NOTES TO FINANCIAL STATEMENTS

SCHWEBEL BAKING COMPANY 401(k) PLAN

December 31, 2018 and 2017

NOTE A - DESCRIPTION OF PLAN

The following description of Schwebel Baking Company 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General:

The Plan is a defined contribution pension plan covering substantially all employees of the Schwebel Baking Company who: 1) are not covered by collective bargaining agreements and have completed 1,000 hours of service and 2) are represented by certain local unions regardless of length of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may make voluntary contributions from 2% to 15% of their annual base pay, as defined in the Plan agreement. The maximum voluntary contribution was \$18,500 in 2018 and \$18,000 in 2017, plus an additional \$6,000 contribution in 2018 and 2017, for those employees that are age 50 and older. Depending on the division a participant is employed under, a Company matching contribution may be made up to 6% of compensation. Additional profit sharing amounts may be contributed at the option of the Plan's board of directors and are invested in a portfolio of investments as directed by the participants. Contributions are subject to certain limitations.

Participants' voluntary contributions and employer's matching contributions are designated under a qualified deferred arrangement as allowed by Sections 401(k) and 401(m) of the Internal Revenue Code.

Participants' Accounts:

Each participant's account is credited with their voluntary contribution and employer's matching contribution and an allocation of the Plan's net earnings as defined by the Plan.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in the employer's matching contribution and actual earnings thereon after six years of service.

Notes Receivable From Participants:

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through weekly or bi-weekly payroll deductions. A participant is allowed a maximum of one outstanding loan.

Payment of Benefits:

On termination of service, a participant is entitled to receive a lump-sum amount equal to the value of his or her vested accounts.

December 31, 2018 and 2017

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Forfeitures:

Upon termination of a participant, the employer's matching contribution to which the participant is not vested is segregated into a separate account until the participant incurs a five year break in service upon which time such nonvested amount will be forfeited and may be used by the employer to reduce future matching contributions. Forfeitures totaled \$45,559 at December 31, 2018 and \$130,477 at December 31, 2017. Also, in 2018 and 2017, employer contributions were reduced by \$298,124 and \$125,669 from forfeited nonvested accounts, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition:

Plan investments are stated at estimated fair values. Estimated fair values of pooled separate accounts and the fixed income fund have been determined based on the fair values of the funds. Mutual funds are stated at fair value based on quoted market prices. At December 31, 2018, Prudential Retirement and Annuity Company is the Trustee and custodian of the Plan. Investments contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

SCHWEBEL BAKING COMPANY 401(k) PLAN

December 31, 2018 and 2017

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits:

Benefits are recorded when paid.

Subsequent Events:

Management evaluated all activity of the Plan through October 4, 2019, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The trustee, Prudential Retirement Insurance and Annuity Company (Prudential), has certified to the plan administrator that the annual account provided by the trustee, including the list of investments at fair value and contract value, notes receivable from participants, and investment income, as of and for the years ended December 31, 2018 and 2017, are complete and accurate.

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820 requires the Plan to classify its assets and liabilities based on valuation methods using three levels. Level 1 inputs are based on quoted prices in active markets for identical investments. Level 2 inputs are based on significant observable market inputs, such as quoted prices for similar investments and quoted prices in inactive markets. Level 3 inputs are based on significant unobservable inputs that reflect the Plan's determination of assumptions that market participants might reasonably use in valuing the investments. The valuation levels are not necessarily an indication of risk or liquidity associated with the underlying investments.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of shares held by the Plan at year end.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

SCHWEBEL BAKING COMPANY 401(k) PLAN

December 31, 2018 and 2017

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a synthetic investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The Plan holds a synthetic investment contract.

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below 1.50%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

SCHWEBEL BAKING COMPANY 401(k) PLAN

December 31, 2018 and 2017

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured breach of the Plan's investment guidelines
2. A violation of a material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE F - RELATED PARTY TRANSACTIONS

Certain investments of the Plan are managed by Prudential Retirement Insurance and Annuity Company. Prudential is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. During 2018 and 2017, Schwebel Baking Company made contributions to the Plan totaling \$130,523 and \$93,360, respectively, to cover certain plan administrative expenses.

NOTE G - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their individual account balances.

