Superior Electrical, Mechanical & Plumbing, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2018 and 2017

Note 1. Description of Plan

The following description of the Superior Electrical, Mechanical & Plumbing, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement, as amended, for more complete descriptions of Plan provisions.

General

The Plan is a participant-directed, defined contribution Plan covering all employees of Superior Electrical, Mechanical & Plumbing, Inc., and affiliates ("the Company"). The Plan allows for enrollment upon date of hire. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company is the Plan's sponsor and serves as Plan administrator. The Plan is also intended to be a 404(c) Plan, whereby the responsibility for assuming that the participants account is invested appropriately, rest with the participants, and not with the fiduciaries.

Contributions

Participation in the Plan is voluntary. Participants may elect to contribute up to the maximum allowable under current Internal Revenue Service limits to the Plan each year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution Plans. The Company may match a portion of each participant's contributions as determined annually by the board of trustees over the plan. The employer will make contributions to the Plan for services performed during the Plan year by prevailing wage employees under the prevailing wage law. The contributions for each prevailing wage employee will be based on the hourly contribution rate required under the applicable prevailing wage law for each such employee's employment classification for each construction project at which prevailing wage law services are performed by each such employee.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance, limited to a maximum of two loans at any one time. The loans are secured by the vested balance in the participant's account and bear interest rates from 3.5% to 10.0%. Principal and interest are paid ratably through regular payroll deductions over a period not to exceed five years, unless it is for the acquisition of a primary residence.

Note 1. Description of Plan, Continued

Vesting

Participants are fully vested in their salary deferrals plus actual earnings thereon. Participants are immediately vested in all prevailing wage contributions credited to their account. Employer matching and profit sharing contributions plus actual earnings vest as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance. Benefits are recorded when paid. In 2018 and 2017, benefit payments amounted to $44,600 and $102,467, respectively.

Forfeitures

Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. Forfeitures attributable to other than employer matching contributions and non-elective contributions may be used to reduce, at the discretion of the Plan Administrator, either the discretionary matching contribution that satisfies the "ACP test safe harbor" provisions, or any combination thereof, for the current Plan year or a future Plan year without affecting the Plan's top-heavy exemption. At December 31, 2018 forfeited nonvested accounts balance is $0.

Note 2. Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value (see Note 4). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets, or liabilities.

Level 2: Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date.

Investments are stated at fair value. Shares of mutual funds are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted market price in an active market and is classified within Level 1 of the valuation hierarchy. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies, Continued

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Plan Termination

Although it has not expressed any intent to do so, and notwithstanding any other provision of the Plan to the contrary, upon the date of either full or partial termination of the Plan, or, if applicable, upon the date of complete discontinuance of profit sharing Plan contributions to the Plan, an affected participant's right to his accrued benefit shall be 100 percent vested.

Plan Expenses

The Plan's major expenses, operating and investment, including plan audit fees are absorbed by the Plan sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Date of Management's Review

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 9, 2019, the date the financial statements were available to be issued.

Note 3. Party in Interest Transactions

Certain Plan investments are mutual funds managed by Mutual of Omaha. Mutual of Omaha is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the administrative services amounted to $1,950 and $1,225 for the year ended December 31, 2018 and 2017, respectively.

The Plan employed HintonBurdick, PLLC for the annual audits of the Plan's financial statements. These auditing services qualify Hinton Burdick, PLLC as a party-in-interest. As mentioned in Note 2, plan audit fees are paid by the Plan sponsor.

Note 6. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, the Plan and related trusts are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31:

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Subsequent Events

Forfeitures

Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. Forfeitures attributable to other than employer matching contributions and non-elective contributions may be used to reduce, at the discretion of the Plan Administrator, either the discretionary matching contribution that satisfies the "ACP test safe harbor" provisions, or any combination thereof, for the current Plan year or a future Plan year without affecting the Plan's top-heavy exemption. At December 31, 2018 forfeited nonvested accounts balance is $0.

Note 2. Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value (see Note 4). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets, or liabilities.

Level 2: Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date.

Investments are stated at fair value. Shares of mutual funds are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted market price in an active market and is classified within Level 1 of the valuation hierarchy. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies, Continued

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Plan Termination

Although it has not expressed any intent to do so, and notwithstanding any other provision of the Plan to the contrary, upon the date of either full or partial termination of the Plan, or, if applicable, upon the date of complete discontinuance of profit sharing Plan contributions to the Plan, an affected participant's right to his accrued benefit shall be 100 percent vested.

Plan Expenses

The Plan's major expenses, operating and investment, including plan audit fees are absorbed by the Plan sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Date of Management's Review

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 9, 2019, the date the financial statements were available to be issued.

Note 3. Party in Interest Transactions

Certain Plan investments are mutual funds managed by Mutual of Omaha. Mutual of Omaha is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the administrative services amounted to $1,950 and $1,225 for the year ended December 31, 2018 and 2017, respectively.

The Plan employed HintonBurdick, PLLC for the annual audits of the Plan's financial statements. These auditing services qualify Hinton Burdick, PLLC as a party-in-interest. As mentioned in Note 2, plan audit fees are paid by the Plan sponsor.

Note 6. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, the Plan and related trusts are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Fidelity Bond

The Plan continues to have a Fidelity Bond in place for employees who handle Plan assets as required by Department of Labor and ERISA statutes.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Subsequent Events

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 9, 2019, the date the financial statements were available to be issued and noted no events considered significant to the plan.
