Notes to Financial Statements

1. Description of Plan

The following description of the Advantage Management Group 401(k) Savings Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Advantage Management Group, Inc. (the "Company") sponsors the Plan, which is a defined contribution plan covering eligible participants. The Company has given Ascensus, LLC (the "Trustee") the authority to hold the assets of the Plan and to invest, control, and disburse all assets of the Plan in accordance with the Plan document. Participating affiliates through common ownership of the Plan include Advantage Management Group, Inc., Advantage Management Group-LTC, Inc., Rhema Battle Creek Operating, LLC, Rhema Southgate Operating, LLC, Rhema WTLC Operating, LLC, Rhema Northwest Operating, LLC, Rhema Armada Operating, LLC, Rhema Armada Village Operating, LLC, Rhema Warren Operating, LLC, Rhema Therapy II, LLC, Rhema Belmont Operating, LLC, Rhema Redford Operating, LLC, Rhema Redford Village Operating, LLC, Rhema Roseville Operating LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

Employees who have provided six months of service, are age 18 or older, and are not a member of a collective bargaining unit are eligible to participate in the 401(k) deferral arrangement of the Plan. Eligible participants may enter the Plan on the first day of the month following the completion of eligibility requirements.

Contributions

Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) participant rollovers from other plans. The Company did not make employer contributions in 2018.

Participants may elect to contribute a percentage of their eligible compensation to the Plan each year, subject to the limitations, as defined in the Plan document. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Eligible employees may elect to be enrolled in the Plan. Participants are permitted to make elective participant compensation deferral contributions in an amount up to 90 percent of eligible compensation, not to exceed \$18,500 and \$18,000 in 2018 and 2017, respectively. All employees who are eligible to make salary deductions under this Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance with the Plan document, and subject to Internal Revenue Service ("IRS") limitations, which were limited to \$6,000 in 2018 and 2017. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Plan also offers a Roth 401(k) deferral option.

Vesting

Participants are fully vested in their voluntary and rollover contributions plus actual earnings thereon.

Advantage Management Group 401(k) Savings Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of earnings, expenses, and gains and losses attributable thereto. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the balance of the Participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Interest rates ranged from 5.25% to 8.50% at December 31, 2018. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Participants may have a maximum of one loan outstanding at one time, and loan terms may not exceed five years, unless it is for the purchase of a primary residence. In these instances, the loan term may not exceed 30 years.

Payment of Benefits

On termination of service with the Company (including termination of service due to death, disability, or retirement), a participant may generally elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants who reach the age of 59½ may withdraw any of the funds they have contributed.

Participants are also eligible to make hardship withdrawals in the event of certain financial hardships. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of six months.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and in accordance with principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Advantage Management Group 401(k) Savings Plan

Notes to Financial Statements

Recently Issued Accounting Guidance

In January 2016, the Financial Accounting Standards Board ("FASB") issued ASU No. 2016-01, "Recognition and Measurement of Financial Assets and Financial Liabilities" ("ASU 2016-01"). ASU 2016-01 requires equity investments (except those accounted for under the equity method of accounting) to be measured at fair value with changes in fair value recognized in net income. However, an entity may choose to measure equity investments that do not have readily determinable fair values at cost minus impairment, if any, plus or minus changes resulting from observable price changes in orderly transactions for the identical or a similar investment of the same issuer. It also requires separate presentation of financial assets and financial liabilities by measurement category and form of financial asset on the balance sheet or the accompanying notes to the financial statements. This guidance is effective for interim and fiscal years beginning after December 15, 2017. This guidance had no material impact on the Plan's Statements of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits as of and for the year ended December 31, 2017.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair market value. Shares of mutual funds are valued at quoted market prices in an active market, which represent the value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

The change in aggregate fair value and the cost of investments purchased, sold, and held is reflected in the Statement of Changes In Net Assets Available for Benefits as net realized and unrealized appreciation (depreciation) in fair value of investments.

Payment of Benefits

Payment of benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the Administrative expenses. Investment related expenses are included in Net appreciation of fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As participant loans are repaid through payroll deduction, the amounts are allocated to the investment fund according to the participant's most recent election with respect to current contributions. Interest income on loans is recognized when earned. If a participant loan is in default, the participant shall be treated as having received a taxable deemed distribution. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Advantage Management Group 401(k) Savings Plan

Notes to Financial Statements

Subsequent Events

Effective January 2019, Rhema Therapy II, LLC was no longer a part of the Advantage Management Group 401(k) Plan.

Subsequent events have been evaluated through October 14, 2019, which is the date the financial statements were available to be issued.

3. Information Certified by Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

<i>December 31,</i>	2018	2017
Mutual funds	\$ 1,321,234	\$ 1,606,723
Cash equivalents	222,977	-

<i>Year ended December 31,</i>	2018	2017
Net (depreciation) appreciation in fair value of investments	\$ (98,455)	\$ 100,722
Interest and dividend income	24,501	65,904

4. Fair Value Measurements

As defined in accounting standards generally accepted in the United States of America, fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan uses various methods including market, income, and cost approaches. Based on these approaches, the Plan often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair value. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 - Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Advantage Management Group 401(k) Savings Plan

Notes to Financial Statements

Level 3 - Significant unobservable inputs that reflect a company's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 or 2017.

Mutual Funds - Valued at quoted market prices in an active market, which represent the net asset value of shares held by the Plan at year-end.

Cash Equivalents - The investment seeks to generate income consistent with the preservation of capital and liquidity. The investments are valued at carrying value, which approximates fair value, and are classified within Level 1 of the valuation hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31:

	Investment Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,321,234	\$ -	\$ -	\$1,321,234
Cash equivalents	222,977	-	-	222,977
Total	\$ 1,544,211	\$ -	\$ -	\$1,544,211

	Investment Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 1,606,723	\$ -	\$ -	\$1,606,723

5. Tax Status

The IRS has determined and informed the Company by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Advantage Management Group 401(k) Savings Plan

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress.

6. Related Party and Party-in-Interest Transactions

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in investments on the Statement of Changes in Net Assets Available for Benefits. The Plan paid certain expenses related to the Plan's operations to service providers and the Company pays certain Plan expenses. These transactions qualify as party-in-interest transactions. In addition, notes receivable from participants also qualify as party-in-interest transactions.

7. Risk and Uncertainties

The Plan's investments substantially consist of mutual funds composed of stocks and bonds. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and long-term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of Net Assets Available for Benefits from the financial statements to the Form 5500:

<i>December 31,</i>	2018	2017