NOTE H - FEDERAL INCOME TAXES

In a letter dated November 3, 2003, the Internal Revenue Service has informed the Plan that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

SCHWEBEL BAKING COMPANY 401(k) PLAN

December 31, 2018 and 2017

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets are invested in funds managed by Prudential Retirement Insurance and Annuity Company. Prudential is the third party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Recordkeeping, custodial and other expenses paid by the Plan were incurred with parties-in-interest as defined in Section 3(14) of ERISA.

Independent Auditor's Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Schwebel Baking Company 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note C, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

NOTES TO FINANCIAL STATEMENTS

SCHWEBEL BAKING COMPANY 401(k) PLAN

December 31, 2018 and 2017

NOTE A - DESCRIPTION OF PLAN

The following description of Schwebel Baking Company 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General:

The Plan is a defined contribution pension plan covering substantially all employees of the Schwebel Baking Company who: 1) are not covered by collective bargaining agreements and have completed 1,000 hours of service and 2) are represented by certain local unions regardless of length of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may make voluntary contributions from 2% to 15% of their annual base pay, as defined in the Plan agreement. The maximum voluntary contribution was \$18,500 in 2018 and \$18,000 in 2017, plus an additional \$6,000 contribution in 2018 and 2017, for those employees that are age 50 and older. Depending on the division a participant is employed under, a Company matching contribution may be made up to 6% of compensation. Additional profit sharing amounts may be contributed at the option of the Plan's board of directors and are invested in a portfolio of investments as directed by the participants. Contributions are subject to certain limitations.

Participants' voluntary contributions and employer's matching contributions are designated under a qualified deferred arrangement as allowed by Sections 401(k) and 401(m) of the Internal Revenue Code.

Participants' Accounts:

Each participant's account is credited with their voluntary contribution and employer's matching contribution and an allocation of the Plan's net earnings as defined by the Plan.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in the employer's matching contribution and actual earnings thereon after six years of service.

Notes Receivable From Participants:

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through weekly or bi-weekly payroll deductions. A participant is allowed a maximum of one outstanding loan.

Payment of Benefits:

On termination of service, a participant is entitled to receive a lump-sum amount equal to the value of his or her vested accounts.

SCHWEBEL BAKING COMPANY 401(k) PLAN

December 31, 2018 and 2017

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Forfeitures:

Upon termination of a participant, the employer's matching contribution to which the participant is not vested is segregated into a separate account until the participant incurs a five year break in service upon which time such nonvested amount will be forfeited and may be used by the employer to reduce future matching contributions. Forfeitures totaled \$45,559 at December 31, 2018 and \$130,477 at December 31, 2017. Also, in 2018 and 2017, employer contributions were reduced by \$298,124 and \$125,669 from forfeited nonvested accounts, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition:

Plan investments are stated at estimated fair values. Estimated fair values of pooled separate accounts and the fixed income fund have been determined based on the fair values of the funds. Mutual funds are stated at fair value based on quoted market prices. At December 31, 2018, Prudential Retirement and Annuity Company is the Trustee and custodian of the Plan. Investments contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

SCHWEBEL BAKING COMPANY 401(k) PLAN

December 31, 2018 and 2017

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits:

Benefits are recorded when paid.

Subsequent Events:

Management evaluated all activity of the Plan through October 4, 2019, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The trustee, Prudential Retirement Insurance and Annuity Company (Prudential), has certified to the plan administrator that the annual account provided by the trustee, including the list of investments at fair value and contract value, notes receivable from participants, and investment income, as of and for the years ended December 31, 2018 and 2017, are complete and accurate.

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820 requires the Plan to classify its assets and liabilities based on valuation methods using three levels. Level 1 inputs are based on quoted prices in active markets for identical investments. Level 2 inputs are based on significant observable market inputs, such as quoted prices for similar investments and quoted prices in inactive markets. Level 3 inputs are based on significant unobservable inputs that reflect the Plan's determination of assumptions that market participants might reasonably use in valuing the investments. The valuation levels are not necessarily an indication of risk or liquidity associated with the underlying investments.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of shares held by the Plan at year end.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

SCHWEBEL BAKING COMPANY 401(k) PLAN

December 31, 2018 and 2017

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a synthetic investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The Plan holds a synthetic investment contract.

