INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
HCMC Legal, Inc. Employee Stock Ownership Plan

Report on the Financial Statements

We have audited the accompanying financial statements of HCMC Legal, Inc. Employee Stock Ownership Plan (the "Plan"), which comprise the statements of net assets (deficit) available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets (deficit) available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets (deficit) available for benefits of the Plan as of December 31, 2018 and 2017, and the changes in net assets (deficit) available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i - assets (held at end of year) as of December 31, 2018, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such supplemental information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplemental information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such supplemental information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1. DESCRIPTION OF PLAN

HCMC Legal, Inc. (the "Sponsor" or "Company") established the HCMC Legal, Inc. Employee Stock Ownership Plan (the "Plan" or "ESOP") effective as of August 19, 2011. The Plan operates as an employee stock ownership plan and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 ("IRC"), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Participants should refer to the Plan agreement for complete information.

The Plan purchased 46,000,000 shares of the Sponsor's common stock (constituting all of the Sponsor's common stock) in exchange for a note payable to the Sponsor (the "Note") (see Note 9), and held the stock in a trust established by Wilmington Trust Retirement Institutional Services Company (the "Trustee"). The Note will be repaid over a period of 20 years by periodic Sponsor contributions.

The Note is collateralized by the unallocated shares of stock. Accordingly, the financial statements of the Plan as of and for the years ended December 31, 2018 and 2017, present separately the assets and liabilities and changes therein pertaining to:

a) The accounts of employees with vested rights in allocated stock (allocated), and

b) Stock not yet allocated to employees (unallocated).

Eligibility

The Plan is a defined contribution plan covering employees of the Sponsor. To be eligible to participate, the Plan requires an employee to have attained the age of 21 and to have worked at least 1,000 hours during their first anniversary year from their hire date to the anniversary of that hire date or to have worked at least 1,000 hours during the current Plan year. Employees whose employment is governed under a collective bargaining agreement, employees who are non-resident aliens who do not receive earned income, certain executives, and employees of affiliated companies are not eligible to participate. Participants are not permitted to make any contributions to the Plan.

Employer Contributions

The Sponsor is obligated to make contributions in cash to the Plan that, when aggregated with the Plan's dividend income, at least equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on the Note. The Sponsor can contribute stock to the Plan either by a direct contribution of shares, a contribution of cash to purchase shares, or through the release of shares as a result of payment made on the Note.

Participant Accounts

The Plan's third-party administrator maintains an individual account for each Plan participant. Each individual account is credited with the Sponsor's allocation and is charged administrative fees for specific participant-requested services. Allocations are based on a percentage of a participant's total eligible compensation multiplied by the number of shares released.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Vesting

A participant is 100% vested after six years of credited service as follows:

Years of service, as defined	Vesting interest
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

A participant's account shall become 100% vested and nonforfeitable upon the participant's attainment of his or her normal retirement date while employed by the Sponsor. Upon death or disability while employed by the Sponsor, a participant will be entitled to receive his or her vested account balance.

Payment of Benefits

No distributions are permitted from the Plan to satisfy benefits consisting of financed shares acquired through the Note until such Note is repaid in full, unless the termination of service arises from death, disability or retirement, or the attainment of age 70½. Distributions to terminated participants for any reason other than death will begin no later than the last day of the Plan year following the fifth anniversary of the date employment was terminated, unless a later distribution date is requested. Distributions upon death of participant will be distributed to the beneficiary no later than the last day of the Plan year following the year after death. Distributions to terminated participants will be paid over a period of five years, unless the participant's account balance exceeds $985,000, in which case, the five-year period will be extended one additional year (but not more than five additional years) for each $195,000 or fraction thereof by which the participant's account balance exceeds $985,000. Distributions to participants who have attained the age of 70½ will be paid in accordance with the regulations under the IRC.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Participant Diversification of Investments

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Sponsor stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, a participant may diversify up to 50% of the balance in his or her account. Participants who elect to diversify shall be offered the opportunity to either invest the diversified portion in at least three investment options or receive a cash distribution.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, must include a put option. The put option is a right to demand that the Sponsor buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Sponsor can pay for the purchase with interest, at a reasonable rate, over a period of five years. The purpose of the put option is to ensure that the participant ultimately has the ability to obtain cash.

Plan Termination

The Sponsor reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund becomes fully vested and non-forfeitable and will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the trustee shall direct the Plan to pay all liabilities and expenses of the trust fund and to sell shares of financed stock to the extent it determines such sale to be necessary in order to repay the Note.

Forfeited Accounts

Upon termination of employment of a participant or former participant, the portion of the balance credited to his or her account which is not vested at the date of termination shall be forfeited. The Plan administrator may elect to use all or any portion of the forfeiture account to pay administrative expenses incurred by the Plan. The portion of the forfeiture account that is not used to pay administrative expenses will be used first to restore previous forfeitures of participants' accounts and/or to restore missing participants' accounts. The portion of the forfeiture account that is not used to pay administrative expenses and is not used to satisfy the provisions of the previous sentence will then be allocated to the account of each benefiting participant in the ratio that each benefiting participant's compensation bears to the total compensation of all benefiting participants. During the years ended December 31, 2018 and 2017, 108,950.5222 and 2,586,783.1370 shares were forfeited, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at estimated fair value. Fair value is determined by an annual independent appraisal (see Note 7).

Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Substantially all administrative expenses are paid by the Sponsor.

Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under this standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

> Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Company has evaluated subsequent events through October 10, 2019, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3. RISKS AND UNCERTAINTIES

The Plan's assets consist of the Sponsor's common stock at December 31, 2018 and 2017. This type of investment security is exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets (deficit) available for benefits and the statements of changes in net assets (deficit) available for benefits.

NOTE 4. TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service ("IRS") dated November 5, 2015, which states that the Plan satisfies the applicable provisions of the IRC. Prior to November 5, 2015, the Plan's application for exempt tax status was pending with the IRS, but the Sponsor's management believed that the Plan and trust were designed and being operated in compliance with the applicable requirements of the IRC for the period from January 1, 2015 to November 5, 2015.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan is currently under an audit by federal taxing authorities regarding the initial pricing of the shares at the inception of the Plan.

NOTE 5. DOL EXAMINATION

The Plan is presently undergoing an examination by the U.S. Department of Labor ("DOL") in connection with the ESOP. On August 21, 2017, the DOL filed a complaint alleging ERISA violations in the U.S. District Court for the Southern District of New York. The complaint names as defendants Wilmington Trust N.A. ("Wilmington") and the ESOP. The complaint alleges that Wilmington, acting as trustee of the ESOP, failed to fulfill its fiduciary duties under ERISA. The complaint names the ESOP as a defendant "pursuant to Rule 19 (a) of the Federal Rules of Civil Procedure, solely to assure that complete relief can be granted." No legal claims have been asserted by any party against the ESOP. As such, the DOL has agreed that the ESOP need not respond to any allegations in the complaint.

NOTE 6. OTHER INVESTMENT INFORMATION

The following tables summarize investment information regarding the Plan as of December 31, 2018 and 2017, and for the years then ended, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by the Trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate.

Investment in the Sponsor's common stock, at estimated fair value, is summarized as follows as of December 31, 2018 and 2017:

	2018			2017		
	Allocated	Unallocated	Total	Allocated	Unallocated	Total
Number of common shares	18,400,000	27,600,000	46,000,000	16,100,000	29,900,000	46,000,000
Cost	$ 18,400,000	$ 27,600,000	$ 46,000,000	$ 16,100,000	$ 29,900,000	$ 46,000,000
Estimated fair value	$ 287,776	$ 431,664	$ 719,440	$ 189,175	$ 351,325	$ 540,500

Investment income consisted of the following for the years ended December 31, 2018 and 2017:

	2018	2017
Net unrealized appreciation in fair value of investment	$ 178,940	$ 154,560

NOTE 7. FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are based on one or more of three valuation techniques identified in the tables below. The valuation techniques are as follows:

(a) *Market approach*. Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;

(b) *Cost approach*. Amount that would be required to replace the service capacity of an asset (replacement cost); and

(c) *Income approach*. Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing and excess earnings models).

NOTE 7. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables summarize the Plan's assets measured at fair value on a recurring basis, categorized by U.S. GAAP's valuation hierarchy as of December 31, 2018 and 2017:

	Estimated Fair Value as of December 31, 2018				
Description	Level 1	Level 2	Level 3	Total	Valuation Technique
Investment in the Sponsor's common stock	$ -	$ -	$ 719,440	$ 719,440	(c)

	Estimated Fair Value as of December 31, 2017				
Description	Level 1	Level 2	Level 3	Total	Valuation Technique
Investment in the Sponsor's common stock	$ -	$ -	$ 540,500	$ 540,500	(c)

During the years ended December 31, 2018 and 2017, there were no transfers between levels of the fair value hierarchy.

The following table sets forth a summary of the changes in the estimated fair value of the Plan's investment classified by the Plan within Level 3 of the fair value hierarchy for the years ended December 31, 2018 and 2017:

	2018	2017
Estimated fair value, beginning	$ 540,500	$ 385,940
Net unrealized appreciation in estimated fair value of investment	178,940	154,560
Estimated fair value, ending	$ 719,440	$ 540,500

The estimated fair value of the investment in the Sponsor's common stock at December 31, 2018 and 2017, was determined by annual independent appraisals. There have been no changes in the methodologies used at December 31, 2018 and 2017.

The appraisals are based upon a combination of the market and income valuation techniques (discounted cash flow model) consistent with prior years. At December 31, 2018 and 2017, most emphasis was placed on the discounted cash flow models. The appraiser takes into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of the Sponsor's assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

Plan management accumulates the data for the appraiser from the audited financial statements of the Sponsor. The appraiser prepares a preliminary report, which Plan management, along with the Trustee, reviews in detail, discusses and approves.

NOTE 7. FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the significant unobservable inputs used in the discounted cash flow model in the appraisal of the Sponsor's common stock as of December 31, 2018:

Unobservable Inputs	Range of Inputs
Discount rate	19.0%
Terminal multiple	4.5x - 5.5x
Compound annual growth rate of revenue	0.0 - 6.0%
Term	5 years

NOTE 8. ADMINISTRATION OF PLAN ASSETS AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets, consisting of the Sponsor's common stock at December 31, 2018 and 2017, are held in safekeeping by the Trustee of the Plan.

Sponsor contributions are held and managed by the Trustee. The Trustee also administers the payment of interest and principal on the Note, which is reimbursed to the Trustee through the contributions as determined by the Sponsor.

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Substantially all administrative expenses of the Plan are paid by the Sponsor.

NOTE 9. NOTE PAYABLE

In 2011, the Plan entered into a $46,000,000 term note with the Sponsor. The proceeds of the Note were used to purchase 46,000,000 shares of the Sponsor's common stock. Unallocated shares collateralize borrowings under the Note. The agreement provides that the Note be repaid over 20 years. The Note bears interest at 3.86% per annum.

Future minimum principal payments for the remaining term of the Note are as follows:

Year ending December 31:	Amount
2019	$ 2,071,856
2020	2,148,784
2021	2,234,773
2022	2,321,035
2023	2,410,627
Thereafter	19,687,296
	$ 30,874,371
