NOTE A - DESCRIPTION OF THE PLAN

The following description of the Tolleson Wealth Management, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan available to all eligible employees of Tolleson Wealth Management, Inc. (the "Company", "Plan Sponsor" or "Employer"). The Plan is administered by the Plan Administrator and the Plan Sponsor's Investment Committee who are responsible for, among other things, analyzing the performance of investment options under the Plan and selecting new investment options to be offered under the Plan. Charles Schwab Trust Company ("Charles Schwab") is the trustee and TRI-AD Actuaries, Inc. ("TRI-AD") is the recordkeeper of the Plan. Beginning March 1, 2014 employees are eligible to participate in the Plan on the first day of the month after attaining age 21. Prior to May 1, 2018, employees were eligible to participate for purposes of the discretionary Employer matching contributions if they had attained age 21 and completed 500 hours of service within the first 3 months of employment, or 1,000 hours of service within the first 12 months of employment. Beginning on May 1, 2018 employees are eligible to participate for purposes of the discretionary Employer matching contributions if they have attained age 21 and completed 3 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Participants may contribute up to 100% of eligible compensation, as defined by the Plan, subject to the Internal Revenue Code limitation of $18,500 for 2018. Participants who are projected to be age 50 or older by the end of the calendar year and who are making contributions to the Plan are eligible to make additional catch-up contributions of up to $6,000 for 2018. Participants may elect to make pre-tax or Roth deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The automatic deferral rate increases over time to a maximum of 6% of eligible compensation as outlined in the Summary Plan Description and Plan Document. Each year the Company may make a discretionary Employer matching contribution equal to a uniform percentage of participant's salary deferrals, with the amount determined by the Company each year. In 2018, the Company contributed 100% of the first 3% of eligible compensation that a participant contributed to the Plan.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments at least equal to the required minimum distribution amount. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and discretionary Employer matching contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions, discretionary Employer matching contributions and related earnings or losses thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate. The maximum number of Plan loans that Participants may have outstanding at any one time is 1. Principal and interest is paid ratably through monthly payroll deductions.

Plan Termination

Although it does not have the intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income (Loss) Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator and the Plan Sponsor's Investment Committee determine the Plan's valuation policies utilizing information provided by Charles Schwab. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes are treated as a taxable distribution, to the participant, based on the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2018, or 2017.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

NOTE B - SUMMARY OF ACCOUNTING POLICIES - Continued

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued, and noted no other events requiring recognition or disclosure.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Company has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab has certified that all of the following data included in the accompanying financial statements, supplemental schedule, and Note D are complete and accurate:

- Non-interest bearing cash, investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2018 and 2017.
- Net investment loss and interest on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018.

At the request of the Plan administrator, the Plan's independent certified public accountants did not perform any auditing procedures with respect to this information, except for comparing, such information to the related information included in the financial statements and supplemental schedule.

NOTE D - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Depending on the nature of the asset or liability, various techniques and assumptions can be used to estimate fair value. The definition of the fair value hierarchy is as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Inputs include the Company's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities (including assumptions about risk).

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2018 and 2017.

Mutual funds and money market funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables reflect the Plan's investments within the fair value hierarchy as of December 31, 2018 and 2017:

2018	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,468,749	$ -	$ -	$ 13,468,749
Money market funds	323,147	-	-	323,147
Total investments at fair value	$ 13,791,896	$ -	$ -	$ 13,791,896

NOTE D - FAIR VALUE MEASUREMENTS - Continued

2017	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,469,403	$ -	$ -	$ 12,469,403
Money market funds	436,759	-	-	436,759
Total investments at fair value	$ 12,906,162	$ -	$ -	$ 12,906,162

NOTE E - INCOME TAX STATUS

On March 31, 2008, the Internal Revenue Service ("IRS") stated the prototype adopted by the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. The Plan has not received an opinion letter specific to the Plan, as amended. However, the Company believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not to be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in Charles Schwab funds, from which Charles Schwab generates investment management and other revenues. Charles Schwab is the trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. In addition, certain fees are paid by the Plan Sponsor to Charles Schwab for administrative services provided to the Plan.

The Plan has notes receivable from participants, which qualify as parties-in-interest to the Plan and are exempt from prohibited transaction rules.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