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below 1.50%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

SCHWEBEL BAKING COMPANY 401(k) PLAN

December 31, 2018 and 2017

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured breach of the Plan's investment guidelines
2. A violation of a material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE F - RELATED PARTY TRANSACTIONS

Certain investments of the Plan are managed by Prudential Retirement Insurance and Annuity Company. Prudential is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. During 2018 and 2017, Schwebel Baking Company made contributions to the Plan totaling \$130,523 and \$93,360, respectively, to cover certain plan administrative expenses.

NOTE G - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their individual account balances.

NOTE H - FEDERAL INCOME TAXES

In a letter dated November 3, 2003, the Internal Revenue Service has informed the Plan that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

SCHWEBEL BAKING COMPANY 401(k) PLAN

December 31, 2018 and 2017

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets are invested in funds managed by Prudential Retirement Insurance and Annuity Company. Prudential is the third party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Recordkeeping, custodial and other expenses paid by the Plan were incurred with parties-in-interest as defined in Section 3(14) of ERISA.

The following description of Schwebel Baking Company 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General:

The Plan is a defined contribution pension plan covering substantially all employees of the Schwebel Baking Company who: 1) are not covered by collective bargaining agreements and have completed 1,000 hours of service and 2) are represented by certain local unions regardless of length of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may make voluntary contributions from 2% to 15% of their annual base pay, as defined in the Plan agreement. The maximum voluntary contribution was \$18,500 in 2018 and \$18,000 in 2017, plus an additional \$6,000 contribution in 2018 and 2017, for those employees that are age 50 and older. Depending on the division a participant is employed under, a Company matching contribution may be made up to 6% of compensation. Additional profit sharing amounts may be contributed at the option of the Plan's board of directors and are invested in a portfolio of investments as directed by the participants. Contributions are subject to certain limitations.

Participants' voluntary contributions and employer's matching contributions are designated under a qualified deferred arrangement as allowed by Sections 401(k) and 401(m) of the Internal Revenue Code.

Participants' Accounts:

Each participant's account is credited with their voluntary contribution and employer's matching contribution and an allocation of the Plan's net earnings as defined by the Plan.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in the employer's matching contribution and actual earnings thereon after six years of service.

Notes Receivable From Participants:

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through weekly or bi-weekly payroll deductions. A participant is allowed a maximum of one outstanding loan.

Payment of Benefits:

On termination of service, a participant is entitled to receive a lump-sum amount equal to the value of his or her vested accounts.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Forfeitures:

Upon termination of a participant, the employer's matching contribution to which the participant is not vested is segregated into a separate account until the participant incurs a five year break in service upon which time such nonvested amount will be forfeited and may be used by the employer to reduce future matching contributions. Forfeitures totaled \$45,559 at December 31, 2018 and \$130,477 at December 31, 2017. Also, in 2018 and 2017, employer contributions were reduced by \$298,124 and \$125,669 from forfeited nonvested accounts, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition:

Plan investments are stated at estimated fair values. Estimated fair values of pooled separate accounts and the fixed income fund have been determined based on the fair values of the funds. Mutual funds are stated at fair value based on quoted market prices. At December 31, 2018, Prudential Retirement and Annuity Company is the Trustee and custodian of the Plan. Investments contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits:

Benefits are recorded when paid.

Subsequent Events:

Management evaluated all activity of the Plan through October 4, 2019, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The trustee, Prudential Retirement Insurance and Annuity Company (Prudential), has certified to the plan administrator that the annual account provided by the trustee, including the list of investments at fair value and contract value, notes receivable from participants, and investment income, as of and for the years ended December 31, 2018 and 2017, are complete and accurate.

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820 requires the Plan to classify its assets and liabilities based on valuation methods using three levels. Level 1 inputs are based on quoted prices in active markets for identical investments. Level 2 inputs are based on significant observable market inputs, such as quoted prices for similar investments and quoted prices in inactive markets. Level 3 inputs are based on significant unobservable inputs that reflect the Plan's determination of assumptions that market participants might reasonably use in valuing the investments. The valuation levels are not necessarily an indication of risk or liquidity associated with the underlying investments.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of shares held by the Plan at year end.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

SCHWEBEL BAKING COMPANY 401(k) PLAN

December 31, 2018 and 2017

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a synthetic investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The Plan holds a synthetic investment contract.

