Notes to Financial Statements

December 31, 2018

(1) DESCRIPTION OF PLAN

The following description of the E&A Therapy Inc. 401(k) Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

The following entities, members of a controlled group, are participating employers in the Plan: E&A Therapy Inc., Orthopaedic & Sports Therapy dba Excel Physical Therapy and Apex Physical Therapy LLC.

General

The Plan is a defined contribution plan covering all employees of the Companies who have over three consecutive months of service with at least 250 hours of service during that period of time and have also attained age 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Total deferrals in any taxable year may not exceed a dollar limit set by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Companies may make a discretionary matching contribution each year. Additional profit-sharing amounts may be contributed at the option of the Companies' board of managers and are invested in a portfolio of investments as directed by the participant. There were no company matching or additional profit-sharing amounts contributed for 2018. Contributions are subject to certain limitations as prescribed by the Internal Revenue Service.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution, (b) plan earnings and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The "vested percentage" attributable to discretionary profit-sharing and matching contributions is determined based on years of service.

Years of service	Percentage
After 1 year	20%
After 2	40%
After 3	60%
After 4	80%
After 5	100%

Vesting in the Companies' contributions also becomes 100% at normal retirement age, upon becoming totally disabled, or upon death.

Hardship Withdrawals

Participants are generally not permitted to make in-service withdrawals from their accounts prior to the attainment of age 59½; however, the employer may authorize withdrawals from a participant's account in the event of "proven financial hardship." Hardship withdrawals are subject to specific statutory and regulatory requirements. A participant who receives a hardship withdrawal will be prohibited from making elective contributions to the Plan for a period of six months following the date of withdrawal.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. A participant may have one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Fees related to the administration of notes receivable and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Payment of Benefits

On attaining age 59½, but continuing to work, a participant may elect to receive distributions of the participant's vested interest in his or her employer elective contribution account. Upon termination of service due to death, disability or reaching the age of 70½, a participant will receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or from an optional annuity plan.

If an employee stops working for the Companies with a vested benefit of \$5,000 or less, his/her benefits will automatically be paid to them.

Forfeited Accounts

At December 31, 2017 forfeited non-vested accounts totaled \$6,270. There was no balance at December 31, 2018. Forfeitures can be used to reduce future employer contributions or pay plan expenses. During 2018, \$6,454 of forfeitures were used to pay plan expenses.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Participant Notes Receivable

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events

Management of the Plan has evaluated subsequent events through October 9, 2019, the date on which the financial statements were available to be issued.

(3) INFORMATION CERTIFIED BY THE PLAN CUSTODIAN (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments, dividends and interest income on notes receivable from participants for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Life Insurance Company (Plan custodian).

As of December 31, 2018 and 2017, assets certified by the Plan custodian are as follows:

(4) FAIR VALUE MEASUREMENTS

Accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value.

The hierarchy gives priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Inputs to the valuation methodology include
- Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

Pooled separate accounts: Value based on the NAV of units in each account held by the Plan at year end. The NAV, as provided by the custodian is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the account less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value as of December 31, 2018 and 2017.

(4) CONTINUED

- (a) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

(5) INVESTMENT IN STABLE VALUE FUND

As of November 2016, the Plan includes an investment option in Reliance Trust Company Metlife Stable Value Fund 25053 Class 0 ("RTCM") which is a collective investment trust for which Transamerica serves as a trustee and investment manager. The fund invests in guaranteed investment contracts issued by a life insurance company that invests in short-term high quality fixed income investments. The objective of the fund is to preserve principal while generating earnings at rates competitive over time. The average yield on investment contracts was 2.91% and 2.63% for 2018 and 2017, respectively. The weighted average-crediting rate on investment contracts was 2.95% and 2.59% at December 31, 2018 and 2017, respectively.

Market value events may limit the ability of the RTCM to transact at contract value with the issuer. Such events include, but are not limited to: plan termination, mergers, spin-offs, early retirement incentive program, termination or partial termination of the fund, and sales or closing of the Companies' operations. In the normal course of business, such events or conditions would not limit the ability of the RTCM to transact at contract value with the participants in the fund. The RTCM was managed to maintain a certain amount of liquidity to provide for the liquidity needs of participants as well as occasional market value events.

(6) PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and guaranteed investment contracts managed by Transamerica Financial Life Insurance Company, the recordkeeper and custodian of the Plan; therefore, any transaction with Transamerica Financial Life Insurance Company constitute party-in-interest transactions.

E&A THERAPY INC.
401(K) PLAN

Notes to Financial Statements

December 31, 2018

(7) PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their accounts.

(8) TAX STATUS

The Internal Revenue Service has determined and informed Transamerica Retirement Solutions as the sponsor of the volume submitter plan document, in a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2018, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2015.

(9) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(10) DELINQUENT PARTICIPANT CONTRIBUTIONS

Certain participant contributions and loan repayments were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company during the 2018 Plan year. Late remittances amounted to \$24,072 for the year ended December 31, 2018.

The Company is in the process of filing Form 5330 with the Internal Revenue Service and will pay an excise tax related to the nonexempt party-in-interest transactions. For the 2018 contributions not remitted timely, the Company will also calculate and remit to the Plan an amount representing the earnings that the contributions would have earned if they had been deposited timely.

(11) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017 to Form 5500:
