interest transactions

During 2018 and 2017, certain Plan investments were invested in money market funds, mutual funds and common and collective funds managed and held by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualifies as party-in-interest transactions.

The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

All of these party-in-interest transactions are exempt from prohibited transaction rules of ERISA.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Tax status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the Plan within the time frame specified by 29 CFR 2510.3-102 of the Department of Labor's ("DOL's") Rules and Regulations for reporting under ERISA, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2018. The Company intends to submit an application to the DOL under the Voluntary Fiduciary Compliance Program with respect to delinquent 2018 participant contributions.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2018, and investment income and interest income on notes receivable from participants for the year ended December 31, 2018, that is disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

Note 1 - Description of plan

The following description of the Grace LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of: Grace Industries LLC, Grace Asphalt LLC, Haugland Group LLC, Haugland Infrastructure Group LLC, Haugland Energy Group LLC, Midnight Trucking Enterprises LLC and Inwood Material Terminal LLC (the "Companies") who have completed two months of service. Certain union employees, certain nonresident aliens, and certain temporary employees are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Contributions to the Plan consist of elective deferral contributions made by active participants and matching contributions made by the Company. Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Deferral contributions are subject to the Internal Revenue Code ("IRC") limitations, which was $18,500 ($24,500 for catch-up contributions) for 2018. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, money mark and common collective trusts as investment options for participants.

The Company adopted a Safe Harbor 401(k) Plan at inception. Under the Safe Harbor 401(k) Plan, the Companies contribute 100 percent of the first 5 percent of participants' eligible compensation. The Companies, at their discretion, may make additional matching and profit sharing contributions in addition to the Safe Harbor matching contributions. There were no profit sharing contributions during 2018.

Participant accounts

Each participant's account is credited with the participant's deferral contributions and allocations of the Company's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in both employee elected deferral contributions plus actual earnings thereon and the Companies' Safe Harbor matching contributions.

Notes receivable from participants

Participants may borrow from their fund accounts a maximum amount equal to the lesser of: 1) $50,000, reduced by the highest outstanding balance during the preceding 12 months, or 2) 50% of their vested account balance. The minimum amount for which a loan mat be made is $1,000. Loans are secured by the balance in the participant's account and bear interest at the prevailing interest rate at the date of loan inception. Interest rates on existing loans are 6.00% per annum. Principal and interest is paid ratably through monthly payroll deductions.

Payment of benefits
On termination of service due to death, disability or retirement, a participant may elect to receive payment equal to the value of the participant's vested interest in his or her account in a lump sum. For termination of service due to other reasons, a participant may elect to receive payment equal to the value of the vested interest in his or her account as a lump sum at any time after termination. However, in the event a distribution is not elected by a participant upon termination of service, payment equal to the value of the vested interest in his or her account will commence no later than the April 1 of the calendar year following the calendar year in which the participant attains age 70 ½ for a five percent owner as defined in IRC Code Section 416(i). For all other participants, payment will commence no later than April 1 of the calendar year following the calendar year in which occurs the later of i) the participant's retirement or ii) the participant attains age 70 ½. In addition, participants are allowed to receive hardship distributions.

Forfeited accounts
Forfeited nonvested amounts, if any, are allocated to individual accounts of remaining qualifying participants. At December 31, 2018, there were no forfeited nonvested accounts.

Note 2 - Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of estimates
The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,326,809	$ -	$ -	$ 7,326,809
Money market funds	1,152,579	-	-	1,152,579
Total assets in the fair value hierarchy	8,479,388	-	-	8,479,388
Investments measured at NAV (a)	-	-	-	53,702
Total investments at fair value	$ 8,479,388	$ -	$ -	$ 8,533,090

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,500,207	$ -	$ -	$ 7,500,207
Money market funds	-	-	-	-

Investments measured at NAV (a)	-	-	-	36,144
Total investments at fair value	$ 7,500,207	$ -	$ -	$ 7,536,351

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2018

Fidelity Advisor Stable Value Portfolio Commingled Pool	$ 53,702	None	Daily	12 months

	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Fidelity Advisor Stable Value Portfolio Commingled Pool	$ 36,144	None	Daily	12 months

Note 4 - Related party transactions and party-in-interest transactions

During 2018 and 2017, certain Plan investments were invested in money market funds, mutual funds and common and collective funds managed and held by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualifies as party-in-interest transactions.