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below 1.50%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

December 31, 2018 and 2017

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured breach of the Plan's investment guidelines
2. A violation of a material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE F - RELATED PARTY TRANSACTIONS

Certain investments of the Plan are managed by Prudential Retirement Insurance and Annuity Company. Prudential is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. During 2018 and 2017, Schwebel Baking Company made contributions to the Plan totaling \$130,523 and \$93,360, respectively, to cover certain plan administrative expenses.

NOTE G - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their individual account balances.

NOTE H - FEDERAL INCOME TAXES

In a letter dated November 3, 2003, the Internal Revenue Service has informed the Plan that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets are invested in funds managed by Prudential Retirement Insurance and Annuity Company. Prudential is the third party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Recordkeeping, custodial and other expenses paid by the Plan were incurred with parties-in-interest as defined in Section 3(14) of ERISA.

NOTE A - DESCRIPTION OF PLAN

The following description of Schwebel Baking Company 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General:

The Plan is a defined contribution pension plan covering substantially all employees of the Schwebel Baking Company who: 1) are not covered by collective bargaining agreements and have completed 1,000 hours of service and 2) are represented by certain local unions regardless of length of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may make voluntary contributions from 2% to 15% of their annual base pay, as defined in the Plan agreement. The maximum voluntary contribution was \$18,500 in 2018 and \$18,000 in 2017, plus an additional \$6,000 contribution in 2018 and 2017, for those employees that are age 50 and older. Depending on the division a participant is employed under, a Company matching contribution may be made up to 6% of compensation. Additional profit sharing amounts may be contributed at the option of the Plan's board of directors and are invested in a portfolio of investments as directed by the participants. Contributions are subject to certain limitations.

Participants' voluntary contributions and employer's matching contributions are designated under a qualified deferred arrangement as allowed by Sections 401(k) and 401(m) of the Internal Revenue Code.

Participants' Accounts:

Each participant's account is credited with their voluntary contribution and employer's matching contribution and an allocation of the Plan's net earnings as defined by the Plan.

Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. SCHWEBEL BAKING COMPANY 401(k) PLAN

December 31, 2018 and 2017

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Forfeitures:

Upon termination of a participant, the employer's matching contribution to which the participant is not vested is segregated into a separate account until the participant incurs a five year break in service upon which time such nonvested amount will be forfeited and may be used by the employer to reduce future matching contributions. Forfeitures totaled \$45,559 at December 31, 2018 and \$130,477 at December 31, 2017. Also, in 2018 and 2017, employer contributions were reduced by \$298,124 and \$125,669 from forfeited nonvested accounts, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition:

Plan investments are stated at estimated fair values. Estimated fair values of pooled separate accounts and the fixed income fund have been determined based on the fair values of the funds. Mutual funds are stated at fair value based on quoted market prices. At December 31, 2018, Prudential Retirement and Annuity Company is the Trustee and custodian of the Plan. Investments contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events:

Management evaluated all activity of the Plan through October 4, 2019, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The trustee, Prudential Retirement Insurance and Annuity Company (Prudential), has certified to the plan administrator that the annual account provided by the trustee, including the list of investments at fair value and contract value, notes receivable from participants, and investment income, as of and for the years ended December 31, 2018 and 2017, are complete and accurate.

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820 requires the Plan to classify its assets and liabilities based on valuation methods using three levels. Level 1 inputs are based on quoted prices in active markets for identical investments. Level 2 inputs are based on significant observable market inputs, such as quoted prices for similar investments and quoted prices in inactive markets. Level 3 inputs are based on significant unobservable inputs that reflect the Plan's determination of assumptions that market participants might reasonably use in valuing the investments. The valuation levels are not necessarily an indication of risk or liquidity associated with the underlying investments.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of shares held by the Plan at year end.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

SCHWEBEL BAKING COMPANY 401(k) PLAN

December 31, 2018 and 2017

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a synthetic investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The Plan holds a synthetic investment contract.

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below 1.50%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured breach of the Plan's investment guidelines
2. A violation of a material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE F - RELATED PARTY TRANSACTIONS

Certain investments of the Plan are managed by Prudential Retirement Insurance and Annuity Company. Prudential is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. NOTE G - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their individual account balances.

NOTE H - FEDERAL INCOME TAXES

In a letter dated November 3, 2003, the Internal Revenue Service has informed the Plan that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
