Independent Auditor's Report

To the Trustees of
M.P.G. Pipeline Contractors, LLC 401(k) Plan
Houston, Texas

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of M.P.G. Pipeline Contractors, LLC 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by American United Life Insurance Company (AUL), the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule of assets (held at end of year) as of December 31, 2018 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act 1974.

Note 1. Description of Plan

General

M.P.G. Pipeline Contractors, LLC 401(k) Plan (the Plan) was established January 1, 2008 and restated effective January 1, 2014. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Significant provisions of the Plan are indicated below; however, participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Eligibility

The Plan is a defined contribution plan, covering all full-time employees of M.P.G Pipeline Contractors, LLC (the Company) who have attained a minimum age of 21. Participants may commence participation on the first day of each calendar quarter: January 1, April 1, July 1, and October 1.

Contributions

Each year, participants may elect to contribute up to the maximum allowed by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes a safe harbor match of 100% of each participant's elective contributions not exceeding 4% of the participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution and an allocation of the Company's contribution, plan earnings and losses, and administrative expenses for investment management fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options

Participants must direct their salary-deferral contributions and matching and discretionary contributions to selected investment options as made available and offered by the Plan Administrator. Participants may change their investment options any time throughout the year.

Notes Receivable from Participants

Effective January 1, 2015, participants may borrow up to 50% of their vested account balance. The loans are secured by the balance in the participant's vested account and bear an interest rate of 4.25%. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The safe harbor match contributed by the Company is immediately vested.

Note 1. Description of Plan (Continued)

Benefit Payments

Benefits are recorded when paid. On termination of service due to death, disability, or retirement, a participant (or his or her beneficiary) may elect to receive either a lump-sum amount equal to the value of his or her vested interest in their account, or receive annual installments over a number of years. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution only. A participant may withdraw all or a portion of his or her contributions in the event of severe hardship or on or after age 59½.

Administration

The Plan Administrator has contracted American United Life Insurance Company (AUL) to manage the Plan and perform all record keeping functions. AUL is also the custodian of the Plan's assets. The participants pay investment manager fees and fees associated with individual transactions. The Company pays all remaining administrative expenses. In the event the Company chooses not to pay these expenses, they would be paid by the Plan and allocated to the participants' accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the Plan Document.

Benefit Payments

Benefits are recorded when paid.

Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Tax Status

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by a plan in its tax returns that might be uncertain. The Plan Administrator believes that it has appropriate support for any tax positions taken and, as such, does not have any uncertain tax positions that are material to the financial statements.

Administrative Expenses

The Plan's administrative expenses may be paid either by the Plan, through the use of forfeitures, or by the Company, as defined in the Plan Document. For the year ended December 31, 2018, administrative expenses totaled $396.

Note 3. Information Certified by American United Life Insurance Company (AUL)

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared from information provided by the custodian and furnished to the Plan Administrator.

The Plan Administrator has obtained certifications that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2018	2017
Investments, at Fair Value		
Pooled Separate Account	**$ 8,192,218**	$ 6,876,715
Investments, at Contract Value		
Insurance Company General Account	**$ 256,734**	$ 221,147
Notes Receivable from Participants	**$ 174,001**	$ 63,292

The custodian also certified to the completeness and accuracy of $562,333 of net depreciation in fair value of investments, $2,093 of interest and dividends, and $7,306 of interest income on notes receivable from participants for the year ended December 31, 2018.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Note 4. Fair Value Measurements (Continued)

Level 2 Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodology used for assets measured at fair value:

Pooled Separate Accounts: Valued at the accumulation unit value of the units held by the Plan at year-end. The accumulation unit value represents the net asset value (NAV) of each underlying fund adjusted by daily mortality and expense risk and administrative charges as determined by the custodian.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

December 31, 2018	**Level 1**	**Level 2**	**Level 3**	**Total**
Investments Measured at NAV (a)	**$ -**	**$ -**	**$ -**	**$ 8,192,218**
Total Investments, at Fair Value	**$ -**	**$ -**	**$ -**	**$ 8,192,218**

December 31, 2017	Level 1	Level 2	Level 3	Total
Investments Measured at NAV (a)	$ -	$ -	$ -	$ 6,876,715
Total Investments, at Fair Value	$ -	$ -	$ -	$ 6,876,715

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy of the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

Investments Measured Using NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments.

The unit value of each separate account will be the market value of the separate account less the investment management fee divided by the number of units. The unit value may decrease, increase, or remain the same.

(a) This category primarily holds funds that are deemed to be undervalued in price and that are likely to pay dividends.

(b) This category focuses on the growth of an investor's capital. Typically, it invests in growth stocks or companies whose earnings are expected to grow at an above-average rate compared to its industry or the overall market.

(c) The blend style is assigned to portfolios where neither growth nor value characteristics predominate. These portfolios are fairly representative of the overall U.S. stock market in size, growth rates, and price and invest in U.S. stocks of various sizes and styles.

Note 4. Fair Value Measurements (Continued)

Investments Measured Using NAV per Share Practical Expedient (Continued)

(d) This category automatically resets the asset mix of stocks, bonds, and cash equivalents in its portfolio according to a selected time frame that is appropriate for a particular investor.

(e) Used for funds that seek income by diversifying its assets among several fixed-income sectors, usually U.S. government obligations, foreign bonds, and high-yield domestic debt securities.

(f) A fund that focuses on corporate, government, foreign, or other issues with an average duration of greater than or equal to 3.5 years but less than or equal to 6 years, or an average effective maturity of more than 4 years but less than 10 years.

Note 5. Fully Benefit-Responsive Investment Contract

The Plan holds an investment contract that meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The investment contract held by the Plan is a guaranteed investment contract of which contributions are maintained in a general account. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on completing investment options; and

Note 5. Fully Benefit-Responsive Investment Contract (Continued)

5. Bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures, or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; and
4. A material amendment to the agreements without the consent of the issuer.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by AUL, the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 7. Subsequent Events

The Plan has evaluated subsequent events through the date that the financial statements were available to be issued, September 24, 2019, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