The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

All of these party-in-interest transactions are exempt from prohibited transaction rules of ERISA.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Tax status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the Plan within the time frame specified by 29 CFR 2510.3-102 of the Department of Labor's ("DOL's") Rules and Regulations for reporting under ERISA, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2018. The Company intends to submit an application to the DOL under the Voluntary Fiduciary Compliance Program with respect to delinquent 2018 participant contributions.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2018, and investment income and interest income on notes receivable from participants for the year ended December 31, 2018, that is disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

Note 1 - Description of plan

The following description of the Grace LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of: Grace Industries LLC, Grace Asphalt LLC, Haugland Group LLC, Haugland Infrastructure Group LLC, Haugland Energy Group LLC, Midnight Trucking Enterprises LLC and Inwood Material Terminal LLC (the "Companies") who have completed two months of service. Certain union employees, certain nonresident aliens, and certain temporary employees are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Contributions to the Plan consist of elective deferral contributions made by active participants and matching contributions made by the Company. Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Deferral contributions are subject to the Internal Revenue Code ("IRC") limitations, which was $18,500 ($24,500 for catch-up contributions) for 2018. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, money mark and common collective trusts as investment options for participants.

The Company adopted a Safe Harbor 401(k) Plan at inception. Under the Safe Harbor 401(k) Plan, the Companies contribute 100 percent of the first 5 percent of participants' eligible compensation. The Companies, at their discretion, may make additional matching and profit sharing contributions in addition to the Safe Harbor matching contributions. There were no profit sharing contributions during 2018.

Participant accounts

Each participant's account is credited with the participant's deferral contributions and allocations of the Company's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in both employee elected deferral contributions plus actual earnings thereon and the Companies' Safe Harbor matching contributions.

Notes receivable from participants

Participants may borrow from their fund accounts a maximum amount equal to the lesser of: 1) $50,000, reduced by the highest outstanding balance during the preceding 12 months, or 2) 50% of their vested account balance. The minimum amount for which a loan mat be made is $1,000. Loans are secured by the balance in the participant's account and bear interest at the prevailing interest rate at the date of loan inception. Interest rates on existing loans are 6.00% per annum. Principal and interest is paid ratably through monthly payroll deductions.

Payment of benefits
On termination of service due to death, disability or retirement, a participant may elect to receive payment equal to the value of the participant's vested interest in his or her account in a lump sum. For termination of service due to other reasons, a participant may elect to receive payment equal to the value of the vested interest in his or her account as a lump sum at any time after termination. However, in the event a distribution is not elected by a participant upon termination of service, payment equal to the value of the vested interest in his or her account will commence no later than the April 1 of the calendar year following the calendar year in which the participant attains age 70 ½ for a five percent owner as defined in IRC Code Section 416(i). For all other participants, payment will commence no later than April 1 of the calendar year following the calendar year in which occurs the later of i) the participant's retirement or ii) the participant attains age 70 ½. In addition, participants are allowed to receive hardship distributions.

Forfeited accounts
Forfeited nonvested amounts, if any, are allocated to individual accounts of remaining qualifying participants. At December 31, 2018, there were no forfeited nonvested accounts.

Note 2 - Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of estimates
The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,326,809	$ -	$ -	$ 7,326,809
Money market funds	1,152,579	-	-	1,152,579
Total assets in the fair value hierarchy	8,479,388	-	-	8,479,388
Investments measured at NAV (a)	-	-	-	53,702
Total investments at fair value	$ 8,479,388	$ -	$ -	$ 8,533,090

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,500,207	$ -	$ -	$ 7,500,207
Money market funds	-	-	-	-
Total assets in the fair value hierarchy	7,500,207	-	-	7,500,207
Investments measured at NAV (a)	-	-	-	36,144
Total investments at fair value	$ 7,500,207	$ -	$ -	$ 7,536,351

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2018			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Fidelity Advisor Stable Value Portfolio Commingled Pool	$ 53,702	None	Daily	12 months

	December 31, 2017			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Fidelity Advisor Stable Value Portfolio Commingled Pool	$ 36,144	None	Daily	12 months

Note 4 - Related party transactions and party-in-interest transactions

During 2018 and 2017, certain Plan investments were invested in money market funds, mutual funds and common and collective funds managed and held by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualifies as party-in-interest transactions.

The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

All of these party-in-interest transactions are exempt from prohibited transaction rules of ERISA.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Tax status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the Plan within the time frame specified by 29 CFR 2510.3-102 of the Department of Labor's ("DOL's") Rules and Regulations for reporting under ERISA, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2018. The Company intends to submit an application to the DOL under the Voluntary Fiduciary Compliance Program with respect to delinquent 2018 participant contributions.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2018, and investment income and interest income on notes receivable from participants for the year ended December 31, 2018, that is disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

Note 10 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 to Form 5500:
