A. DESCRIPTION OF THE PLAN:

The following description of the Utility Pipeline, Ltd 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - Utility Pipeline, Ltd 401(k) Profit Sharing Plan is a defined contribution plan covering all employees of Utility Pipeline, Ltd and subsidiaries (the "Company" or "Plan Sponsor") who have attained the age of 21 and have completed 1 year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company is the Plan's administrator and has appointed Reliance Trust Company (the "Trustee") as the trustee of the Plan.

Contributions - Each eligible participant is permitted to make pre-tax or post-tax ("Roth") elective deferrals of up to a maximum of 86% of their compensation, as defined by the Plan, up to the maximum amount permitted by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company elected to adopt the safe harbor addendum for the Plan year ended December 31, 2018. The Company matched 100% of the participants' voluntary contributions for the first 5% of compensation, which resulted in matching contributions of $234,510 for the year ended December 31, 2018. The Company may also make discretionary profit sharing contributions. There were no discretionary profit sharing contributions made for the year ended December 31, 2018.

Participants direct the investment of all contributions into certain individual investment options offered by the Plan. All contributions are limited to the maximum allowed under the Internal Revenue Code ("IRC").

Participant Accounts - Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments of the Plan are fully participant-directed.

Notes Receivable from Participants - Participants are permitted to borrow from their vested interest of their individual account a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Note terms range from 1-5 years or longer for the purchase of a primary residence. The notes are secured by the participant's vested account balance and are considered a directed investment from their account under the Plan. Interest rates for participant notes are from 3.25% to 9.00%. These notes are generally payable in equal installments of principal and interest through payroll deductions according to the terms of each promissory note.

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF THE PLAN (CONTINUED):

Payment of Benefits - Upon termination of employment due to death, disability, or retirement, a participant having a balance of more than $5,000 may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, payments over a period certain in monthly, quarterly, semi-annual, or annual cash installments, or purchase of or providing an annuity. A participant having a vested account balance less than $5,000 will receive a lump-sum distribution regardless of whether they consent to receive it.

Non-terminated employees may make withdrawals of a minimum of $500 up to 100% of their vested account balances as a hardship withdrawal prior to reaching normal retirement age. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement.

Non-terminated employees who have reached age 59 ½ may make withdrawals of a minimum of $500 up to 100% of their vested account balances as an in-service distribution.

Vesting - Participants are immediately vested in all contributions plus earnings thereon.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Reporting - The Plan's financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make note repayments and the plan administrator considers the participant note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan agreement.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Company and therefore excluded from these financial statements. Certain investment management and other fees are paid directly by the Plan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Fees for administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Subsequent Events - The Company has evaluated subsequent events through October 10, 2019, which is the date the financial statements were available to be issued.

C. INFORMATION PROVIDED BY THE TRUSTEE:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

D. FAIR VALUE MEASUREMENTS:

The authoritative accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative accounting guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs include quoted prices for similar assets or liabilities in active markets or for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 or 2017.

D. FAIR VALUE MEASUREMENTS (CONTINUED):

Registered investment companies - Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/collective trust - Valued at the daily NAV of units of a collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Fair Value Measurements at December 31, 2018:

	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Registered investment companies	$ 5,723,256	$ -	$ -	$ 5,723,256
Investments measured at net asset value:				
Common/collective trust				118,198
Total investments at fair value				$ 5,841,454

Fair Value Measurements at December 31, 2017:

	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Registered investment companies	$ 5,778,155	$ -	$ -	$ 5,778,155
Total investments at fair value				$ 5,778,155

D. FAIR VALUE MEASUREMENTS (CONTINUED):

The following table sets forth additional disclosures of the Plan's investment whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2018. The Plan did not hold investments whose fair value using NAV per share (or its equivalent) as of December 31, 2017.

December 31, 2018:	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trust*	$ 118,198	$ -	Daily	1 day

***** Investment strategy for these investments, valued using NAV per share, is not being presented since it is a fund that files a form 5500 as a direct filing entity ("DFE").

E. INCOME TAX STATUS:

The Plan has adopted a non-standardized, prototype plan document sponsored by ADP, Inc. The prototype plan obtained a determination letter dated July 16, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter, however the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

F. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

G. TRANSACTIONS WITH PARTIES-IN-INTEREST:

Reliance Trust Company is the trustee of the Plan and holds all of the Plan's investments. Reliance Trust Company is a party-in-interest of the Plan as defined by ERISA Section 3(14), and accordingly investment transactions in the funds are parties-in-interest transactions. Certain administrative expenses including legal and accounting fees relating to the maintenance of participant eligibility records are absorbed by the Company. Other than described above or pursuant to a trust agreement, the Plan has no agreements or transactions with any parties-in-interest.

NOTES TO FINANCIAL STATEMENTS

H. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
