Report of Independent Auditors

To the Plan Administrator of
Melink Corporation 401(k) Retirement Plan
Cincinnati, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Melink Corporation 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Reliance Trust Company and Voya Retirement Insurance and Annuity Company, the trustee and custodian of the Plan, respectively, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that Voya Retirement Insurance and Annuity Company held the Plan's assets and executed investment transactions as of December 31, 2017 and for the year then ended and that Reliance Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2018 and for the year then ended. The Plan administrator has obtained a certification from the trustee and custodian as of and for the years ended December 31, 2018 and 2017, respectively, that the information provided to the Plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MELINK CORPORATION 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

1. Description of plan

The following brief description of the Melink Corporation 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established to provide voluntary retirement benefits and tax deferred savings opportunities to eligible employees of Melink Corporation (the “Company”). All current employees are eligible to participate in the Plan. Eligible employees may begin participating in the Plan when they are at least 21 years of age and have completed six months of eligible service with the Company.

Contributions

The Plan provides the opportunity for participants to elect to have up to 100% of their pre-tax annual compensation contributed to the Plan under guidelines provided by the Internal Revenue Service regulations. In addition, employees may make rollover deposits to the Plan from other qualified plans or certain individual retirement accounts.

The Company may make discretionary matching and profit sharing contributions to each eligible participant’s account. For the years ended December 31, 2018 and 2017, the Company did not elect to make any matching or profit sharing contributions.

Participant accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions and Plan earnings. Allocations are based on the provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes receivable from participants

Participants may borrow a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account. The loan interest rate, determined quarterly, is set at the prime rate plus 1%, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon death, disability, retirement or termination of service, a participant may elect to receive an amount equal to the value of the participant’s vested interest in his or her account, in accordance with Plan provisions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The vesting schedule for Company contributions and actual earnings thereon is based on years of credited service. The vesting schedule is as follows:

<u>Years of Credited Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1 but less than 2	0%
2 but less than 3	50%
3 or more	100%

MELINK CORPORATION 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

1. Description of plan (continued)

Forfeited accounts

Forfeitures are retained in the Plan and will be used to reduce future employer contributions payable or to pay administrative expenses of the Plan. At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$7,500.

Plan expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements and supplemental schedules have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by Reliance and Voya. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Gains or losses on sales of securities are based on average cost. Interest income is recorded on the accrual basis. Dividend income includes capital gains and is recorded on the ex-dividend date.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

MELINK CORPORATION 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

2. Summary of significant accounting policies (continued)

Subsequent events

Subsequent events have been evaluated through October 11, 2019, which is the date the financial statements were available to be issued and there are no subsequent events requiring disclosure.

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets
- b. Quoted prices for identical or similar assets or liabilities in inactive markets
- c. Inputs other than quoted prices that are observable for the asset or liability
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

MELINK CORPORATION 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

3. Fair value measurements (continued)

Stable value collective trust: Valued at the NAV of the units held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The investment objective of the underlying investments is to simulate the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Valued at the NAV of units of the pooled separate accounts. The NAV, as provided by Voya Retirement Insurance and Annuity Company (“Voya”), is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment adviser reserves the right to temporarily delay withdrawal from the accounts in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Company’s assets and liabilities that are measured and recognized at fair value on a recurring basis classified under the appropriate level of the fair value hierarchy as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,242,360	\$ -	\$ -	\$ 3,242,360
Investments measured at net asset value ⁽¹⁾				406,371
Total investments at fair value				\$ 3,648,731

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value ⁽¹⁾				3,184,518
Total investments at fair value				\$ 3,184,518

(1) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

MELINK CORPORATION 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

3. Fair value measurements (continued)

Investments measured using the net asset value per share practical expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2018</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently) Eligible)</u>	<u>Redemption Notice Period</u>
Stable value collective trust fund	\$ 406,371	n/a	Daily	12 months
<u>December 31, 2017</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently) Eligible)</u>	<u>Redemption Notice Period</u>
Stable value collective trust fund	\$ -	n/a	Daily	12 months

4. Fully benefit-responsive investment contract

The plan held a traditional fully benefit-responsive guaranteed investment contract with Voya totaling \$302,984 as of December 31, 2017, respectively. Voya maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer but may not be less than 3 percent. The crediting rate was reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

MELINK CORPORATION 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

4. Fully benefit-responsive investment contract (continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsors events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreements without the consent of the issuer.

5. Investments and notes receivable from participants

All investment and notes receivable from participants information disclosed in the accompanying financial statements and schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, net (depreciation) appreciation in fair value of investments, interest and dividends, and interest income on notes receivables for the years ended December 31, 2018 and 2017, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee, as of and for the year ended December 31, 2018 and Voya, the custodian, as of and for the year ended December 31, 2017. As elected by the Plan administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements. For the years ended December 31, 2018 and 2017, Plan investments, including gains and losses on investments bought, sold and held during the year, (depreciated) appreciated in value by \$(371,880) and \$549,692, respectively.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Party-in-interest transactions

Certain Plan investments as of December 31, 2017 were shares of pooled separate accounts or guaranteed investment contracts that were managed by Voya. Voya was the custodian, as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

MELINK CORPORATION 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

8. Tax status

The Plan is a volume-submitter plan provided by CCH Incorporated, DBA FTWilliam.com, which has received an opinion letter, dated March 31, 2014, from the Internal Revenue Service. The opinion letter states that the volume-submitter plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. Subsequently, the Plan has been amended. The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, qualifies as tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Prohibited transactions

During the years ended December 31, 2010 through December 31, 2017, on more than one occasion the Company failed to remit participants' contributions as soon as reasonably possible.
